The Creation of Modern Buenos Aires Joel Horowitz,2024-04-01 The Creation of Modern Buenos Aires examines the impact of civic associations on the culture and the society of Buenos Aires and their ties to politics in the first decades of the twentieth century. The period saw the emergence of the modern political system with true appeals to the voters, tremendous urban growth, and the solidification of a barrio identity. Historian Joel Horowitz examines four types of organizations: football clubs, bibliotecas populares (popular libraries), sociedades de fomento (development societies that pushed for barrio improvements), and universidades populares (popular universities that provided practical training beyond the primary school level). All four types became important social centers and were connected to the political world. The book focuses on the period from the passage of a voting reform law in 1912, which made male-citizen voting obligatory and fraud more difficult, to the military coup of 1943. The book shows how civic associations helped create the social world of the city, focusing especially on the part they played in the development of the sense of barrio. It demonstrates how civic associations became vital links in the system of politics that emerged, creating spaces for politicians to build connections to different communities.

Gracias por tanta alegría Norberto S. Bisaro,2025-07-31 Vélez Sarsfield es mucho más que un club: es historia, rituales y una pasión que atraviesa generaciones. En este libro, Norberto S. Bisaro recorre momentos que quedaron plasmados en la memoria fortinera para siempre: triunfos imborrables, derrotas que todavía duelen, cábalas, promesas y ese amor incondicional que solo el fútbol puede generar. Desde el Amalfitani hasta cualquier rincón donde vibre una V azulada, estas páginas celebran el sentimiento de pertenecer a algo más grande que un equipo. Porque ser de Vélez no es solo alentar, es llevar en el corazón una forma de vivir el fútbol.
