James J. Butcher

Dead Man's Hand James J. Butcher, 2022-10-11 In the tradition of his renowned father, James J. Butcher's debut novel is a brilliant urban fantasy about a young man who must throw out the magical rule book to solve the murder of his former mentor. On the streets of Boston, the world is divided into the ordinary Usuals, and the paranormal Unorthodox. And in the Department of Unorthodox Affairs, the Auditors are the magical elite, government-sanctioned witches with spells at their command and all the power and prestige that comes with it. Grimshaw Griswald Grimsby is...not one of those witches. After flunking out of the Auditor training program and being dismissed as "not Department material," Grimsby tried to resign himself to life as a mediocre witch. But he can't help hoping he'll somehow, someday, get another chance to prove his skill. That opportunity comes with a price when his former mentor, aka the most dangerous witch alive, is murdered down the street from where he works, and Grimsby is the Auditors' number one suspect. Proving his innocence will require more than a little legwork, and after forming a strange alliance with the retired legend known as the Huntsman and a mysterious being from Elsewhere, Grimsby is abruptly thrown into a life of adventure, whether he wants it or not. Now all he has to do is find the real killer, avoid the Auditors on his trail, and most importantly, stay alive.

Long Past Dues James J. Butcher, 2025-02-04 Grimsby, the newest Auditor in the magical Department of Unorthodox Affairs, finds himself in hot water when he intercepts a friend's case in this fast-paced and thrilling urban fantasy. Against all odds, Grimshaw Griswald Grimsby has become an Auditor, enforcing laws about magic for Boston's Department of Unorthodox Affairs. But Grimsby soon realizes the daily grind of his job is far removed from the glamour he imagined. Overlooked for every exciting case, Grimsby tires of being told to handle mundane magical troubles, and appropriates a case file intended for a friend. Alongside Leslie Mayflower, the temporarily unretired Huntsman, Grimsby aims to crack the case and discover the origin of a strange, unfinished ritual—one that seems to imitate the handiwork of a foe Mayflower put down twenty years ago. Together, they'll have to deal with escaped werewolves, a cursed artifact, and a perilous journey to the mysterious subterranean city below Boston, all to uncover the shocking truth. At any cost, Grimsby must stop this ritual from finally being completed. Yet the cost may be paid not by himself but by his friends. . . .

Cold Iron Task James J. Butcher, 2025-03-04 Grimsby, a junior Auditor in the magical Department of Unorthodox Affairs, finds himself on the other side of the law in this spellbinding urban fantasy. Grimshaw Griswald Grimsby may have one case under his belt, but he's still a novice Auditor in Boston's Department of Unorthodox Affairs. And he's already made mistakes. Desperate to repair his fraying friendships, he doesn't ask too many questions when a mysterious patron offers him the chance to join a heist of an otherworldly vault—and in the process find answers that could make things right. Complications arise when Grimsby learns that his partner, Mayflower, is keeping secrets about his past. Between facing new demons, old horrors, and monsters—both Usual and Unorthodox—Grimsby soon realizes nothing is how it appears and that not asking enough questions just might be his downfall.

Age of Secession Ryan D. Griffiths,2016-10-27 What are the factors that determine how central governments respond to demands for independence? Secessionist movements are numerous and quite varied in form, but the chief obstacle to their ambitions is the state itself, which can deny independence demands, deploy force if need be, and request that the international community respect its territorial integrity by not recognizing the breakaway region. Age of Secession focuses on this crucial but neglected moment in the life of a secessionist movement. Griffiths offers a novel theory using original data on secessionist movements between 1816 and 2011. He explains how state response is shaped by international and domestic factors, when conflict is likely, and why states have proliferated since 1945. He mixes quantitative methods with case studies of secessionist movements in the United Kingdom, Russia/Soviet Union, and India. This is an important book for anyone who wants to understand the phenomenon of secession.
