Palabras que narran la Palabra Carlos del Valle García,2022-09-08 La misión no merece la pena, merece la vida. Este libro deja un mapa de rutas para vivir la misión siendo misión. Se necesita todo el árbol para hacer una flor; para evangelizar es necesario lo que uno es. Misión es dar actualidad, presencia, realidad histórica a lo que Jesús fue, remitiendo a él para sentir su atracción. Es misionero el mensajero identificado con el mensaje, quien pone el corazón donde está su misión. Con reflexiones tatuadas en experiencias de misión, las páginas llevan a repensar la vida del discípulo en clave de misión. Su ángulo de visión es evangelio encarnado en nostalgia de periferia. Para diseñar caminos de misión, más que hablar de los pobres, el libro habla desde los pobres. Porque vida misionera es encuentro en la cátedra de los sencillos.

Inteligencia emocional Pablo Fernández-Berrocal,2023-03-09 Un libro que recoge lo aprendido durante los últimos treinta años de investigación psicológica y neurocientífica sobre la inteligencia emocional. Tradicionalmente se ha solido presentar a las emociones como algo contrapuesto al pensamiento racional, como si fueran algo que debíamos mantener al margen si queríamos tomar las decisiones adecuadas. Sin embargo, hace ya tiempo que las investigaciones en psicología y neurociencia demuestran que la realidad es precisamente la contraria: la correcta gestión de nuestras emociones es un ingrediente fundamental para el buen funcionamiento de nuestras capacidades cognitivas y para nuestro bienestar psicológico. Esa es, en esencia, la idea que recoge el concepto de inteligencia emocional, un término que popularizó David Goleman, aunque la teoría original había sido formulada unos años antes por los psicólogos norteamericanos Peter Salovey y John D. Mayer. Se trata de una capacidad que nos permite dar respuesta a dos de los grandes retos a los que se enfrenta cualquier ser humano. El primero, el del autoconocimiento, ya expresado hace más de dos mil años en el templo de Apolo en Delfos, en el que se podía leer la máxima «conócete a ti mismo». El segundo, el de comprender a los demás, para relacionarnos de forma saludable y segura con quien nos rodea. En este libro, el psicólogo y especialista en inteligencia emocional Pablo Fernández-Berrocal nos presenta, de forma práctica y divulgativa, el conjunto de conocimientos que la psicología y las neurociencias han aportado en las últimas décadas sobre cómo conocer y gestionar mejor las emociones. Descubriremos qué es la inteligencia emocional, cómo puede contribuir a nuestra felicidad personal, cómo podemos desarrollar esa capacidad, y algunas de sus aplicaciones más destacadas en el ámbito educativo y de las organizaciones. Pero, por encima de todo, descubriremos que las emociones son esenciales en nuestra vida, para el éxito personal y profesional, para nuestra salud y bienestar, así como para el progreso de la sociedad.

La Vida Victoriosa Roberto Tinoco,2024-08-05 El Cristiano ha sido llamado por Dios para vivir una vida llena de la presencia y del poder de Dios y que marque la diferencia en este mundo. Sin embargo, la realidad es que algunos cristianos lejos de vivir una vida victoriosa, viven una vida vacía, llena de fallas y pecados e incluso hasta llena de fracasos. Sin embargo, ¿Es eso lo que Dios quiere de sus hijos? ¡Claro que no! Eso no es lo que Dios planificó para ellos. El planeó una vida abundante y feliz, de victoria y no de fracaso. La vida victoriosa tiene como objetivo resaltar que el fracaso, los problemas, los obstáculos y los ataques del enemigo no deben detener, bloquear y mucho menos derrumbar al hijo de Dios; por todo lo contrario, son permitidos para que el creyente crezca y se desarrolle. Desde esta perspectiva, La Vida Victoriosa aborda el tema del fracaso espiritual en los cristianos, por qué fracasan y cómo se pueden evitar o prevenir. También expone de una manera clara y sencilla el tema de las luchas, pruebas y tentaciones que enfrenta el creyente, así como los ataques del diablo y la guerra espiritual que se tiene que pelear. Además, estudia los sentimientos internos con los que el creyente tiene que batallar, como la amargura, la ansiedad, el desánimo y el temor y cómo éstos detienen y neutralizan al creyente. Expone lo qué son, por qué ocurren y cómo se pueden superar. Finalmente, resalta el valor de llevarse bien con los demás, como manejar las relaciones conflictivas y cómo se puede vivir una vida feliz. La vida victoriosa ofrece respuestas desde la biblia, la ciencia, la teología, así como algunos consejos pastorales prácticos para superarlos y vivir una vida plena y feliz.

Morir en paz Marcos Gómez Sancho,2025-02-24 Morir en paz es algo, quizá, difícil de definir pero fácil de detectar, pues es evidente cuando una persona termina su vida de forma serena, apacible, sin dolor o síntomas relevantes y rodeado de sus seres queridos. Esta forma de morir, que antes era una situación generalizada, cada vez se hace más difícil. La tendencia, en incremento, de llevar a los enfermos a morir al hospital genera que muchas personas pasen sus últimos días de vida lejos de sus familiares, en un entorno frío y sin la privacidad e intimidad necesarias para acabar la vida dignamente. Los cuidados al enfermo deberán cubrir las necesidades físicas, psicológicas, sociales y espirituales, sobre todo y de ser posible, con más esmero a medida que se acerca el final. Nunca debemos olvidar la importancia que tiene la correcta atención y soporte que hay que suministrar a los familiares que muchas veces lo pasan peor que el propio enfermo. Son muchos miedos y dificultades que pueden sufrir los seres queridos de quien está a punto de morir, por lo que se debe saber dar una adecuada respuesta, profesional y humana. Por otra parte, cada vez son mayores y más frecuentes los problemas éticos que pueden

surgir al final de la vida, sobre todo el impulso frecuente de no permitir morir al enfermo (obstinación terapéutica) o bien, lo opuesto, acelerar su muerte (eutanasia). Sin duda alguna Morir en paz. Los últimos días de vida nos muestra que en el centro están los cuidados paliativos, el respeto al paciente y el acompañamiento profesional y humano tanto del enfermo como de sus familiares.
