The Transforming Fire of Divine Love John H. Armstrong, 2025-03-01 Most Bible readers know “God is love” (1 John 4:8,16). And most have heard the words of John 3:16 (“God so loved the world”), perhaps the best-known verse in the entire Bible. But few readers realize that these are perhaps the most daring verses in all the Scripture. Why? They tell us who God is and why we can trust him. Yet very few Christians realize how much of what they believe about the nature of God is rooted in ideas foreign to divine love. How did this happen? What can be done to change how we can relate to the God who is perfect and inexhaustible love? John Armstrong shares a deeply personal story of his long, slow journey to know and experience God as a compassionate and loving Father. As a pastor trained in evangelical theology he came to know and experience the teaching of the whole church about God, thus the story he tells will inform how you can know the God who is amazing love. This readable primer will help you develop a doctrine that can free you from guilt, fear, and many misconceptions we have about God. You will see that what you believe about God will truly affect everything else you believe.

Frank O'Hara and the Poetics of Saying 'I' Micah Mattix, 2011-03-03 While recent works of criticism on Frank O'Hara have focused on the technical similarities between his poetry and painting, or between his use of language and poststructuralism, *Frank O'Hara and the Poetics of Saying 'I'* argues that what is most significant in O'Hara's work is not such much his borrowing from painters or his proto-Derridean use of language, but his preoccupation with self exploration and the temporal effects of his work as artifacts. Following Pasternak's understanding of artistic inspiration as an act of love for the material world, O'Hara explores moments of experience in an effort to both complicate and enrich our experience of the material world. On the one hand, in poems such as *Second Avenue*, for example, O'Hara works to muddy language

through which experience is, in part, mediated with the use of parataxis, allusions, and absurd metaphors and similes. On the other, in his I do this I do that poems, he names the events of his lunch hour in an effort, among other things, to experience time as a moment of fullness rather than as a moment of loss. The book argues, furthermore, that O'Hara's view of the self as both an expression of the creative force at work in the world and as the temporal aggregate of finite experiences, places him between so-called Romantic and postmodern theories of the lyric. While it is often argued that O'Hara is a forerunner of a new, critically informed, materialist poetics, this study concludes that O'Hara's work is somewhat less radical in its understanding of poetic meaning than is often claimed. Moreover, while O'Hara is preoccupied with his experience in his poems, the book argues that he espouses, in some respects, a rather traditional view of love. In addition to being a metaphor for the creative act, love, for O'Hara, is the chance coming together of two entities. Yet, one of the ironies of this is that while love is, for O'Hara, a feeling that is the result of movement, or the unexpected coming together of two otherwise separ

The Contemplative John Muir Stephen Hatch, 2012-01-01 John Muir is best known for his work in preserving the great natural areas of America. What is not commonly known is that he was also a great contemplative thinker - a sort of wilderness mystic - one who experienced union with the Divine through contact with the great natural areas of the Western United States. Muir's preservation efforts were motivated in large part by his experience of the spiritual dimension of Nature. It was Muir's earthy mysticism that motivated him to work so diligently for the preservation of wild places, which he viewed as God's First Temples. This book is a sort of bible of Muir quotations related to a vibrant and ecstatic spirituality of Nature. It includes a new selection of never-before published selections from original journals contained in the John Muir Papers, as well as passages from his published works. Anyone interested in experiencing a deeper communion with Nature will find this book invaluable.

Would You Lie to Save a Life Michael Glenn Maness, 2007-09-12 Would You Lie to Save a Life? Love Will Find a Way Home: A Theology on the Ethics of Love In 1968, Commander Lloyd Bucher and the USS Pueblo were pirated on the high seas. They were held captive for 11 months, and Bucher was forced to sign a confession - forced to lie to save the lives of his men. How does Love impact that decision in a Christian theology? Love makes the world go round. Without Love, little else has value this side of heaven. In this dilemma between Love and Truth, Love was chosen over Truth, but not at the expense of all Truth. Between the deontological and teleological elements, time itself comes into play in the determination of the absolute rightness of the choice in perfect Love. How is as capable as Jesus was and is today? The course of Love is a sacred stewardship of time that is the highest exhibition of the Christian's own Imago Dei or image of God granted to us in creation. When we are able to follow the Scarlet Thread of obedience perfectly, it will lead straight through all of (1) the areas of

complexity, uniting (2) all of the demands of all of the absolutes and run dead center between (3) all of the ethical fine lines. These three areas are detailed specifically.

Perspectives on Politics in Shakespeare John Albert Murley,Sean D. Sutton,2006-01-01 Political science is becoming ever more reliant on abstract statistical models and almost divorced from human judgment, hope, and idealism. William Shakespeare offers the political scientist an antidote to this methodological alienation, this self-imposed exile from the political concerns of citizens and politicians. Shakespeare, the most quoted author in the English-speaking world, presents his characters as rulers, citizens, and statesmen of the most famous regimes, governed by their respective laws and shaped by their respective political and social institutions. The actions, deliberations, mistakes, and successes of his characters reveal the limitations and strengths of their regimes, whether they be Athens, Rome, or England. The contributors to this volume, esteemed scholars of political science, show us that Shakespeare's poetic imagination displays the very essence of politics and inspires valuable reflection on the fundamental questions of statesmanship and political leadership. Perspectives on Shakespeare's Politics explores such themes as classical republicanism and liberty, the rule of law and morality, the nature and limits of statesmanship, and the character of democracy.

Thoughts from a Random Mind Rl Keller,2013 Thoughts from a Random Mind is the latest effort by author RL Keller. It's

a daily devotional that is designed not to simply bless and encourage readers but also challenge them to think about who God truly is and how they might improve their walk with Him. They are meant to be thought-provoking, encouraging, edifying, instructional, and hopefully also a blessing to the reader. The author considers himself no different than anyone else—just a believer wrestling each day with his beliefs. These devotions were born out of his own personal struggles with life and how his walk with Christ has grown and become more consistent. God is paramount in RL Keller's life, and he is attempting to share his struggles through his writings so that the reader can know that he is not alone in the battle.

Diamond Heart: Being and the Meaning of Life A. H. Almaas,2000-09-05 The founder of the Diamond Approach guides readers through the difficult process of understanding and accepting our true identity We live in a world of mystery, wonder, and beauty. But most of us seldom participate in this real world, being focused rather on the part that is mostly strife, suffering, or meaninglessness. This situation is basically due to our not realizing and living our full human potential. This potential can be actualized by the realization and development of the human essence. The human essence is the part of us that is innate and real, and which can participate in the real world. In this third installment of the Diamond Heart series, A. H. Almaas guides and orients individuals who are engaged in doing the difficult work of realization. It is a transcription of talks given by the author in both California and Colorado.

The Reality of Love Ingvild Rosok,2018-01-12 Love is one, and love is “all we need.” This book argues against the traditional theological view that God's love differs from human love. If God is love and love is one, we will find God embodied in all kinds of genuine love experiences. By analyzing Karl Rahner's theology of love, the author explores how God penetrates and embraces the whole of reality, suggesting implications for Christian spirituality and spiritual direction.

The Legacy of Hans W. Frei ,2023-01-26 This volume demonstrates Hans W. Frei's unique contribution to theology and biblical hermeneutics. Divided into five parts, the volume first outlines key biographical details, including a littleknown interview from 1980 (excerpted), and Frei's Jewish background while growing up in Nazi Germany. The subsequent four parts offer insights into both the centrality of biblical narrative and its fateful eclipse by modernity, as well as Frei's usage of Anselm and Barth. The scholars who contribute to this volume examine Frei's analytical rigor, his plea for a “high Christology” in the service of the church; and his shifting interpretations over the years regarding scripture's “literal sense”. They examine Frei's relationship to other contemporary notables such as Paul Ricoeur, Eberhard Jüngel, George A. Lindbeck and Carl F. H. Henry, along with an alternative Roman Catholic reading of the history of biblical hermeneutics over against

the one he advocates.
