**Lyrics of Love and Laughter** Paul Laurence Dunbar, 1903

Andrew Marvell's Liminal Lyrics Joan Faust, 2012-10-12 The work is an interdisciplinary study of the major lyric poems of seventeenth-century British metaphysical poet Andrew Marvell. It invites Marvell readers to view the poet and some of his representative lyrics in the context of the anthropological concept of liminality and the in-between aspects of experience.

**Getting the Holy Ghost** Peter Marina, 2013-01-30 This book carries an ethnographic signature in approach and style, and is an examination of a small Brooklyn, New York, African-American, Pentecostal church congregation and is based on ethnographic notes taken over the course of four years. The Pentecostal Church is known to outsiders almost exclusively for its members' "bizarre" habit of speaking in tongues. This ethnography, however, puts those outsiders inside the church pews, as it paints a portrait of piety, compassion, caring, love—all embraced through an embodiment perspective, as the church's members experience these forces in the most personal ways through religious conversion. Central themes include concerns with the notion of "spectacle" because of the grand bodily display that is highlighted by spiritual struggle, social aspiration, punishment and spontaneous explosions of a variety of emotions in the public sphere. The approach to sociology throughout this work incorporates the striking dialectic of history and biography to penetrate and interact with religiously inspired residents of the inner-city in a quest to make sense both empirically and theoretically of this rapidly changing, surprising and highly contradictory late-modern church scene. The focus on the individual process of becoming Pentecostal provides a road map into the church and canvasses an intimate view into the lives of its members, capturing their stories as they proceed in their Pentecostal careers. This book challenges important sociological concepts like crisis to explain religious seekership and conversion, while developing new concepts such as "God Hunting" and "Holy Ghost Capital" to explain the process through which individuals become tongue-speaking Pentecostals. Church members acquire "Holy Ghost Capital" and construct a Pentecostal identity through a relationship narrative to establish personal status and power through conflicting tongue-speaking ideas. Finally, this book examines the futures of the small and large, institutionally affiliated Pentecostal Church

and argues that the small Pentecostal Church is better able to resist modern rationalizing forces, retaining the charisma that sparked the initial religious movement. The power of charisma in the small church has far-reaching consequences and implications for the future of Pentecostalism and its followers.

*The Faith Explained Today* Joe Babendreier, 2017-03-31 Written in the same style and spirit as the classic best-seller *The Faith Explained* by Leo Trese, *The Faith Explained Today* by Joe Babendreier offers an explanation of the faith that is easily accessible to modern readers, especially students and young adults. The book is in six parts and covers the full spectrum of Church teaching over the last 2,000 years. These parts include: What Christians Believe How God Reveals Morality The Way Christians Worship The Human Person Prayer Complete with review questions at the end of each chapter and frequent use of writings from Sacred Scripture, the saints, spiritual writers, and the Magisterium, this book will help you understand what God revealed through Jesus Christ, as the Church has believed it, preserved it, and treasured it from the beginning.

**Hit Songs, 1900-1955** Don Tyler, 2007-04-16 This is a chronology of the most famous songs from the years before rock 'n' roll. The top hits for each year are described, including vital information such as song origin, artist(s), and chart information. For many songs, the author includes any web or library holdings of sheet music covers, musical scores, and free audio files. An extensive collection of biographical sketches follows, providing performing credits, relevant professional awards, and brief biographies for hundreds of the era's most popular performers, lyricists, and composers. Includes an alphabetical song index and bibliography.

*The Souls of Black Folk* Dolan Hubbard, 2007 Published in 1903, *The Souls of Black Folk* by W. E. B. Du Bois was an immediate achievement. More than a hundred years later, the influence of Du Bois's critique of the political, social, and economic encumbrances imposed upon blacks in Reconstruction and post-Reconstruction America can still be felt. *The Souls of Black Folk One Hundred Years Later* is the first collection of essays to examine Du Bois's work from a variety of academic perspectives, including aesthetics, art history, communications, music, political science, psychology, history, and the classics. Scholars, teachers, and students of American studies and African American studies will find this collection an essential overview of a book that changed the course of American intellectual history.

**Bad Humor** Kimberly Anne Coles, 2022-04-19 Race, in the early modern period, is a concept at the crossroads of a set of overlapping concerns of lineage, religion, and nation. In *Bad Humor*, Kimberly Anne Coles charts how these concerns converged around a pseudoscientific system that confirmed the absolute difference between Protestants and Catholics, guaranteed the noble quality of English blood, and justified English colonial domination. Coles delineates the process whereby religious error, first resident in the body, becomes marked on the skin. Early modern medical theory bound together psyche and soma in mutual influence. By the end of the sixteenth century, there is a general acceptance that the soul's

condition, as a consequence of religious belief or its absence, could be manifest in the humoral disposition of the physical body. The history that this book unfolds describes developments in natural philosophy in the early part of the sixteenth century that force a subsequent reconsideration of the interactions of body and soul and that bring medical theory and theological discourse into close, even inextricable, contact. With particular consideration to how these ideas are reflected in texts by Elizabeth Cary, John Donne, Ben Jonson, William Shakespeare, Edmund Spenser, Mary Wroth, and others, Coles reveals how science and religion meet nascent capitalism and colonial endeavor to create a taxonomy of Christians in Black and White.

*The Three Genres and the Interpretation of Lyric* William Elford Rogers, 2014-07-14 William Elford Rogers proposes a genre-theory that will clarify what we mean when we speak of literary works as dramatic, epic, or lyric. Focusing on lyric poetry, this book maintains that the broad genre-concepts need not be discarded but can be preserved by a new interpretive model that gives us conceptual knowledge not about works but about interpretation. Originally published in 1983. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

**Hexagonal Variations** Jo McCormack, Murray Pratt, Alistair Rolls Alistair Rolls, 2011-03 Hexagonal Variations provides an essential overview of key debates about contemporary French society and culture. Concise, challenging and comprehensive, its chapters each address the processes of change and redefinition that characterise France today. Contributors analyse and situate cinematic, literary, online and visual texts, mediatic, political and everyday discourses, in each case pinpointing how diversity, plurality and reinvention inflect cultural and social evolution in France. The chapters in the collection share a key set of thematic concerns and raise topics for debate among scholars and students alike. Central to these are questions about France's uncertain place and role in Europe and the wider world; the morphing topography of its capital; and the many conundrums posed by the persistence of Republican paradigms in a global environment. If France is no longer the exception, what are the versions and varieties of being French that are lived, thought and imagined in the new millennium?

**Forms of Devotion in Early English Poetry** Jennifer A. Lorden, 2023-11-02 Firmly establishes the importance of early affective devotion in the hybrid poetics of the earliest English poetry.

**Exploring Identity in Literature and Life Stories** Guri Barstad, Karen P. Knutsen, Elin Nesje Vestli, 2019-07-12 Today, globalization, migration and political polarization complicate the individual's search for a cohesive identity, making identity formation and transformation key issues in everyday life. This collection of essays highlights a number of the dimensions of identity, including cultural hybridity, religion, ethnicity, profession, gender, sexuality, and childhood, and explores how they are thematized in different narratives. The stories discussed are set in Australia, Austria, Azerbaijan, France, Germany, Great Britain, Haiti, India, Israel, Japan, Polynesia, Norway, Romania, Spain and South Africa, emphasizing today's international focus on identity. The majority of the contributions here focus on literary texts, while others investigate identity formations in interviews, language corpora, student reading logs, film, theatre and pathographies.

Dividing Asunder Barbara Williams, 2009-05-01 This book shows readers that, It is only with the [spiritual] heart that one can see rightly, for what is essential is invisible to the eye (Antoine de Saint-Exupéry) *Dividing Asunder: The Invisible Inner Self* is like a photo album of written pictures revealing the Creator, God, his nature, and plans for you. Turning the pages, you will see his heart as he created all that is, attempting thereby to unveil his invisible self in ways visible to humanity. You'll fall in love with him! The rainbow will take on new meaning as you learn of its true reminder! You'll see his creation distinction between animals and humans. It defines the image and likeness to God in which you are made. It details the fall of the first man and God's redemption plan. The deal that was made in heaven and carried out through his Son, Jesus Christ, will move you to a meaningful relationship with him. This book shows why one needs salvation, how it is possible, where it takes place inside of you, and its advantages. Like disassembling a motor, *Dividing Asunder* takes apart your invisible organs for a careful study then puts them back together for a smoother run. It explains in simple terms the functions of your invisible inner self. It shows the difference in sin and sins, in soul and spirit, and the heart's relationship to them. The author points out that doctors must understand how the healthy body works in order to treat the sick. In the same manner and reasoning, humans must understand their immaterial organs, their invisible inner self. Otherwise, we spend lots of time and money treating the soul's mind, emotion, and will, when the spirit may be the problem and vice versa. In confusing soul and spirit, the deceitful works of Satan go unnoticed and not attended to. Via this book, one learns to label a thought or action by its originating root instead of its outward appearance. Like the water depths of a swimming pool, *Dividing Asunder* moves from levels elementary to seminary. It has something for everyone: an invitation for nonbelievers; others of faith will be encouraged, their understanding enlightened, and some will find that long-awaited assurance! With this book, you will be

equipped with knowledge, suited for spiritual warfare, and confident of victory! You need this book!
