Ancient Traditions and Secret Families Jay Lucas,2023-06-26 Joe was living what he thought was a normal life with his girlfriend Laura. He knew his girlfriend was right about getting a new job that paid better, but hated to admit she was right. The aspirations of a home and getting married made him think that she was behind the job recruiter that came harassing him with a job offer. When he gave in and talked to the recruiter, he did not expect him to call his bluff on the pay increase he asked for. The job was a simple one of driving an old man around town and taking care of the car. He never expected Mr. Preston to have wealth and need a driver who had no experience acting like a chauffeur. Joe soon found out that working for Mr. Preston was nothing that he expected as it was a constant party of girls all with the approval and watchful eyes of his wife. It was a strange life that paid well and soon found himself without a girlfriend and living at the Preston mansion. Mr. Preston was old but acted like a bachelor in his twenties who had boundless energy for strip clubs and female escorts. After months of working for such an odd man, he could see that his age was catching up on him. It soon became apparent that the job would be ending when Mr. Preston became bed ridden. There was no need for a driver when he could not get out of bed and Joe figured that he would be out of a job. Not one for assuming he would be I the will, he did think that he might get the expensive sports car that he used to drive Mr. Preston around in. On his death bed, Joe found out that he was not just getting the car, but a life that he never knew existed. The secret that was held from him was that he was

not some random hire, but a member of the family who was in line to take over. Joe finds himself the heir apparent to an ancient family whose blood lines date back to biblical times. He must now go through the initiation of being a member of the family that was from the long-lost city of Gomorrah who was known for their sexual perversions. Thinking it was just the money he inherited soon ends when he finds out that there are other families to this lost city, and they all want to celebrate him in being the head of a house from the lost city.

So the girl was given a new home, a new name . . . and the determination to save other foster kids from suffering similar horrors. FBI Agent Becca Lange is in the middle of a credit card fraud investigation when she's faced with her worst nightmare: a serial killer, van Gogh--given the name because he removed his victims' ears--has resurfaced. Back in the nineties, van Gogh tortured, then killed several young foster girls. Becca was almost one of them. Over the years, Becca's been keeping her own investigation going. So when the police come to her for help, she's more than ready to do what it takes to put van Gogh behind bars--even if it means working with Connor Warren, the easy-going cop whose attentions she's been avoiding. Connor is too charming, too good-looking, too . . . tempting. He makes Becca want things she can never have. And might never have . . . Because van Gogh isn't finished with Becca yet. He's been searching for her all these years. And now that he's found her, he's got a plan to keep her . . . forever.
