

Administracion Del Mantenimiento Libro

James C. Van Horne,John Martin Wachowicz

Manual de administración y gestión sanitaria Fernando Lamata Cotanda,1998 La administración y la gestión sanitaria es un mundo apasionante, complejo, difícil que toca un sector muy sensible de la sociedad, porque se refiere a la vida y la muerte, al sufrimiento humano y al intento de prevenir y aliviar ese sufrimiento. Hace 20 años, en la constitución de 1978, el pueblo español ordenaba a los poderes públicos que garantizaran una buena sanidad para todos los españoles. Creo que el balance es muy satisfactorio pero también es evidente que queda mucho por hacer y deben venir nuevas generaciones de gestores y administradores sanitarios, con ilusión, con ideas, con sentido común, a trazar los horizontes del futuro y a seguir construyendo una sanidad mejor cada día, en España, en Europa y en todo el planeta. Apostando por la vida como dice Tere Molina en el dibujo de la portada que pintó hace 20 años y que está formado con la palabra BUHAY (que significa VIDA en tangalo), y cuya dedicatoria es: a vosotros, porque amáis la vida y veláis por ella; para vosotros que pensáis que la vida es hermosa desde su despertar hasta su plenitud. . A todas ellas y ellos, médicos, enfermeras, auxiliares, celadores, cocineros, lavanderas, administrativos, farmacéuticos, economistas, psicólogas, químicos, veterinarios, físicos, técnicos especialistas, administrativos, trabajadores sociales, gerentes, funcionarios, abogados, periodistas, a todos los profesionales de la salud va dedicado este libro, como agradecimiento por su inestimable labor, y confiando en que pueda ser útil para que logren hacer mejor su trabajo.

Principles of Operations Management Jay H. Heizer,Barry Render,2004 In this textbook, Heizer (business administration, Texas Lutheran U.) and Render (operations management, Rollins College) provide a broad introduction to the field of operations management. A sampling of topics includes operations strategy for competitive advantage, forecasting, design of goods and services, human resources, e-commerce, project management, inventory management, and maintenance. The CD-ROM contains video case studies, lecture notes, Excel OM and Extend software, and additional practice problems. Annotation copyrighted by Book News Inc., Portland, OR

Administración de la producción como ventaja competitiva Eduardo Jorge Arnoletto,

Administración. Aprender y actuar Enrique Herrscher,2013-11-18 Este no es un texto más sobre Administración. En esta obra, lo teórico es muy práctico, y la práctica no omite los "por qué", los "por qué no" y los "para qué". Frente a la complejidad del quehacer empresario y de su contexto, es cada vez más necesario abandonar los enfoques lineales o

fragmentados, y reemplazarlos por modos de pensar y actuar integradores, que interrelacionen y realimenten, o sea, enfoques sistémicos. El libro está escrito por 12 personas con diferentes trayectorias y enfoques. Su creador y coordinador, Enrique G. Herrscher -cuyo estilo expositivo los lectores ya conocen de sus otros libros en esta colección-, es autor de 12 de los 32 capítulos. Otros 11 capítulos -de los dos coautores principales, Alfredo Rébori y Claudia D'Annunzio, respectivamente decano e investigadora especializada en PyMEs, de la Facultad de Ciencias Económicas de la Universidad Nacional del Centro (Pcia. de Buenos Aires)- aportan su visión eminentemente académica. Y los 9 capítulos de otros tantos colaboradores tienen, como es obvio, la impronta de sus particulares visiones y campos de actuación. El conjunto está enfocado a las empresas de tamaño mediano de la Argentina y -por analogía- de Latinoamérica, que tengan el impulso de llegar a medianas. Todas ellas deben estar bien administradas, so pena de desaparecer (a diferencia de la gran empresa, capaz de perdurar gracias a sus recursos). Todas deben ser eficaces en su planeamiento, gestión y control. No se trata de rentabilidad solamente económica, sino también social: que su desempeño sea el de un subsistema de la sociedad y que su aporte sea mayor que los recursos que le extrae. Esta noción explica el foco de la presente obra y la justifica.

Maintenance Audits Handbook Diego Galar Pascual,Uday Kumar,2016-04-06 This book addresses issues and challenges of performance measurement in the maintenance function. It presents a proposal of indicators with a framework that classifies and sorts regarding functional and hierarchical aspects. The book has been developed with different aspects of traditional literature, i.e. several frameworks (or natural groupings) like BSC Balanced Scorecard, Multicriteria framework, Neely Prism and adaptation of these frameworks. Hierarchies for the use of indicators and benchmark values are provided to allow quantification, comparison and emission of recommendations.

Administracion Hospitalaria Gustavo Malagón-Londoño,Gabriel Pontón Laverde,Ricardo Galán Morera,2008 Administrar un hospital demanda una inmensa responsabilidad y el serio compromiso del gerente o administrador de coordinar todos los componentes de la organización de manera cuidadosa y permanente buscando como meta la calidad del servicio y la satisfacción del usuario. Partiendo del concepto de que el hospital es un taller de permanente actividad docente y asistencial, este libro trata esta interrelación ideal y proporciona normas para desarrollar LA educación continua en todos los niveles, desde el pregrado hasta el postgrado. A través de sus 36 capítulos abarca los tópicos mas importantes de la administración

hospitalaria, como la bioseguridad, la ética en los procedimientos, la planeación estratégica, el mantenimiento de los equipos, los indicadores de gestión, el control de costos, Promoción de la salud y prevención de la enfermedad, los riesgos ocupacionales, el control de las infecciones intrahospitalarias, así como la responsabilidad civil y penal que se debe enfrentar en la administración de un centro de atención médica. Se destaca el papel fundamental del personal de enfermería por cuanto es el que permanece al lado del paciente día y noche para atender sus requerimientos y asistirlo durante la recuperación de su salud.

MF0230_3 Administración de redes telemáticas. David Arboledas Brihuega,2016-01-01 El Certificado de Profesionalidad es un instrumento de acreditación, en el ámbito laboral, de las cualificaciones profesionales del Catálogo Nacional de Cualificaciones Profesionales y con validez en todo el territorio nacional. Poseer un certificado de profesionalidad supone, sin lugar a dudas, incrementar las posibilidades laborales, tanto en el ámbito de las Administraciones Públicas como ante la empresa privada. Este libro desarrolla las tres unidades formativas que pertenecen al Módulo Formativo MF0230_3: Administración de redes telemáticas, asociado a la unidad de competencia UC0230_3: Administrar la infraestructura de red telemática, del certificado de Profesionalidad Administración y diseño de redes departamentales. Los tres primeros capítulos del libro se corresponden con la UF1879: Equipos de interconexión y servicios de red. Los siguientes ocho capítulos desarrollan la UF1880: Gestión de redes telemáticas y, los últimos dos, hacen lo propio con la UF1881: Resolución de incidencias en redes telemáticas. Aunque el libro se dirija a obtener el certificado de profesionalidad correspondiente, la forma en que se ha desarrollado permite que sea accesible a cualquier persona que quiera profundizar en el conocimiento de los sistemas informáticos y su administración.

Administración de compras - 3ra Edición Alberto Montoya Palacio,2010-06-01 La competencia a la cual se enfrentan las empresas de diferentes sectores y la necesidad de obtener resultados inmediatos han convulsionado el mundo de los negocios y deteriorado la relación proveedor-comprador. Sin embargo, la función de compras sigue siendo una de continuo contacto entre proveedores y compradores y exige una adecuada y eficiente preparación de cada una de las partes. Este libro, dirigido a compradores, vendedores y personas de marketing, y escrito en un lenguaje sencillo, práctico y didáctico, tiene como objetivo ayudar a crear un nuevo estilo de negociación en el cual se imponga una filosofía de gana-gana,

cooperación, respeto, transparencia, claridad y equidad entre las partes. Se propende, entonces, por una asociación y un trabajo en equipo entre proveedores y compradores en beneficio de las empresas que representan. El libro también será de gran utilidad en programas universitarios de gerencia y marketing y como texto guía en las cátedras de compras, ventas y negociación.

Diccionario de la administracion de Filipinas Miguel Rodríguez Bérriz,1887

Administración de servicios de alimentación. Calidad, nutrición, productividad y beneficios Blanca Dolly Tejada de Lopez,2006

Administración integral del condominio Carlos René Mathelín Leyva,2015-12-18 El Régimen de Propiedad en Condominio (RPC) es un instrumento elemental para que sea posible la convivencia de los condóminos y/o de los arrendatarios de las unidades privativas; es la forma en que se organizan los condóminos para que, colectivamente, se contrate vigilancia, se realice el mantenimiento de las áreas comunes, se paguen los servicios de luz, agua, gas, cable, etc., y se fijen reglas para el correcto uso de las áreas comunes: accesos, pasillos, canchas, albercas, corredores, azoteas, sótanos, cisternas, empastados, estacionamiento general de invitados, caldera, equipos, máquinas, elevadores, escaleras y áreas de uso común. Si no se constituyera el RPC, no se tendría un instrumento para cobrar a los condóminos las cuotas de mantenimiento, no existiría un control de entrada para el condominio, las áreas comunes no se respetarían y rápidamente se deterioraría la infraestructura y las instalaciones, se haría mal uso de la imagen del condominio, y sería difícil la contratación de bienes, servicios y de la póliza de seguro que exige la ley para proteger el patrimonio de las áreas comunes del condominio. En esta obra se detalla todo lo que se debe aplicar para la administración integral del condominio constituido en el RPC, y/o por medio de una asociación civil; asimismo se describen los marcos legales que deben cumplirse, así como el aspecto contable-financieros y el régimen fiscal.

Administración de personal José de Jesús Castillo Aponte,2007-01-01 CONTENIDO: Naturaleza de la administración de personal - Planeación de personal - Organización de personal - Coordinación del personal - Dirección de personal - Control de personal.

Contabilidad financiera para contaduría y administración Mendoza Roca,Calixto,Ortiz, Olson,2016-05-02 Este es el primer texto de enseñanza de contabilidad preparado directamente bajo el marco de las NIIF para Pymes en Colombia. Para ello, los autores tuvieron en cuenta la legislación nacional vigente sobre la materia y la normatividad expedida por el International Accounting Standards Board, organismo emisor de los estándares de información financiera para pequeñas y medianas entidades. Además, los estudiantes podrán acceder a los contenidos del portal www.aprendeifrs.co, desarrollado por los autores para optimizar el aprendizaje de los temas contables y financieros bajo el marco de las NIIF.
