Angels of Death Roger S. Magnusson, 2013-05-09 Public discussion of euthanasia and assisted suicide is growing. In Australia as elsewhere the debate is difficult, contentious and confronting, and hampered by the secrecy that necessarily surrounds illegal practice. Most people simply have no way of knowing how, and how often, medically assisted death actually occurs. Roger Magnusson presents, for the first time, detailed first-hand accounts by doctors, nurses, therapists and other health professionals who have been participants in assisted death. All have been intimately involved in caring for people with AIDS, both in Australia and in California. He places these ambivalent, self-incriminating accounts within the broader context of the right-to-die debate and the challenges of palliative care. The frankness of the health workers and the richness of their collected evidence set this book apart. From within a culture of deception they speak knowingly and movingly of the merciful release of a peaceful death, while acknowledging the reality of 'botched attempts', euthanasia without consent, precipitative euthanasia, lack of accountability and professional distance, and many other disturbing issues. Angels of Death provides a window into the 'euthanasia underground'—a secret part of medicine and nursing that few professionals will publicly acknowledge. It brings a sense of urgency and precision to public debate, and equips us all to think more independently about these crucial issues.

Uniform Numbers of the NFL John Maxymuk, 2015-02-16 Football is a game of numbers—fourth and inches, the three-man rush, a two point conversion, first down. Even with the obvious numbers in the statistics, rules and game situations, the players' uniform numbers themselves have become part of professional football and its lore. NFL players, like modern-day gladiators, are fitted head-to-toe in protective gear, obscuring even their faces from their most loyal fans. They have become largely identifiable through their uniform numbers. You cannot conjure up Larry Csonka without seeing the number 39 crashing through the line of scrimmage, or recall Lawrence Taylor without imagining the fear his 56 inspired in opposing quarterbacks. This comprehensive reference work lists all 32 current franchises of the NFL and includes brief team histories, statistics and interesting facts. Each chapter ends with an all-time numerical roster listing the numbers 1 through 99 (in some cases beginning with 00) and everyone, from Hall-of-Famer to replacement player, who has ever worn the corresponding number for that club. Four appendices are included.

Spy, 1989-04 Smart. Funny. Fearless. It's pretty safe to say that Spy was the most influential magazine of the 1980s. It

might have remade New York's cultural landscape; it definitely changed the whole tone of magazine journalism. It was cruel, brilliant, beautifully written and perfectly designed, and feared by all. There's no magazine I know of that's so continually referenced, held up as a benchmark, and whose demise is so lamented --Dave Eggers. It's a piece of garbage --Donald Trump.

A Teacher Shoots Back Gary Weart,2007-09-24 A Teacher Shoots Back is the story of how Gary Weart became a social studies teacher in the public school systems of North Carolina and lost thirteen students to violence. With Angela Bynum, Gary started Students Against Violence Everywhere, or SAVE, with chapters extending to forty-four states and seven foreign countries. Working with mayors, governors, senators, congressmen, and two U.S. presidents, Gary worked tirelessly to encourage safe learning environments, homes, and communities. In 1995, Gary received the Presidential Service Award from President Bill Clinton. Now retired, his mission has expanded to promoting global peace and protecting the environment. A Teacher Shoots Back also provides insight into Gary Weart's many lifetime adventures: working in Army counter-intelligence; carrying the Olympic Torch for both the 1996 and 2002 Olympics; meeting members of the Green Bay Packers from the Vince Lombardi era; playing fantasy baseball under Baltimore Orioles manager Earl Weaver; and teaching Slimnastics to an all-female class. In this engaging memoir, Gary chronicles how the family values of his ancestors shaped the goals of his life and taught him honesty, friendship, and the necessity of cooperation. It's the story of how one person can change the world.

Let the Credits Roll Barbara Baker,2015-09-16 What exactly is a best boy or a grip? As the credits roll at the end of every film, listing the names of all the individuals who contributed to its making, many viewers have no idea what these people do. This book reveals the mystery behind the job titles as crew members tell their stories, explaining what their jobs are, how they came to have a career in filmmaking and their many experiences both serious and comic. The author has conducted interviews with 33 accredited members of film production crews from many different American and British films. Each interview includes a brief introduction to the person as well as their filmography. Examples of individuals interviewed include: an assistant director, a best boy, a boom operator, a foley artist, a grip, a set decorator, a storyboard artist and a wrangler.
