

Laura Esquivel La Malinche

Luz Elena Ramirez

Malinche Laura Esquivel, 2006-05-02 From the bestselling author of *Like Water for Chocolate*, an extraordinary retelling of the passionate and tragic love affair during the conquest of the Aztecs between the conquistador Cortés and his interpreter, Malinalli. A brilliant and multilingual woman, Malinalli has been reviled throughout Mexican history for the betrayal of her people—but her role was actually much more complex. When a young Malinalli's tribe was conquered and enslaved by the Aztec warriors, her grandmother imparted to her that their founding forefather god, Quetzalcoatl, had abandoned them—but he was destined to return with the rising sun and save her tribe from captivity. When the Spanish conquistador Hernán Cortés first arrives, she—like many—believes he is the reincarnated forefather god of her tribe, here to free them. With her talent for linguistics, Malinalli became an indispensable guide and translator for Cortés. In the hopes of freeing her people—and wanting to please this supposed god—she welcomes Cortés and assumes her new role as an interpreter for the Spanish. Throughout their travels and various conquests, Cortés and Malinalli gradually fall passionately in love. But it's not long before Malinalli realizes that Cortés's thirst for conquest is all too human, and that he is willing to destroy anyone, even his own men, and even their own love.

Laura Esquivel's Mexican Fictions Elizabeth Moore Willingham, 2012-05-18 This book - now available in paperback - is the first in-depth review and assessment of Laura Esquivel criticism. Outstanding essayists - from diverse critical perspectives in Latin American literature and film - explore Esquivel's critical reputation, contextualize her work in literary movements, and consider her four novels, as well as the film based on *Like Water for Chocolate*. The book begins with An Introduction to Esquivel Criticism, reviewing 20 years of global praise and condemnation. Elena Poniatowska, in an essay provided in the original Spanish and in translation, reflects on her first reading of *Like Water for Chocolate*. From unique critical perspectives, Jeffrey Oxford, Patrick Duffey, and Debra Andrist probe the novel as film and fiction. The Rev. Dr. Stephen Butler Murray explores Esquivel's spiritual focus, while cultural geographer Maria Elena Christie uses words and images to compare Mexican kitchen-space and Esquivel's first novel. Elizabeth Coonrod Martinez and Lydia H. Rodriguez affirm divergent readings of *The Law of Love*, and Elizabeth M. Willingham discusses the contested national identity in *Swift as Desire*. Jeanne L. Gillespie and Ryan F. Long approach *Malinche: A Novel* through historical documents and popular and religious culture. In the closing essay, Alberto Julian Perez contextualizes Esquivel's fiction within Feminist and Hispanic

literary movements. This book has won the Harvey L. Johnson Book Award for 2011, conferred by the South Central Organization of Latin American Studies at its 44th annual Congress in Miami, Florida (March 9, 2012).

Celebrating Latino Folklore María Herrera-Sobek, 2012-07-16 Latino folklore comprises a kaleidoscope of cultural traditions. This compelling three-volume work showcases its richness, complexity, and beauty. Latino folklore is a fun and fascinating subject to many Americans, regardless of ethnicity. Interest in—and celebration of—Latin traditions such as Día de los Muertos in the United States is becoming more common outside of Latino populations. *Celebrating Latino Folklore: An Encyclopedia of Cultural Traditions* provides a broad and comprehensive collection of descriptive information regarding all the genres of Latino folklore in the United States, covering the traditions of Americans who trace their ancestry to Mexico, Spain, or Latin America. The encyclopedia surveys all manner of topics and subject matter related to Latino folklore, covering the oral traditions and cultural heritage of Latin Americans from riddles and dance to food and clothing. It covers the folklore of 21 Latin American countries as these traditions have been transmitted to the United States, documenting how cultures interweave to enrich each other and create a unique tapestry within the melting pot of the United States.

Transnational Perspectives on the Conquest and Colonization of Latin America Jenny Mander, David Midgley, Christine Beaulieu, 2019-09-19 Ranging geographically from Tierra del Fuego to California and the Caribbean, and historically from early European sightings and the utopian projects of would-be colonizers to the present-day cultural politics of migrant communities and international relations, this volume presents a rich variety of case studies and scholarly perspectives on the interplay of diverse cultures in the Americas since the European conquest. Subjects covered include documentary and archaeological evidence of cultural interaction, the collection of native artifacts and the role of museums in the interpretation of indigenous traditions, the cultural impact of Christian missions and the representation of indigenous cultures in writings addressed to European readers, the development of Latin American artistic traditions and the incorporation of motifs from European classical antiquity into modern popular culture, the contribution of Afro-descendants to the cultural mix of Latin America and the erasure of the Hispanic heritage from cultural perceptions of California since the nineteenth century. By offering accessible and well-illustrated accounts of a wide range of particular cases, the volume aims to stimulate thinking about historical and methodological issues, which can be exploited in a teaching context as well as in the furtherance of research projects in a comparative and transnational framework.

Confluence Narratives Antonio Luciano de Andrade Tosta, 2016-10-19 *Confluence Narratives: Ethnicity, History and Nation-Making in the Americas* explores how a collection of contemporary novels calls attention to the impact of ethnicity on national identities in the Americas. These historical narratives portray the cultural encounters—the conflicts and alliances, peaceful borrowings and violent seizures—that have characterized the history of the American continents since the colonial period. In the second half of the twentieth century, North and South American readers have witnessed a steady output of

novels that revisit moments of cultural confluence as a means of revising national histories. *Confluence Narratives* proposes that these historical novels, published in such places as Brazil, Argentina, Mexico, the United States, and Canada, make up a key literary genre in the Americas. The genre links the various parts of the hemisphere together through three common historical experiences: colonization, slavery, and immigration. Luciano Tosta demonstrates how numerous texts from the United States, Canada, Spanish America, the Caribbean, and Brazil fall into the genre. The book focuses on four case studies from ethnic groups in the Americas: Amerindians, Afro-descendants, Jewish Americans, and Japanese Americans. Tosta uses the experience of the American nations as a springboard to problematize the concept of the contemporary nation, an identity marked by border-crossings and other experiences of deterritorialization. Based on the exploration of “confluence narratives,” Tosta argues that the “contemporary” nation is not as contemporary as one may think. Informed by postcolonial theory and transnational and ethnic studies, this book offers an important comparative study for and of inter-American literature. Its analysis of the representation of cultural encounters within distinctive national histories underscores the complex nature of ‘otherness’ in the Americas, as well as the inherently transcultural aspect of a trans-continental American identity.

Ecoambiguity, Community, and Development Scott Slovic, Swarnalatha Rangarajan, Vidya Sarveswaran, 2014-02-19
Ecoambiguity, Community, and Development takes stock of cultural and environmental contexts in many different regions of the world by exploring literature and film. Artists and scholars working in the social ecology, environmental justice, and postcolonial arenas have long recognized that as soon as we tug on a thread of “ecodegradation,” we generally find it linked to some form of cultural oppression. The reverse is also often true. In the spirit of postcolonial ecocriticism, the studies collected by Scott Slovic, R. Swarnalatha, and Vidya Sarveswaran emphasize the impossibility of disentangling environmental and cultural problems. While not all the authors explicitly invoke Karen Thornber’s term “ecoambiguity” or the concepts and terminology of postcolonial ecocriticism, their articles frequently bring to light various ironies. For example, the fact that Ukrainian environmental experience in the twenty-first century is defined by one of the world’s most infamous industrial disasters, the Chernobyl nuclear accident of 1986, yet Ukrainian culture, like many throughout the world, actually cherishes a profound, even animistic, attachment to the wonders of nature. The repetition of this and other paradoxes in human cultural responses to the more-than-human world reinforces our sense of the congruities and idiosyncrasies of human culture. Every human culture, regardless of its condition of economic and industrial development, has produced its own version of “environmental literature and art”—but the nuances of this work reflect that culture’s precise social and geophysical circumstances. In various ways, these stories of community and development from across the planet converge and diverge, as told and explained by distinguished scholars, many of whom come from the cultures represented in these articles.

Borderlands and Liminal Subjects Jessica Elbert Decker, Dylan Winchock, 2017-11-15 Borders are essentially imaginary structures, but their effects are very real. This volume explores both geopolitical and conceptual borders through an interdisciplinary lens, bridging the disciplines of philosophy and literature. With contributions from scholars around the world, this collection closely examines the concepts of race, nationality, gender, and sexuality in order to reveal the paradoxical ambiguities inherent in these seemingly solid binary oppositions, while critiquing structures of power that produce and police these borders. As a political paradigm, liminality may be embraced by marginal subjects and communities, further blurring the boundaries between oppressive distinctions and categories.

A World Torn Apart Victoria Carpenter, 2007 This collection of essays derives from a conference on Violence, Culture and Identity held in St Andrews in June 2003. It is a contribution to the understanding of representations of violence in Latin American narrative. The collected essays are dedicated to the study of the problematic history of violence as a means of 'civilizing' the region: violence used by dictatorial regimes to eradicate the collective memory of their actions; violence as a result of the history of marginalizing segments of the population; sexual violence as an attempt at complete control of the victim. The essays establish a clear link between historical, political and literary constructs spanning the past five hundred years of Latin American history. Close readings of political texts, historical documents, prose, poetry and films employ identity theories, postcolonial discourse, and the principles of mimetic and sacrificial violence. The volume adds to the ongoing critical investigation of the relationship between Latin American history and narrative, and to the key role of representations of violence within that narrative tradition.

Uncivil Wars Sandra Messinger Cypess, 2012-08-01 The first English-language book to place the works of Elena Garro (1916-1998) and Octavio Paz (1914-1998) in dialogue with each other, *Uncivil Wars* evokes the lives of two celebrated literary figures who wrote about many of the same experiences and contributed to the formation of Mexican national identity but were judged quite differently, primarily because of gender. While Paz's privileged, prize-winning legacy has endured worldwide, Garro's literary gifts garnered no international prizes and received less attention in Latin American literary circles. Restoring a dual perspective on these two dynamic writers and their world, *Uncivil Wars* chronicles a collective memory of wars that shaped Mexico, and in turn shaped Garro and Paz, from the Conquest period to the Mexican Revolution; the Spanish Civil War, which the couple witnessed while traveling abroad; and the student massacre at Tlatelolco Plaza in 1968, which brought about social and political changes and further tensions in the battle of the sexes. The cultural contexts of machismo and ethnicity provide an equally rich ground for Sandra Cypess's exploration of the tandem between the writers' personal lives and their literary production. *Uncivil Wars* illuminates the complexities of Mexican society as seen through a tense marriage of two talented, often oppositional writers. The result is an alternative interpretation of the myths and realities that have shaped Mexican identity, and its literary soul, well into the twenty-first century.

Troubled Memories Oswaldo Estrada, 2018-10-01 Analyzes literary and cultural representations of iconic Mexican women to explore how these reimaginings can undermine or perpetuate gender norms in contemporary Mexico. In *Troubled Memories*, Oswaldo Estrada traces the literary and cultural representations of several iconic Mexican women produced in the midst of neoliberalism, gender debates, and the widespread commodification of cultural memory. He examines recent fictionalizations of Malinche, Hernán Cortés's indigenous translator during the Conquest of Mexico; Sor Juana Inés de la Cruz, the famous Baroque intellectual of New Spain; Leona Vicario, a supporter of the Mexican War of Independence; the soldaderas of the Mexican Revolution; and Frida Kahlo, the tormented painter of the twentieth century. Long associated with gendered archetypes and symbols, these women have achieved mythical status in Mexican culture and continue to play a complex role in Mexican literature. Focusing on contemporary novels, plays, and chronicles in connection to films, television series, and corridos of the Mexican Revolution, Estrada interrogates how and why authors repeatedly recreate the lives of these historical women from contemporary perspectives, often generating hybrid narratives that fuse history, memory, and fiction. In so doing, he reveals the innovative and sometimes troublesome ways in which authors can challenge or perpetuate gendered conventions of writing women's lives. "A leading scholar on gender and literature, Oswaldo Estrada delivers a thorough, rigorous, and exciting account on the persistence of female icons in contemporary culture. Steeped in his deep knowledge of Mexico's cultural history, Estrada's book is a key contribution to questions of gender, iconicity, and the interrelations between popular and literary culture—a must read for scholars and students." — Ignacio M. Sánchez Prado, author of *Strategic Occidentalism: On Mexican Fiction, the Neoliberal Book Market, and the Question of World Literature* "By studying the way some of the most prominent female Mexican icons of all time have been reimagined in contemporary fiction and transformed into objects of consumerism, symbols of national identity, and memories of the past, this book fills a dire need in the Mexican studies field. The scholarship is exemplary, the style is impeccable, and reading the author is a pleasure." — Patricia Saldarriaga, Middlebury College

Femmenism and the Mexican Woman Intellectual from Sor Juana to Poniatowska Emily Hind, 2010-10-11 Hind draws on poetry, short stories, plays, novels, photographs, personal correspondence, advertising, and interviews to make visible the anti-feminine tendencies in femmenism and to imagine a femmenism that will appeal to the next generation of women.

Revolutionary Women of Texas and Mexico Kathy Sosa, Ellen Riojas Clark, Jennifer Speed, 2020-12-01 Much ink has been spilled over the men of the Mexican Revolution, but far less has been written about its women. Kathy Sosa, Ellen Riojas Clark, and Jennifer Speed set out to right this wrong in *Revolutionary Women of Texas and Mexico*, which celebrates the women of early Texas and Mexico who refused to walk a traditional path. The anthology embraces an expansive definition of the word revolutionary by looking at female role models from decades ago and subversives who continue to stand up for their visions and ideals. Eighteen portraits introduce readers to these rebels by providing glimpses into their lives and places in history. At the heart of the portraits are the women of the Mexican Revolution (1910-1920)—women like the soldaderas who shadowed the Mexican armies, tasked with caring for and treating the wounded troops. Filling in the gaps are iconic godmothers like the Virgin of Guadalupe and La Malinche whose stories are seamlessly woven into the collective history of Texas and Mexico. Portraits of artists Frida Kahlo and Nahui Olin and activists Emma Tenayuca and Genoveva Morales take readers from postrevolutionary Mexico into the present. Portraits include a biography, an original pen-and-ink illustration, and a historical or literary piece by a contemporary writer who was inspired by their subject's legacy. Sandra Cisneros, Laura Esquivel, Elena Poniatowska, Carmen Tafolla, and other contributors bring their experience to bear in their pieces, and historian Jennifer Speed's introduction contextualizes each woman in her cultural-historical moment. A foreword by civil rights activist Dolores Huerta and an afterword by scholar Norma Elia Cantú bookend this powerful celebration of women who revolutionized their worlds.

The Purpose Gap Patrick B. Reyes, 2021-03-16 In *The Purpose Gap*, Patrick Reyes reflects on a family member's death after a long struggle with incarceration and homelessness. As he asks himself why his cousin's life had turned out so differently from his own, he realizes that it was a matter of conditions. While they both grew up in the same marginalized

Chicano community in central California, Patrick found himself surrounded by a host of family, friends, and supporters. They created a different narrative for him than the one the rest of the world had succeeded in imposing on his cousin. In short, they created the conditions in which Patrick could not only survive but thrive. Far too much of the literature on leadership tells the story of heroic individuals creating their success by their own efforts. Such stories fail to recognize the structural obstacles to thriving faced by those in marginalized communities. If young people in these communities are to grow up to lives of purpose, others must help create the conditions to make that happen. Pastors, organizational leaders, educators, family, and friends must all perceive their calling to create new stories and new conditions of thriving for those most marginalized. This book offers both inspiration and practical guidance for how to do that. It offers advice on creating safe space for failure, nurturing networks that support young people of color, and professional guidance for how to implement these strategies in one's congregation, school, or community organization.

Latin America in the World Antonia Garcia-Rodriguez, Daniel J. Greenberg, 2020-04-02 From the Foundations in Global Studies series, this text offers students a fresh, comprehensive, multidisciplinary entry point to Latin America. After a brief introduction to the study of the region, the early chapters of the book survey the essentials of Latin American history; important historical narratives; and the region's languages, religions, and global connections. Students are guided through the material with relevant maps, resource boxes, and text boxes that support and guide further independent exploration of the topics at hand. The second half of the book features interdisciplinary case studies, each of which focuses on a specific country or subregion and a particular issue. Each chapter gives a flavor for the cultural distinctiveness of the particular country yet also draws attention to global linkages. Readers will come away from this book with an understanding of the larger historical, political, and cultural frameworks that shaped Latin America as we know it today, and of current issues that have relevance in Latin America and beyond.

Conquest and Reclamation in the Transatlantic Imagination Luz Elena Ramirez, 2023-06-30 This book examines the imperial spectacles and startling reversals of fortune related in William H. Prescott's *History of the Conquest of Mexico* (1843) and *History of the Conquest of Peru* (1847), and investigates how these accounts inspired fictional adaptations by George A. Henty, H. Rider Haggard, and George Griffith. The revision of history in the Amerindian adventure both entertained young transatlantic audiences and was a vehicle to attract tourism and investment in countries such as Mexico and Peru. Henty, Haggard, and Griffith, moreover, used their tales of adventure as a platform to impart British values to their readers. Such values compel the characters and narrators of the novels discussed to act as cultural mediators, to acquire indigenous languages and adopt native ways of being, and, in several of the romance adventures under consideration, to marry Mexican or Incan noblewomen. Part I, *Conquest*, examines George Henty's *By Right of Conquest: Or, With Cortez in Mexico* (1891), H. Rider Haggard's *Montezuma's Daughter* (1893), and George Griffith's *Virgin of the Sun: A Tale of the*

Conquest of Peru (1898). Part II, Reclamation, argues that English re-writings of history work to eclipse the Spanish in Haggard's *Virgin the Sun* (1922), Henty's *Treasure of the Incas* (1902) and Griffith's *Romance of Golden Star* (1897).

Redefining Latin American Historical Fiction H. Weldt-Basson, 2013-06-05 Current scholarship on Latin American historical fiction has failed to take feminism and postcolonialism into account. This study uses these important contemporary discourses as a starting point for a new definition of the Latin American historical novel that includes national identity, magical realism, historical intertextuality, and symbolism.

Adventurous Women in Contemporary American Historical Fiction Jeannette King, 2022-03-10 This book brings together for the first time nine groundbreaking historical novels by women from the United States, Canada and Latin America, united by their focus on female adventurers. These novels introduce the neglected women of history, real and imagined, who accompanied their menfolk to the New World, and enabled its settlement or colonisation. Familiar novelists include Isabel Allende, Audrey Thomas and Jane Smiley, but this book also introduces less familiar writers who have produced richly textured and densely historical novels. In addition to putting women back into history, these writers engage with the literature of the past, including the American canon of male fiction which dominated literary history before the intervention of feminist scholars. The book begins with an introduction to the history of historical fiction and provides a theoretical, historical and geographical context for the novels themselves.
