*Rebound* Michael Hinds, Stephen Matterson, 2004 This pioneering collection of new essays challenges established modes of reading American lyric poetry, by orientating interpretation so that it incorporates an awareness of the book context in which individual poems are embedded. These essays critically explore individual books by Walt Whitman, Wallace Stevens, Robert Frost, Ezra Pound, Hart Crane, William Carlos Williams, Randall Jarrell, Robert Lowell, Adrienne Rich, Susan Howe, Lyn Hejinian and Jorie Graham, and consider the book as a restrictive, binding concept for Emily Dickinson and some contemporary American poets. *Rebound* both provides innovative readings of supposedly familiar poets and books, and also generates critical strategies for renewed engagement with American poetry traditions. As a speaking whole *Rebound* addresses a rich variety of topics: intentionality as hermeneutic; the architecture and artefacture of the book; gender identity and the book; the positioning of the book in postmodern poetics; the consequences of textual history for interpretation and reception; and the American poetry book as metonym for nation. Contributors: Domhnall Mitchell, Eldrid Herrington, Charles Altieri, Stephen Matterson, Stephen Wilson, Maria Irene Ramalho De Sousa Santos, Ron Callan, Michael Hinds, Gareth Reeves, Lucy Collins, Justin Quinn, Nerys Williams and Nick Selby. *The Sound of Poetry / The Poetry of Sound* Marjorie Perloff,Craig Dworkin,2009-10-15 Sound—one of the central elements of poetry—finds itself all but ignored in the current discourse on lyric forms. The essays collected here by Marjorie Perloff and Craig Dworkin break that critical silence to readdress some of the fundamental connections between poetry and sound—connections that go far beyond traditional metrical studies. Ranging from medieval Latin lyrics to a cyborg opera, sixteenth-century France to twentieth-century Brazil, romantic ballads to the contemporary avant-garde, the contributors to *The Sound of Poetry/The Poetry of Sound* explore such subjects as the translatability of lyric sound, the historical and cultural roles of rhyme, the role of sound repetition in novelistic prose, the connections between “sound poetry” and music, between the visual and the auditory, the role of the body in performance, and the impact of recording technologies on the lyric voice. Along the way, the essay stakes on the “ensemble discords” of Maurice Scève’s *Délie*, Ezra Pound’s use of “Chinese whispers,” the alchemical theology of Hugo Ball’s Dada performances, Jean Cocteau’s modernist radiophonics, and an intercultural account of the poetry reading as a kind of dubbing. A genuinely comparatist study, *The Sound of Poetry/The Poetry of Sound* is designed to challenge current preconceptions about what Susan Howe has called “articulations of sound forms in time” as they have transformed the expanded poetic field of the twenty-first century.

*Emily Dickinson* Ann Beebe,2022-03-03 The public is familiar with the Emily Dickinson stereotype--an eccentric spinster in a white dress flitting about her father's house, hiding from visitors. But these associations are misguided and should be dismantled. This work aims to remove some of the distorted myths about Dickinson in order to clear a path to her poetry. The entries and short essays should open avenues of debate and individual critical analysis. This companion gives both instructors and readers multiple avenues for study. The entries and charts are intended to prompt ideas for classroom discussion and syllabus planning. Whether the reader is first encountering Dickinson's poems or returning to them, this book aims to inspire interpretative opportunities. The entries and charts make connections between Dickinson poems, ponder the significance of literary, artistic, historical, political or social contexts, and question the interpretations offered by others as they enter the never-ending debates between Dickinson scholars.

**Emily Dickinson** Elizabeth Phillips,1988-01-01 Giving us a new sense of Dickinson's ways of being in her world, this book traces the perceptions of that world in the poetry and contributes to our pleasure in the performance of a virtuoso.

Elizabeth Phillips shows the imaginative uses the poet made of her own life but also the verifiable use of her responses to others—personal friends and relatives, historical and literary figures, and “nature’s people”—in the play of language that registered her insights. The book is not a biography; it considers, instead, evidence of the poet’s character and her character as a poet. Dickinson emerges as less self-enclosed and enigmatic than she is frequently assumed to be. Phillips is among those who reject the view of the poet as a psychologically disabled, perhaps mad woman who withdrew into herself because of some devastating emotional experience, presumably love that went wrong. She questions the common desire to connect the texts with a trauma for which the center is missing. While Dickinson pursued the vocation of a poet, she was actively engaged in much else that required stamina and resourcefulness. A woman in a 19th-century household, for instance, was not a woman of leisure; Dickinson bore a heavy share of domestic duties and familial responsibilities throughout most of her life. The crisis she experienced during the early 1860s, in a cluster of responses to the Civil War, coincided with the onset of her difficulties with her eyes. Suffering from exotropia and photophobia, she never fully recovered and gradually withdrew into the less severe light of the house in Amherst. She continued to care for those close to her and to write both letters and verse. From the perspective of Dickinson’s maturity and resilience, we also see her gift for depicting and dramatizing episodes in a manner that gives the illusion of their being autobiographical whether they are or not. Dickinson was, however, an actress who changed roles and points of view as readily as she experimented with poetic genres. Analyses of her various personae (or “supposed persons”) for dramatic monologues in the Browning tradition—which enabled the poet to represent a range of experiences different from her own—serve to dispel much of the confusion that has surrounded her in the last century. Rather than searching for an illusive absent center, Phillips scrutinizes in a most revealing way the poet’s reading, appropriation, and command of materials from the Brontës, George Eliot, Hawthorne, the Brownings, Shakespeare, and the Southey for personae that introduce us to a Dickinson heretofore hardly glimpsed. A central vision of the study is the poet as a biographer of souls.

The Broadview Anthology of American Literature Concise Volume 1: Beginnings to Reconstruction Derrick R. Spires, Rachel Greenwald Smith, Christina Roberts, Joseph Rezek, Justine S. Murison, Laura L. Mielke, Christopher Looby, Rodrigo Lazo, Alisha Knight, Hsuan L. Hsu, Michael Everton, Christine Bold, 2023-02-06 Guided by the latest scholarship in American literary studies, and deeply committed to inclusiveness, social responsibility, and rigorous contextualization, The Broadview Anthology of American Literature balances representation of widely agreed-upon major works with a thoroughgoing reassessment of the canon that emphasizes American literature’s diversity, variety, breadth, and connections with the rest of the Americas. **The Columbia Anthology of American Poetry** Jay Parini, 1995 An authoritative survey of all major American poets from colonial to contemporary.

**The Idea of Difficulty in Literature** Alan Carroll Purves, 1991-01-01 This book redefines the nature of textual difficulty in literature and shows the implications of the new definition for teachers at all levels of education. Contrary to the traditional use of grade levels or readability formulae, the authors redefine difficulty in terms of readers and the texts they meet. They base their arguments on contemporary linguistic theory, on historical and comparative studies of criticism, on literary theory about readers and texts, on post-Freudian psychology, on empirical research concerning the nature of reading literature, and on studies of classrooms, curricula, and testing. What emerges is a coherent work that builds a case for seeing difficulty in literature as a human phenomenon more than a textual one.

Emily Dickinson: Selected Poems and Letters Emily Dickinson, 2023-02-21 This compact edition, designed for use in undergraduate courses, combines a substantial selection of Dickinson's poems (including one complete fascicle) with a selection of letters and a range of contextual materials. In a number of cases several different versions of a poem are presented side by side. The texts are based on the handwritten manuscripts themselves, in the facsimile form in which the Emily Dickinson Archive now makes the vast majority of Dickinson's manuscript versions available to the general public. The three major editions that are based directly on the manuscripts—those of Thomas H. Johnson (1955), R.W. Franklin (1998) and Crisanne Miller (2016)—have also been consulted; in many cases where the transcriptions of these editors differ from one another, this edition provides information in the notes as to those differences. Extensive explanatory footnotes are also provided, as is a concise but wide-ranging introduction to Dickinson and her work. The appendices include excerpts from numerous nineteenth-century reviews of Dickinson's first published volume (including by William Dean Howells and Andrew Lang). Thomas Wentworth Higginson's influential Atlantic Monthly article, "Emily Dickinson's Letters," is also included in its entirety.
