Life Is Too Short to Be Ordinary Jeanne H. Chambers,1996-11 Ho hum. Ho hum. It's off to work I run. If that sounds like a tune you sometimes hum, this book is for you! You'll giggle, ponder, create, and cheer as you: Rekindle your spirit of adventure, learn to be your own fairy godparent, making the most of resources you already have and opportunities that come your way, make sure it's golden on those rare occasions when you do lay an egg, wake up singing every day (well, almost every day!), get out of your own way, gain the confidence needed to design and live the life you want, nix negativity, bring life to the most boring part of your job, erase stress and clutter from your life and surroundings, shift from drudgery to delight, mundane to meaningful, stale to special.

TwentySomeone Craig Dunham, Doug Serven, 2010-05-19 Live Strategically The decade of your twenties is full of important, stressful, maddening questions: What will I do? Who will I love? Where will I live? But maybe there's a bigger question: Who am I? The fact is, the period of time between your teens and thirties will shape a lot of your character, your calling, and your view of the world. Authors Craig Dunham and Doug Serven (recent graduates of their twenties) explain that

the difference between a twentysomething and TwentySomeone has to do with the questions we ask. Instead of asking, “What will I do?” twentysomeones need to ask “Who am I?”—the real question of the twenties. Full of personal experience and practical wisdom, TwentySomeone helps you make the most of your twenties while giving you the skills to handle common life experiences like singlehood, first jobs, getting married, having kids, and buying stuff. This is a guidebook that will help you discover who God is calling you to be.

Reading Still Matters Catherine Sheldrick Ross, Lynne (E.F.) McKechnie, Paulette M. Rothbauer, 2018-03-01 Drawing on scholarly research findings, this book presents a cogent case that librarians can use to work towards prioritization of reading in libraries and in schools. Reading is more important than it has ever been—recent research on reading, such as PEW reports and Scholastic's Kids and Family Reading Report, proves that fact. This new edition of *Reading Matters* provides powerful evidence that can be used to justify the establishment, maintenance, and growth of pleasure reading collections, both fiction and nonfiction, and of readers' advisory services. The authors assert that reading should be woven into the majority of library activities: reference, collection building, provision of leisure materials, readers' advisory services, storytelling and story time programs, adult literacy programs, and more. This edition also addresses emergent areas of interest, such as e-reading, e-writing, and e-publishing; multiple literacies; visual texts; the ascendancy of young adult fiction; and fan fiction. A new chapter addresses special communities of YA readers. The book will help library administrators and personnel convey the importance of reading to grant-funding agencies, stakeholders, and the public at large. LIS faculty who wish to establish and maintain courses in readers' advisory will find it of particular interest.
