*The Violence of Love* Kit W. Myers, 2025-01-28 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more. The Violence of Love challenges the narrative that adoption is a solely loving act that benefits birth parents, adopted individuals, and adoptive

parents--a narrative that is especially pervasive with transracial and transnational adoptions. Using interdisciplinary methods of archival, legal, and discursive analysis, Kit W. Myers comparatively examines the adoption of Asian, Black, and Native American children by White families in the United States. He shows how race has been constructed relationally to mark certain homes, families, and nations as spaces of love, freedom, and better futures--in contrast to others that are not--and argues that violence is attached to adoption in complex ways. Propelled by different types of love, such adoptions attempt to transgress biological, racial, cultural, and national borders established by traditional family ideals. Yet they are also linked to structural, symbolic, and traumatic forms of violence. *The Violence of Love* confronts this discomfiting reality and rethinks theories of family to offer more capacious understandings of love, kinship, and care.

**Adolescence, Risk and Resilience** John Coleman, Ann Hagell, 2007-12-17 Adolescence is often portrayed as an age of particular risk. Adolescents are not only considered a risk to themselves, but also to the rest of society. As a society, we are nervous of them, and consider them vulnerable, yet the seeds of successful and independent adult life are laid down in adolescence, and they need all the help and support that they can get at a challenging time. *Adolescents at Risk: Against the Odds* looks in depth at some of the key risks faced by adolescents, and at some of the ways in which they can be alleviated. The book is structured according to the operational challenges the research informs.

**The Risk of Returning, Second Edition** Shirley Nelson, Rudy Nelson, 2014-12-18 Ted Peterson, son of former missionaries to Guatemala, returns to that country to solve the mystery of his father's disappearance. Caught up in a culture of violence and deadly secrets, what he learns is as much about himself as his father.

**The Faithful House: Building Families to Affirm Life and Avoid Risk; Core Manual Module** Catholic Relief Services, 2010-04-09

**Risk and Sociocultural Theory** Deborah Lupton, 1999-12-09 This 1999 book presents a variety of exciting perspectives on the perception of risk and the strategies that people adopt to cope with it. Using the framework of recent social and cultural theory, it reflects the fact that risk has become integral to contemporary understandings of selfhood, the body and social relations, and is central to the work of writers such as Douglas, Beck, Giddens and the Foucauldian theorists. The contributors are all leading scholars in the fields of sociology, cultural and media studies and cultural anthropology. Combining empirical analyses with metatheoretical critiques, they tackle an unusually diverse range of topics including drug use, risk in the workplace, fear of crime and the media, risk and pregnant embodiment, the social construction of danger in childhood, anxieties about national identity, the governmental uses of risk and the relationship between risk phenomena and social order.

**The Busker's Guide to Risk, Second Edition** Shelly Newstead, 2015-09-21 You just can't let them do anything anymore you know... · Why is risk important in children's play? · How can we protect children's right to play and protect children at the same time? · What is risk-benefit assessment and how can it help - rather than hinder - adults who work where children play? 'The Busker's Guide to Risk' explores why risk shouldn't be a four letter word when it comes to children's play. It starts from the right of children to play in a way that involves not only physical, but also social and emotional risk, and supports adults in developing a practical approach to balancing the need to protect children with the benefits of play.

*Risk and Hyperconnectivity* Andrew Hoskins, John Tulloch, 2016-05-02 Risk and Hyperconnectivity brings together for the first time three paradigms: new risk theory, neoliberalization theory, and connectivity theory, to illuminate how the kaleidoscope of risk events in the opening years of the new century has recharged a neoliberal battlespace of media, economy, and security. Hoskins and Tulloch argue that hyperconnectivity is both a conduit of risk and a form of risk in itself, and that it alters the ways in which we experience events and remember them. Through interdisciplinary dialogue and case study analysis they offer original perspectives on the key questions of risk of our age, including: What is the path to a 'balance' between individual privacy and state (or corporate) security? Is hyperconnectivity itself a new risk condition of our time? How do remembering and forgetting shape citizen insecurity and cultures of risk, and legitimize neoliberal governance? How do journalists operate as 'public intellectuals' of risk? Through probing a series of risk events that have already scarred the twenty-first century, Hoskins and Tulloch show how both established and emergent media are central in shaping past, present and future horizons of neoliberalism, while also propelling wide pressure for its alternatives on those ranging from economics students worldwide to potential political leaders cultivated by austerity policies.

**Risk Factor Love** Benny Henriksson, 1995 Onderzoek (met uitgebreid gedeelte over verschillende onderzoeksmethoden) naar seksueel gedrag bij promiscue seks onder homo- en biseksuele mannen en naar seksueel gedrag in de vaste relatie, waaruit blijkt dat bij seks in de 'erotic oase' (parken, sauna's etc.) safe-sekstechnieken veelvuldig worden toegepast, maar

minder in de vaste relatie. Anale seks wordt vaak gezien als uiting van een zeer intieme en zekere relatie en het gebruiken van condooms zou dat teniet doen. Aidspreventie-werkers moeten hier aandacht aan besteden. - Bevat ook een hoofdstuk over theorieën omtrent de ontwikkeling van een homoseksuele identiteit.

**How Can I Live Without My Baby?** Eulie R Brannan, 2023-06-01 Life gives us many losses. This book deals with only one kind of loss, the loss of a loved one by death. Death comes to everyone, but usually behind many broken hearts. The author has suffered this loss many times, but the hardest has been in the loss of his three wives. His reactions to these are told in graphic detail from a heart that has been broken more than the average has had to bear. Yet there is an optimistic faith that says the best is yet to be. One who has suffered or is suffering the loss of a loved one will find words of comfort.

**Quotationary - The A-Z Book of Quotations** Nasser Amiri, 2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. **The Origins of the Love Song** Nino Tsitsishvili, 2022-11-18 The book offers a radically new perspective on the origins of the love song and human sexuality in an evolutionary context. By comparing different human societies and animal species, past and present, it reveals that love songs, romantic love and exclusive pair-bonds are not the original evolutionary features of Homo sapiens. One of the key findings of the book is that early humans practiced multiple-partner sexual relations, similar to our closest relatives bonobos and chimpanzees, but, with the emergence of culture and sexual taboo, their behaviour had to adjust. It contends that, since the exodus from Africa and the rise of culture, humans started to distance themselves from the rest of the animal kingdom, drastically restraining their innate sexual nature. The book will appeal to both scholars and laypeople with an interest in evolutionary theory, socio-biology, anthropology, and the origins of culture.

**Men in Love** Vittorio Lingiardi, 2002 From the rape of Ganymede to Michelangelo's loves, from the relationship of Batman and Robin to the letters between Freud and Jung, this voyage speaks eloquently about the complex relationships between men.

**Imaginations** James P. Gills, 2012-06-28 When a relinquished life becomes faithful to the promises of God, the result is His joy, His peace, and His charity. Dr. James Gills recounts his own period of rest and complacency-brought on by a time of incapacitation. He learned that when we give ourselves over to the thought patterns of the world, we turn our backs on the Lord and His glory. Imaginations: More Than You Think was written so that the reader might understand how rich life can be when we focus our thoughts on God. You will come to treasure its wisdom as you learn to appreciate its four foundational

principles:•We are what we think-therefore, our thoughts determine our actions.•Our present thoughts affect how we will spend eternity.•God is most glorified in us when we are most satisfied in Him.•Our greatest joy comes from surrendering our thoughts to God.Dr. Gills teaches the reader how to wake up with love, happiness, and enthusiasm for the new day. True surrender to the satisfaction of being with Jesus and accepting His provision for us sets the reader free from all daily worry and concern. About the author: James P. Gills, M.D. has earned a reputation as the most experienced cataract surgeon in the world. He is the founder and medical director of the renowned St. Luke's Cataract & Laser Institute in Tarpon Springs, Florida. Dr. Gills has dedicated his life to restoring much more than physical vision. Love and the Politics of Care Stanislava Dikova,Wendy McMahon,Jordan Savage,2022-11-03 This edited volume offers a contemporary rethinking of the relationship between love and care in the context of neoliberal practices of professionalization and work. Each of the book's three sections interrogates a particular site of care, where the affective, political, legal, and economic dimensions of care intersect in challenging ways. These sites are located within a variety of institutionally managed contexts such as the contemporary university, the theatre hall, the prison complex, the family home, the urban landscape, and the care industry. The geographical spread of the case studies stretches across India, Vietnam, Sweden, Brazil, South Africa, the UK and the US and provides broad coverage that crosses the divide between the Global North and the Global South. To address this transnational interdisciplinary field of study, the collection utilises insights from across the humanities and social sciences and includes contributions from literature, sociology, cultural and media studies, philosophy, feminist theory, theatre, art history, and education. These inquiries build on a variety of conceptual tools and research methods, from data analysis to psychoanalytic reading. Love and the Politics of Care delivers an attentive and widely relevant examination of the politics of care and makes a compelling case for an urgent reconsideration of the methods that currently structure and regulate it.
