**A Companion to Public Art** Cher Krause Knight, Harriet F. Senie, 2020-03-24 A Companion to Public Art is the only scholarly volume to examine the main issues, theories, and practices of public art on a comprehensive scale. Edited by two distinguished scholars with contributions from art historians, critics, curators, and art administrators, as well as artists themselves Includes 19 essays in four sections: tradition, site, audience, and critical frameworks Covers important topics in the field, including valorizing victims, public art in urban landscapes and on university campuses, the role of digital technologies, jury selection committees, and the intersection of public art and mass media Contains "artist's philosophy" essays, which address larger questions about an artist's body of work and the field of public art, by Julian Bonder, eteam (Hajoe Moderegger and Franziska Lamprecht), John Craig Freeman, Antony Gormley, Suzanne Lacy, Caleb Neelon, Tatzu Nishi, Greg Sholette, and Alan Sonfist.

**Transnational Belonging and Female Agency in the Arts** Basia Sliwinska, Catherine Dormor, 2022-10-20 Transnational Belonging and Female Agency in the Arts interrogates the politics of space expressed via womxn's artistic practices, which prioritise solidarity and collaboration across borders, imagining attentive geographies of difference. It considers belonging as a manifestation of processes of becoming that traverse borders and generate new spaces and forms of difference. In doing so, the book aims to catalyse mutual social relations founded upon responsibility and response-ability to each other. The transnational framework activates concerns around belonging at a time of intensified divisions, partitioning global narratives, unequal trajectories and increasing violence against bodies of the most vulnerable, largely founded on Eurocentric paradigms of political, economic and cultural superiority. The contributors engage in a conversation signalling transversal thinking and artmaking in order to articulate and activate 'in-between' spaces. This is to welcome co-affective models of belonging that question versatile embodiments of subjectivity as both agentic and as interrelational. Organised around the triangulation of modes of belonging: spatial, affective and collective, overarched by a transnational lens that acknowledges non-hierarchical, local and socially relevant genealogies against universalising politics of globalisation, these essays consider afresh ways in which female agency disrupts borders and activates concerns around different forms of belonging, citizenship and transnationalisms. **Feminisms/Museums/Surveys** Hilary Robinson, Lara Perry, 2025-04-22 The first anthology of feminist art exhibition essays and museum publications, providing an exciting and valuable overview of recent developments in feminist curation. *Feminisms-Museums-Surveys: Exhibition Curating 2005-2022* brings together works from exhibition catalogs and museum publications to provide a comprehensive and timely view of the modern approach to feminist curating. Offering insights into how curators from around the world engage with different feminisms and select and exhibit feminist art, this one-of-a-kind anthology exemplifies the diversity of feminist thinking and curatorial approaches in the contemporary art museum. This important volume comprises articles and essays drawn from publications which accompanied major curatorial projects from different regions around the globe, and each essay offers a unique critical interpretation of feminist art. Organized chronologically, the book presents the essays — the majority in print for the first time since their initial publications and some for the first time in English — with the dates and venues of the exhibition and a brief introduction by the editors. All the artists in the exhibitions and the curators involved are indexed in the supplementary material. Making key examples of feminist curating easily accessible to a wider audience of scholars and students, this unique anthology: Offers a transnational perspective on feminist curating, featuring exhibitions from across Europe, Asia, Australia, Africa and the Americas. Highlights the diverse ways in which curators have attempted to bring feminist theory into the museum exhibition format. Illustrates how feminist ideas have evolved in diverse ways in the international community of museum professionals. Includes an index of artists and curators whose work is represented in the volume. Offering deep insights into how curators have approached the documentation and representation of art informed by feminist politics and thinking, *Feminisms-Museums-Surveys: Exhibition Curating 2005-2022* is an ideal resource for courses in feminism and art, curation, LGBTQ art, art and politics, museum studies, art history, cultural studies, feminist and gender studies, and related courses across fine arts and visual arts programs.

**The Readymade Boomerang** René Block, Art Gallery of New South Wales, 1990 This show takes with Duchamp, Picabia and Man Ray as its kernel a trio of Dada originators who are united by the fact that their iconoclasm was primarily aesthetic rather than political in its expression (unlike that of most of their peers) as well as by the fact that their metaphysics were shot through with an irreverent humour. With the nexus of these interconnecting ideas, art-objects, and artistic personalities as its starting point, the exhibition traces a number of moments when their impact has proven both particularly strong and highly stimulating for subsequent artists.--BOOK JACKET.
