**Bolivian Labor Immigrants' Experiences in Argentina** Cynthia Pizarro,2015-12-03 Bolivian Labor Immigrants' Experiences in Argentina examines key issues regarding the structural factors that pattern the integration of Bolivian immigrants in labor markets segmented by inequalities based on class, gender, ethnicity/race, nationality, and migratory and legal status. The book provides ethnographic insights about the various ways in which Bolivian immigrants experience harsh living and working conditions in Argentina, demonstrating that these men and women are capable of dealing with oppressive situations and of performing particular ways of resistance. The book also refers to the trajectories of some Bolivians who had previously migrated to Spain and returned to Argentina after the European crisis in 2008. And it compares the south-south labor migration from Bolivia to Argentina with the north-north one from Tajikistan to the Russian Federation. The focus on labor migrants does not lead to a reductionist economic analysis of their trajectories, experiences, and prospects for the future. On the contrary, they are studied from a holistic anthropological approach, considering that migrants make sense of their territorial mobility from complex points of view anchored in their life experiences. Therefore, contributors consider that migration is a process that involves economic, social, cultural, and political dimensions.

**The Routledge Handbook of International Critical Social Work** Stephen A. Webb,2022-11-11 The Routledge Handbook of International Critical Social Work is a companion volume to the Routledge Handbook of Critical Social Work. It brings together world-leading scholars in the field to provide additional, in-depth and provocative consideration of alternative and progressive ways of thinking about social work. Critical social work is increasingly involved in a global conversation, and as a subfield of social work it is rapidly becoming an interdisciplinary field in its own right and promoting novel forms of political activism. The Handbook showcases the global influences and path-breaking ideas of critical social work and examines the different stances taken on important political and ethical issues. It provides the first complete survey of the vibrant field of critical social work in a rich international context. This definitive volume is one of the most comprehensive source books on crucial social work that is available on the international stage and an essential guide for anyone interested in the politics of social work. The Handbook is divided into sever sections • Thinking the Political • Politics and the Ruins of Neoliberalism • Negotiating the State: Resistance, Protest and Dissent • Race, Bordering Practices and Migrants • Post Colonialism, Subaltern and the Global South • Critical Feminism, Sexuality and Gender Politics • Posthumanism, Pandemics

and Environment The Handbook is comprised of 46 newly written chapters (and one reprint) which concentrate on differences between European and American contributions in this field as well as explicitly identifying the significance of critical social work in the context of Latin America. It provides a further vital trajectory of intellectual practice theory via interdisciplinary discussion of areas such as biopolitics, critical race theory, boundaries of gender and sexuality, queer studies, new conceptions of community, issues of public engagement, racism and Roma people, ecological feminism, environmental humanities and critical animal studies. The Handbook is an innovative and authoritative guide to theory and method as they relate to policy issues and practice and focus on the primary debates of today in social work from a critical perspective, and will be required reading for all students, academics and practitioners of social work and related professions.

**Comparing Ethnographies** Kathryn Anderson-Levitt,Elsie Rockwell,2017-06-23 Comparing Ethnographies presents cross-national comparisons that give researchers and students a fresh look at familiar concepts. How does it matter, for example, to think in terms of majorities rather than minorities, migrants rather than immigrants, or intercultural education rather than multicultural education? How does indigenous education or the work of teachers look different to ethnographers from different countries of the Americas? This engaging new volume edited by Kathryn Anderson-Levitt and Elsie Rockwell includes essays from experts throughout the Americas which help readers understand and learn from ethnographic educational research conducted across the Western Hemisphere, and also includes a practical guide to finding the relevant literature.

**Poblaciones en movimiento** Imilan, Walter,Margarit, Daisy,Garcés, Alejandro,2014 El presente volumen ofrece una exploración que incluye desde las metrópolis del Cono Sur hasta México y Madrid, intentando comprender el papel de las rutas, las dislocaciones y re-territorializaciones en la sociedad contemporánea. Desde allí surgen evidencias que tensionan

los mecanismos y supuestos a través de los cuales se ha pensado la cultura y también la etnografía, cobrando especial centralidad el movimiento de personas, objetos e imaginarios en un contexto mundial de expansión capitalista, que en ningún caso ha logrado diluir lo étnico en la planicie sistémica, ni borrado la necesaria incrustación social ante la fantasía economicista.

Niñez, regulaciones estatales y procesos de identificación Gabriela Novaro, Laura Santillán, Ana Padawer, Laura Cerletti, 2024-08-26 Este volumen reúne investigaciones realizadas por el Programa de Antropología y Educación de la Universidad de Buenos Aires. Los capítulos ofrecen una perspectiva comparativa sobre los distintos paradigmas en torno a la infancia, los procesos de socialización en diversos espacios (organizaciones sociales, familias, escuelas), el modo en que la educación se realiza en colectivos pertenecientes a distintos sectores sociales y a diversas adscripciones étnicas y nacionales. El libro constituye un aporte para comprender la socialización y la educación en contextos de diversidad y desigualdad, así como las políticas públicas que focalizan su intervención en la infancia en la sociedad argentina actual.

Imigração atual: dilemas, inserção social e escolarização Brasil, Argentina e EUA Leda Maria de Oliveira Rodrigues, 2017-01-10 O leitor tem em mãos o livro elaborado pelo incentivo do I Seminário Internacional sobre Imigração e Escolarização realizado em março de 2016, na Pontifícia Universidade Católica de São Paulo. O evento foi essencial para que conteúdos apresentados e discutidos pudessem ser transformados em capítulos, parte deles recuperados aqui, outros escritos após seu término. O seminário foi planejado e organizado com o apoio e trabalho do grupo de pesquisa Movimentos Migratórios e Educação do Programa de Estudos Pós-Graduados em Educação: História, Política, Sociedade. O grupo iniciou seus trabalhos em 2014 motivado pela demanda trazida por estudantes de pós-graduação, sobre problemas que encontravam enquanto professores de escolas públicas municipais ou estaduais da cidade de São Paulo. Os problemas por eles vivenciados em sala de aula tinham como centro de atenção a inserção de crianças imigrantes matriculadas, e o convívio delas com crianças e professores nacionais. O livro está dividido em três partes, as saber: parte I Contexto social brasileiro: diferenças culturais e escola; parte II Imigração na Argentina, EUA e escolarização; parte III Escola, imigrantes e práticas pedagógicas. Espera-se que o conjunto dos capítulos composto por parte essenciais do Seminário consiga trazer à luz a proposta de cada autor sobre escolarização e imigração, e que cada capítulo favoreça um conhecimento mais profundo sobre o problema. É também expectativa dos autores que a leitura do livro possa contribuir com novas pesquisas sobre imigração e escolarização.

**Migraciones** Alcántara, Manuel, García Montero, Mercedes, Sánchez López, Francisco, 2018-07-01 El Comité Organizador del 56º Congreso Internacional de Americanistas (ICA) publica las actas del encuentro celebrado en la Universidad de Salamanca el 15 al 20 de julio de 2018. Bajo el lema «Universalidad y particularismo en las Américas», reflexionó sobre la dialéctica entre la universalidad y los particularismos en la producción de conocimiento, un diálogo en el que la necesidad de conocer los particularismos de los fenómenos sociales, políticos, artísticos y culturales obliga a formular nuevas hipótesis que enriquecen y replantean las grandes teorías generales de las ciencias y las humanidades. El carácter interdisciplinario e inclusivo que ha caracterizado al ICA desde su inicio en 1875, como un congreso de estudios de área en sentido completo, hace aún más significativa esa dinámica de producción de conocimiento. Con un planteamiento interdisciplinario e inclusivo, ICA reúne a investigadores que estudian el continente americano, desde Alaska hasta Tierra de Fuego, incluyendo el territorio del Caribe, a partir del análisis de su política, economía, cultural, lenguas, historia y prehistoria. Así, el Comité Organizador les invitó participar en el análisis y la reflexión sobre las especificidades de las Américas y el Caribe con el objetivo de enriquecer las grandes teorías generales.

*Global Change and Human Mobility* Josefina Domínguez-Mujica, 2016-03-16 This book demonstrates the benefits of applying a new interdisciplinary approach that combines global change and human mobility. The term globility was coined in the year 2000 when the commission with the same name was created by the International Geographical Union with the purpose of theorizing about and asserting the concept of human mobility. First the book offers theoretical reviews of human mobility. Then it proceeds to study patterns of mobility in today's world as it faces new challenges in migration policies (including border controls, management of refugee movements, social initiatives to empower unauthorized immigrants), the integration issue, environmental hazards, and so on. The response to these diverse challenges reveals an increasing fluidity of human mobility and new forms of engagement of people on the move. Readers will obtain a better understanding of current human mobility from a large number of regions and from different thematic perspectives.

**Folclore en las grandes ciudades**, 2005-01-01 Nuevos escenarios de la identidad local y suramericana son explorados hoy en día por creadores populares. Estas búsquedas recurren a interpretaciones del pasado para dar sentido y autoridad a la acción presente. Nueve jóvenes investigadores de la Facultad de Filosofía y Letras de la Universidad de Buenos Aires analizan tradicionalizaciones que generan saberes y modos de acción alternativos, es decir, no integran los circuitos de las llamadas "bellas artes", la cultura oficialmente reconocida o la producción destinada al consumo de masas. Justamente, los artículos que presentamos estudian las líneas de cruce o interfase entre estos desniveles culturales. Se recorren las actuales actividades de jóvenes artistas callejeros, inmigrantes recientes, viejos inmigrantes, minorías étnicas, que se insertan en la periferia de la vida urbana, impulsando proyectos autogestivos de participación, ganando espacios de reconocimiento,

reclamando derechos y cuestionando las recetas de exclusión social.
