John Croaker John Booker, Russell Craig, 2015-09-08 John Croaker's life was an extraordinarily fascinating one. Born in humble but respectable circumstances in Canterbury, Kent, he was principal clerk at the Isle of Thanet Bank in Margate. In 1815 he apparently became unhinged and began cheating in the bank's ledgers. After absconding to Calais with some stolen assets, he was convicted of embezzling the proceeds of a bill of exchange. Croaker was transported to Australia for fourteen years and received a ticket of leave from Governor Macquarie. His arrival coincided with the foundation of the Bank of New South Wales, and the former embezzler was employed to set up its bookkeeping procedures, thus introducing the system of double-entry bookkeeping to the colony as a whole. After being granted a conditional pardon he went on to establish one of the colony's first malthouses, and for a period was a very successful brewer. From 1820, however, his fortunes declined rapidly. In 1823 Croaker took ship for England with his eldest son, dying in mysterious circumstances on the voyage. His career generated a succession of interesting issues, and his involvements in banking, brewing and the law have allowed John Booker and Russell Craig to use him as a window on the economic, judicial and social conditions of his age, both in England and in New South Wales. Their style is no-nonsense and dryly humorous and the tone is very engaging. John Croaker, Convict Embezzler is not only meticulously researched but also a thoroughly good read.

The Dancer Evelyn Juers, 2021-10-01 The new book by prize-winning biographer Evelyn Juers, author of *The House of Exile* and *The Recluse*, portrays the life and background of a pioneering Australian dancer who died at the age of twenty-five in a remote town in India. A uniquely talented dancer and choreographer, Philippa Cullen grew up in Australia in the 1950s and 60s. In the 1970s, driven by the idea of dancing her own music, she was at the forefront of the new electronic music movement, working internationally with performers, avant-garde composers, engineers and mathematicians to build and experiment with theremins and movement-sensitive floors, which she called body-instruments. She had a unique sense of purpose, read widely, travelled the world, and danced at opera houses, art galleries and festivals, on streets and bridges, trains, clifftops, rooftops. She wrote, I would define dance as an outer manifestation of inner energy in an articulation more lucid than language. An embodiment of the artistic aspirations of her age, she died alone in a remote hill town in southern India in 1975. With detailed reference to Cullen's personal papers and the recollections of those who knew her, and with her

characteristic flair for drawing connections to bring in larger perspectives, Evelyn Juers' *The Dancer* is at once an intimate and wide-ranging biography, a portrait of the artist as a young woman.

Reading Uncensored Palladio in Light of Australian Vernacular Architecture Antonia Clarkeson, 2024-12-20 In this book, Clarkeson reads Palladio's drawings as being carefully crafted, having integrity in their own right, with their own story to tell, and meant to be measured. Claiming Palladio's rightful place in the history of metrology, Clarkeson represents Palladio's work as part of the Italian contribution to the debate about the desired features of a universal metric measure. Clarkeson turns architecture on its head, to focus on feet as units of vibrant metre, capturing insights from the architectural interests of Isaac Newton and Francis Howard Greenway to architectural practice in the antipodes, and taking movement of and within 3-dimensional 'bulk' spaces as the fundamental stuff of an architecture that is assertively local in its unique co-ordinate cosmetic. The book offers a fresh interpretation of Palladio's 'orders' and of such classic designs as villa Cornaro, palazzo/villa Almerico (la Rotonda), and villa Antonini, teatro olimpico that dispels myths and explains 'the bits that don't fit' in the usual interpretations of Palladio's work.

Don'T Call Me Annie! Maisie Mary Kew, 2016-02-03 1810 Port Jackson was an unlikely time and place for Ann Cotterell to find happiness and fulfilment, but for a lonely young woman in Georgian London whose prospects were grim, this destination seemed to offer a far better future. With a spot of devious scheming, feisty Ann became the eager recipient of a seven year sentence to England's latest penal colony in New South Wales. Ever the optimist, the impetuous Ann launched herself into a new life that actually promised much more than she hoped for. However, broken dreams and Ann's wilfulness again brought her undone. When she found herself in the stocks for a humiliating offence, she discovered God's grace and mercy were sufficient for even a recalcitrant like herself. But, would she ever find peace and contentment with Will Davis, the hardworking love of her life, and also a former guest of His Majesty?

Women on the Rocks Kristin Williamson, 2015-11-23 In 1820 Mary Jones is wrongly convicted of a crime committed by

her best friend. From their first encounter as domestic servants in Kent, the two women were unlikely friends, opposite in every way – Mary trusting, generous and kind, and Maria ruthless, manipulative and feisty. But their lives are changed forever when Mary is transported from the tranquility of rural England to the alien environment of colonial Australia. The two friends' destinies entwine through England, New Zealand and Australia over two decades, bringing them fortune, love and loss. *Women on the Rocks* celebrates the power of friendship and the indomitable strength of the human spirit.

Convicts and the Arts Professor Max Howell, Dr Lingyu Xie, 2013-11-01 There are a considerable number of books on the art of the convicts, so *Convicts & Art* has been covered reasonably well but art is only one facet of the arts that has been examined to any extent. This book concerns itself with *Convicts & the Arts*. This book, then, endeavors to look at the convicts' contribution to the arts, and demonstrates without doubt that the convicts made a significantly broader contribution to the culture of Australia than previously thought. There is a common misconception that all convicts were immediately institutionalised in a cell, and convict culture was solely a prison culture. It needs reinforcing that when the First Fleet arrived there were no prisons in Australia, no cells where they could put the convicts. The early governors and principal authorities quite logically endeavoured to use whatever skills the convicts had. So artists, generally forgers, were placed with those who were interested in recording a visual history of this new land. Among the convicts were bricklayers, house painters, jewelers, silversmiths, goldsmiths and so on, and some of them made significant contributions to the emerging society. Some of these contributions will be developed herein. This work endeavors to examine the convicts' contribution to the arts in Australia, in areas like the writing of novels, poetry, autobiographies, sculpture, theatre, music, architecture, jewelry, the press, decorative arts and pottery.
