New Age & the Last Days Deception Billy Crone, 2019-03 Some would say New Age refers to those flower loving, freewheeling people in the 60's who wore tinfoil triangles on their head. Others will remark it has to do with those who fear for the ecosystem. Still some will give you a blank stare and say they have no idea what you're talking about. Yet, little do any of these people realize that the beliefs and teachings of the New Age Movement have not only permeated virtually every sector of our society, but they are leading mankind towards the greatest time of deceit this planet has ever seen. Therefore, this book, *New Age & the Last Days Deception*, seeks to give you the reader an in-depth insight into the background and beliefs of the New Age Movement and how they are attempting to lead and deceive our planet. Here you will discover such shocking facts as: *The Basics of New Age*, *New Age in Society*, *The Beliefs of New Age*, *New Age & Astrology*, *The History of New Age*, *New Age & Mediumship*, *Oprah Winfrey & Her New Age Friends*, and *New Age & Divination*.

Anunnaki Theory Authenticated with a New Twist Shafak GokTurk, 2018-06-16 What do all books about the Anunnakis have in common? The answer doesn't really matter because in this book Shafak GokTurk brings a different perspective on the subject, one that will take you to another dimension of reality in our world. Ever wonder how humankind was able to make such tremendous progress over the last 2,000 years? Why is leadership of the world shifting from East to West in politics, economics, and technology? GokTurk makes significant claims that will answer some of these questions and may radically change your viewpoint on the world. Unlike some authors who claim the Anunnakis left our world, GokTurk historically and methodically proves that they remain and have had a significant impact on our lives. The two main groups of Anunnaki—Enlil and Enki—are still active and have always been. A shift of power from one to the other that will reshape our world in the near future is imminent. Will this shift of power bring peace and prosperity, or are we destined to take a turn for the worse? Reading this book will enlighten you about various topics: who Admiral Byrd had a conversation with; Who is Shem to the great Rumi? What are the messages that these people were trying to give us? Do Anunnakis take humans into their society by allowing them to live forever? Purchase the book now to see the world order from a new perspective, as we come closer to meeting our true ancestors in 2060 (?).

Chopped, Sprinkled and Ready to Serve Anita Lazarus, 2013-01-17 This book is a frank and revealing personal story of the development of spiritual life in Christ. It is told with warmth, integrity, a quiet humor and a pervasive underlying sense of awe to illustrate how God is able to apply the principles found in the Bible, in the life of the believer. The diversity of life experiences Anita shares with husband Don contributes to the rich tapestry of her spiritual growth from which she is able to inspire others, from all walks of life, to press on in their own journey with Jesus. Regardless of faith level, this book is sure to open up the readers understanding of what God intends him or her to be, and how He makes this possible in the receptive soul. Grounded in Scripture and seen through the lens of personal experience, there are rich and helpful insights, spiritual principles and memorable analogies to encourage fellow travelers. Coriander is one of Asia's most essential flavors. Anita's attempts to grow it parallels her spiritual experience. The seed must be bruised and buried for a thrust of living shoots to appear. Only chopped leave release their essence to infuse the food on which they are sprinkled. Set in India, these memoirs present principles that are universal for spiritual growth.

The Dawning of the Golden Age of Aquarius Albert Amao Ph. D., 2012 We are at the threshold of a transitional period from the Age of Pisces to the Age of Aquarius. What should we expect from this coming New Era? What are its signs? What is the fate of human spirituality? What will the new concepts of God and of religion be? This book attempts to answer these questions based on well researched sources complemented and endorsed by cosmology, archeology, psychology, religion, Near East studies, and mythology, among other scientific disciplines. The book also intends to clarify the confusion created by some Protestant religious leaders and sensationalistic writers who have misinterpreted the signs of the transitional period as the end of the world. The truth is that we are witnessing a shift of ages, that is, the slow evolution from the Piscean Era to the commencing of a new worldwide social order, a new chapter in human history called the Aquarian dispensation. The huge conspiracy propounded by false prophets and some New Age writers, whether overtly or covertly, feeds the fear and anxiety of ordinary people with unfounded apocalyptic propaganda. This book attempts to give the reader an accurate perspective

regarding the planetary transformations that are taking place; it offers hope and inspiration as we approach the Golden Age.

Omniscience Religion and Me Joe Calloway,2023-02-02 The Oriental Sanskrit's from some of earth's earliest people, there is mention that knowledge is in the indivisible. According to quantum mechanics, on a subatomic scale scientist have broken down the makeup of the atom. To find the indivisible scientist must break down the particles that make up the atoms themselves. When they did this, they found strings. These strings vibrate. This means all the universe is experienced through vibrations and frequencies. So, if all the universe is experienced through vibration, this means we experience the universe (through egoic consciousness) and the Universe experiences us (through Spiritual consciousness).

Fifth World Medicine Dr. John C. Hughes,2022-05-25 What begins as a hunger for authentic medicine in a young medical student evolves into a quest for an entirely new world, a Fifth World, where the line between what is material and spiritual has been dissolved. In Fifth World Medicine, you will explore the lands, myths, and prophecies of the Hopi People, chase after coyotes in the deserts of Arizona, enter a sweat lodge with a shamanic healer in the far North Country of Canada, embrace the power of silence and the medicine of enlightenment, go on a vision quest in the depths of the Grand Canyon, and find your roots in the sacred temple of the human body and the soil of Mother Earth. Fifth World Medicine dares to challenge Westerners and anyone who dwells in the Fourth World, a techno-industrial world where dualistic thinking and linear, scientific methodologies assert their hegemony—leading to disease in Mother Earth and her inhabitants. Fifth World Medicine provides an exit path for those who hunger for something more than the Fourth World. Fifth World Medicine satisfies humanity's deep, collective hunger for lasting health as it integrates one's spirit, mind, body, and Earth. If you feel this hunger, follow the wolf on this journey to the Fifth World—a journey guaranteed to test your worldview and entire understanding of what is true.

Rivers of Existence Leanne Dawson, 2013-04 My journey took me to England, USA, and Europe, through the guidance of Archangel Michael, activating Earth Acupuncture healing on major ley lines and power sites. The trip was life-changing, in that it provided me with answers to life's mysteries which I had been searching for and unknowingly found the love of a partner. This book delves into the following topics. - The heart healing aspect of the modality. - Includes the Earth Acupuncture process. - How to find and what to look for in a black stream. - How to work with angelic beings and elementals. - Examples of the space-clearing process. - The dowsing response and how to work with it. Earth Acupuncture is a technique that sends healing to an area of environmental distress, restoring balance to the land and provides emotional and spiritual relief to the people who inhabit the area. The process of Earth Acupuncture is built on the concept that there are many energy lines that crisscross the planet. These lines or grids have been mapped out and named by many dowsers who have journeyed across the globe. Many of the sacred sites across the world such as Chartres in France and Stonehenge in England reside over these energy grids. However, these energy grids can get out of balance when affected by catastrophic events such as a war, famine, and human atrocities. When these events happen, the energy that was once sacred, clear, and flowing energetically can turn into a black stream, absorbing and carrying with it energy that can have a detrimental effect on the mental, emotional, and physical health of all.

Healing Without Medicine Albert Amai, 2014-05-02 As a man thinketh, so is he—thus is the biblical King Solomon often quoted by proponents of New Thought, one of the most influential native religious movements in America. Albert Amai provides an engaging and serious history of this and related movements from the eighteenth century to the present. His discussion ranges from Phineas P. Quimby, the father of New Thought, and Mary Baker Eddy, founder of Christian Science, to Myrtle Fillmore, cofounder of Unity Church of Christianity, William James, the father of American psychology, and leaders in the emerging field of Energy Psychology. Amai's aim is to provide a rational explanation of the power of thought to heal the mind and body. All methods of mind/spiritual healing are self-healing, he says; we all have an inner capacity to heal

ourselves. He examines cases of contemporary New Thought leaders who self-healed from “incurable” diseases free of medicine, and he describes the mechanism that triggered their healing. Their experiences have benefited millions of followers worldwide. The beauty of New Thought, says Amao, is that it empowers us to become conscious co-creators of our well-being and achieve success in other areas of life beyond recovering our health.

The Dawning Terry MacKinnell, 2011-03-09 The Dawning is a radically different and innovative approach to the astrological ages including the Age of Aquarius -providing a fascinating insight into past ages, our current turbulent times, and what might be in store for our world over the next few thousand years! Terry MacKinnell takes us on a journey into the astrological ages and with periscopic detail presents an entertaining and thought-provoking read that challenges astrological assumptions. MacKinnell proposes that an oversight made by the ancients inadvertently impacted conventional astrological calculations and he explores the popular belief that the Age of Aquarius has already arrived when according to conventional astrology it is not due for many centuries to come. He argues that the real Aquarian Age has indeed already arrived and did so in the 15th Century, the same century historians claim as the beginning of modernity. Continuing the journey he dives into our present and our future. This fascinating book will appeal to astrologers, archeo-astronomers, historians and everyone looking for a new perspective on the past, the present and the future.

The Prophet of Patmos Adelbert Scholtz, 2025-02-28 What did John of Patmos, the author of the biblical book of Revelation, really see and describe in his book? This historical novel recreates his visions and adventures during his exile on the island of Patmos and explains what his message was. A careful reading of the book of Revelation, a knowledge of astrology as practiced by the Greeks and the Jews in antiquity, as well as information from extra-biblical sources, made it possible to reconstruct John’s visions, which are mostly based on descriptions of the constellations and planets in the night sky, as well as other natural phenomena. John came from a priestly family and was probably a member of the sect of the Essenes or Nazarenes, the sect to which Jesus of Nazareth also belonged. During the Jewish war of AD 66–73 against the Romans, he fled to Ephesus, where he joined the Christian community and later became its leader due to his priestly background. He lived as an exile and religious undesirable on the island of Patmos during AD 96 but was pardoned after the Roman Emperor Domitian’s death.

The Pun-Dementals David C. Campbell, Timothy D. Campbell, 2023-04-13 This book contains limericks galore, Packed with puns, but also much more: Academic lights And helpful insights May be seen as o’er pages you pore. Is the Bible (gasp!) boring? This set of limericks may change your mind, or at least supply you with enough puns to keep your students awake all semester and enough rhymes to jog their memories before the exam. Or perhaps you want to get onto (or removed from) the church sign committee. Looking at familiar (or less familiar) biblical passages and events in church history from a different angle may even provide new insights—especially if the viewing angle is slightly askew. And, as Proverbs 17:22 says, “A merry

heart doeth good like a medicine,” so buckle your seatbelt for a ride on the Romans road less taken.

A Kingdom of the Truth or Deception? David K. Hebert Th.D.,2024-12-18 This book has been the culmination of over forty years of study on the concept of defending the Christian faith against false religions and cults that oppose that faith by exposing them. Since 2007, the study took on a more academic-researched scholarly tone while writing one chapter in the doctoral work. It was during that time frame that studying the false religions and cults took on a more focused biblical, historical, and Christian orthodox direction. So the foundation of this book uses the Parable of the Wheat and the Weeds (Tares) in Matthew 13:24-30, 36-43 and a clear understanding of the core orthodox Christian beliefs as the standard for Christians to compare the kingdom of God versus the kingdom of darkness (and God's truth versus Satan's lies/error) throughout biblical history, from the Garden of Eden to the present day, especially as the day of Jesus Christ's return so rapidly approaches.

Purpose Beyond 2012 Wj Reichertz,2012 Like many Americans, Ricky Vogt was searching for a career and purpose during the fallout from America's 2008 economic implosion. At the same time the nation was searching to resolve energy, environmental, and economic problems within a dysfunctional political system. This story explains how Vogt joined his fellow Americans as they fought amongst themselves in search of a better vision. He questions how community resolves the tension between intolerance and personal liberty; between the selfishness of trickle-down economics and the ideals of spirituality and our founding documents promoting the common good. The book depicts Vogt's evolving search for better solutions and a new way forward.

Exploring the Marine Ecology from Space Dmitry V. Pozdnyakov,Lasse H. Pettersson,Anton A. Korosov,2017-06-10 This book provides results of spatial and temporal distributions of water quality parameters and marine primary production and its relationship with the driving atmospheric, ocean circulation and hydrobiological mechanisms established through a synergistic use of multi-spectral region spaceborne data and results of numerical model simulations of marine in-water and atmospheric processes related to the marine ecosystem. The changes in the studied marine/oceanic environments are analysed in light of recent climate change that imposes its influence through a set of forward and feedback interactions and forcing.
