

Political Cartoons In Ww

James Lachlan MacLeod

Dr. Seuss Goes to War Richard H. Minear, Dr. Seuss, 2001-09-01 For decades, readers throughout the world have enjoyed the marvelous stories and illustrations of Theodor Seuss Geisel, better known as Dr. Seuss. But few know the work Geisel did as a political cartoonist during World War II, for the New York daily newspaper PM. In these extraordinarily trenchant cartoons, Geisel presents a provocative history of wartime politics (Entertainment Weekly). *Dr. Seuss Goes to War* features handsome, large-format reproductions of more than two hundred of Geisel's cartoons, alongside insightful (Booklist) commentary by the historian Richard H. Minear that places them in the context of the national climate they reflect. Pulitzer Prize-winner Art Spiegelman's introduction places Seuss firmly in the pantheon of the leading political cartoonists of our time.

The World War 1939-1945 Roy Douglas, 2021-11-21 This new approach to the history of the Second World War, first published in 1990, examines the events of this period through the cartoons of the day. Roy Douglas explains the messages behind the humour and reveals that the perception of war differed radically from country to country. This collection highlights the importance of the media in this global war. 'An authoritative narrative about what inspired the artists to take to their pens and papers... By putting it all into perspective, the poignancy, and often the brilliance of the political cartoonist is shown to the reader... Douglas's historical narrative adds to the enjoyment.' West Coast Review of Books 'Douglas's valuable book uses the political cartoon as historical mirror... The book is very important for its attempt to correlate visual media with national policy at a crucial period in recent history.' Choice

American Political Cartoons Sandy Northrop, 2017-07-05 From Benjamin Franklin's drawing of the first American political cartoon in 1754 to contemporary cartoonists' blistering attacks on George W. Bush and initial love-affair with Barack Obama, editorial cartoons have been a part of American journalism and politics. *American Political Cartoons* chronicles the nation's highs and lows in an extensive collection of cartoons that span the entire history of American political cartooning. Good cartoons hit you primitively and emotionally, said cartoonist Doug Marlette. A cartoon is a frontal attack, a slam dunk, a cluster bomb. Most cartoonists pride themselves on attacking honestly, if ruthlessly. *American Political Cartoons* recounts many direct hits, recalling the discomfort of the cartoons' targets and the delight of their readers. Through skillful combination of pictures and words, cartoonists galvanize public opinion for or against their subjects. In the process they have

revealed truths about us and our democratic system that have been both embarrassing and ennobling. Stephen Hess and Sandy Northrop note that not all cartoonists have worn white hats. Many have perpetuated demeaning ethnic stereotypes, slandered honest politicians, and oversimplified complex issues.

World War II Political Cartoons by Belmonte De Anima Books, 2015-07-09 This work, created by Brazilian artist Belmonte, contains a collection of cartoons that cover mainly the events of World War II. Belmonte became known through the political and social cartoons published in major newspapers and magazines between the 1920s and the 1940s. Although unknown in a major part of the world (including Brazil), his works are among the most interesting and unique of its kind. This book aims to rescue the memory of this great artist, prematurely deceased in 1947, at age 50, to portray the greatest scourge created by human race for their own use and also inspire illustration and history lovers.

Political cartoons and the Israeli-Palestinian conflict Ilan Danjoux, 2018-07-30 Do political cartoon predict violence? To answer this question Ilan Danjoux examined over 1200 Israeli and Palestinian editorial cartoons to explore whether changes in their content anticipated the outbreak of the Al-Aqsa Intifada in October of 2000. Despite stark differences in political, economic and social pressures, a notable shift in focus, style and tone accompanied the violence. With numerous illustrations and detailed methodology, *Political Cartoons and the Israeli Palestinian Conflict* provides readers an engaging introduction to cartoon analysis and a novel insight into the Israeli-Palestinian conflict. In a region fraught with contested realities, the cartoon's ability to capture the latent fears and unspoken beliefs of these antagonists offers a refreshing perspective on how both Israelis and Palestinians perceived each other and their chances for peace on the eve of the Second Intifada.

Asian Political Cartoons John A. Lent, 2023-01-27 2023 CHOICE Outstanding Academic Title 2024 Eisner Award Nominee for Best Academic/Scholarly Work In *Asian Political Cartoons*, scholar John A. Lent explores the history and contemporary status of political cartooning in Asia, including East Asia (China, Hong Kong, Japan, North and South Korea, Mongolia, and Taiwan), Southeast Asia (Brunei, Cambodia, Indonesia, Malaysia, Myanmar, Philippines, Singapore, Thailand, and Vietnam), and South Asia (Bangladesh, India, Iran, Nepal, Pakistan, and Sri Lanka). Incorporating hundreds of interviews, as well as textual analysis of cartoons; observation of workplaces, companies, and cartoonists at work; and historical research, Lent offers not only the first such survey in English, but the most complete and detailed in any language. Richly illustrated, this volume brings much-needed attention to the political cartoons of a region that has accelerated faster and more expansively economically, culturally, and in other ways than perhaps any other part of the world. Emphasizing the "freedom to cartoon, the author examines political cartoons that attempt to expose, bring attention to, blame or condemn, satirically mock, and caricaturize problems and their perpetrators. Lent presents readers a pioneering survey of such political cartooning in twenty-two countries and territories, studying aspects of professionalism, cartoonists' work environments, philosophies and

influences, the state of newspaper and magazine industries, the state's roles in political cartooning, modern technology, and other issues facing political cartoonists. *Asian Political Cartoons* encompasses topics such as political and social satire in Asia during ancient times, humor/cartoon magazines established by Western colonists, and propaganda cartoons employed in independence campaigns. The volume also explores stumbling blocks contemporary cartoonists must hurdle, including new or beefed-up restrictions and regulations, a dwindling number of publishing venues, protected vested interests of conglomerate-owned media, and political correctness gone awry. In these pages, cartoonists recount intriguing ways they cope with restrictions—through layered hidden messages, by using other platforms, and finding unique means to use cartooning to make a living.

The Political Cartoon Charles Press, 1981

The Trump Presidency in Editorial Cartoons Natalia Mielczarek, 2023-09-18 *The Trump Presidency in Editorial Cartoons* engages with close to one thousand editorial cartoons to analyze the visual representations of President Donald Trump and his responses to six news events during his term in office. Natalia Mielczarek traces the mechanisms through which the drawings construct the president's image and their potential rhetorical consequences for interpretation. Through this analysis, Mielczarek argues that the right-leaning cartoons largely erase the president's likeness from their plotlines, acting as a shield against accountability for Trump. Left-leaning cartoons, on the other hand, tend to clone the president and exaggerate his image in most of their stories, often functioning as tools of symbolic censure and punishment. Through these de- and re-contextualization tactics that make President Trump either largely absent or hyper-present in the narrative, the cartoons construct inadvertent rhetorical paradoxes and coalesce around ideological heroes and villains. This result, Mielczarek posits, more closely resembles partisan propaganda, rather than political commentary and social critique. Scholars of communication, political science, and media studies will find this book of particular interest.

Victory! Tony Husband, 2022-06

Dr. Seuss & Co. Go to War André Schiffrin, 2009 In *Dr. Seuss & Co. Go to War*, we discover an astonishing treasure trove of over three hundred incisive political cartoons by Seuss as well as a cohort of other legendary cartoonists of the time, including Saul Steinberg, Al Hirschfeld, Arthur Szyk, Carl Rose, and Mischa Richter, among others.-publisher description.

Political Cartoons in the 1988 Presidential Campaign Janis L. Edwards, 1997 First published in 1998. Routledge is an imprint of Taylor & Francis, an informa company.

The Second World War in Cartoons Timothy S. Benson, 2025-04-30 Humour is a vital ingredient for the morale of a nation at war. From the John Bull cartoons mocking a hook-nosed Napoleon carving up the world, the caricatures of an obese Kaiser in the First World War, to an often angry Hitler, cartoons have not only portrayed the enemy in a satirical light but have raised a smile in the darkest of times. Self-deprecating humour is also a facet of cartoons during wartime - making fun

of incumbent politicians and incompetent generals - while at the same time challenging the decisions of those in powerful positions in a manner meant to embarrass. Indeed, cartoons often carry a serious message which exemplifies the subject far more impactfully than the written word. It is also the case that cartoons can broach subjects too sensitive to be touched upon in editorials or by columnists. Such is the case with this absorbing, if light-hearted view of the Second World War portraying the seismic events of the conflict in a fashion which everyone at the time could understand and nod their appreciation to with a smile on their lips. The Second World War in Cartoons begins in the 1930s with events in Germany and the Rhineland and the slow march to war. This is followed by the inevitable references to the Phoney War and to Hitler's 'Sink-on-Sight Navy' after the Graf Speen had been scuttled by her captain. A more serious tone is undertaken during Britain's darkest hour, the cartoons reflecting Churchill's stubborn determination to resist and encouraging the fighter boys to stop Hitler. Gradually, the mood changes as the UK's strategic position improves. When the war ended in Europe, a cartoon of Germany depicts a notice 'Under New Management'. Churchill's defeat in the 1945 election resulted in one cartoonist declaring that Britain had 'dropped its pilot' and, ever a cartoonist favourite character, among the final images is that of Churchill declaring an Iron Curtain had descended across the Continent, as the Cold War took its grip. Each of these wonderful cartoons is provided with a full explanation of the background to each one, and its relevant to the events of the day.

World War II Cartoons of Akron's Web Brown Tim Carroll, 2020 Akron Beacon Journal cartoonist Web Brown was one of the best political cartoonists in America during World War II. After serving in the Spanish-American War, Brown returned to the States and began a forty-six-year career lasting from 1899 through 1945. Before and during the Second World War, Brown's cartoons lampooned Hitler, Mussolini and Japan with a strong sense of justice, humor and history. Featured six days a week in the Journal, his work boosted morale at home and lifted the spirits of soldiers overseas. Compiling more than two hundred of Brown's best cartoons, Akron native and author Tim Carroll recalls the history of World War II through the outstanding creations of one of Akron's most prolific and noteworthy artists--Back cover.

Encyclopedia of War and American Society Peter Karsten, 2006 Publisher description.

Cartoon Conflicts Richard Scully, Paulo Jorge Fernandes, Ritu Gairola Khanduri, 2025-07-28 This edited collection of new research highlights the way in which the cartoon - long regarded as a staple of journalism and freedom of expression - faces new challenges in the twenty-first century that can be far better understood and appreciated if one takes an historical perspective. Current debates over the limits of freedom of expression, 'political correctness', and 'cancel culture' all have their precedents in past controversies over cartoons and caricature; indeed there is a definite continuum between these past instances of debate and their present manifestations. Chapters 2 and 10 are available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

The Cartoons of Evansville's Karl Kae Knecht: Half a Century of Artistic Activism James Lachlan MacLeod,2017-02-27 Karl Kae Knecht's name is synonymous with the city of Evansville. As editorial cartoonist for the Evansville Courier, he amused readers and spurred them to a higher social good. He mocked the Axis powers and kept local morale high during World War II and commented daily on issues from the Great Depression to the Space Race. He also worked tirelessly as a civic booster. Knecht helped establish Evansville College and was almost single-handedly responsible for the establishment of Mesker Park Zoo. In this absorbing account, illustrated with over seventy cartoons, University of Evansville historian James Lachlan MacLeod tells the fascinating story of Knecht's life and analyzes his cartooning genius.
