Surviving Survival: The Art and Science of Resilience Laurence Gonzales,2012-09-10 You have survived the crisis—trauma, disease, accident, or war—now how do you get your life back? A traumatic or near-death experience can change every aspect of the survivor’s being. It can erase the body’s learned adaptations, and in some cases, those who live through such a shock suffer more in the aftermath than they did during the actual crisis. In all cases, they must work hard to reinvent themselves. Combining harrowing tales of survival with lucid explanations of the science behind the body’s reactions to trauma, *Surviving Survival* offers a valuable and “intriguing argument about the adaptability of the human spirit” (National Geographic Traveler).

Theology and Survival Movies Ioan Buteanu, 2023-03-03 This book provides an innovative analysis of the survival movie genre from an Orthodox Christian anthropological perspective. Grounded in the Orthodox tradition, the approach builds from the first chapter of Genesis where man is described as made in the 'image' and after the 'likeness' of God. It offers a nuanced theological exploration of the concept of the survival movie and examines a number of significant cinematic creations, illustrating how issues of survival intersect romantic, Western, science fiction and war films. The author reflects on how survival movies offer a path for the study of human nature given they depict people in crisis situations where they may reveal their true characters. As well as discussing the role of a 'limit situation' as a narrative element, the book highlights the spiritual aspect of survival and points to the common hope in survival movies for something more than biological survival. It is valuable reading for scholars working in the field of religion and film.
