

# Love Is A Passion

**Jerrold S. Greenberg, Clint E. Bruess, Sara B. Oswalt**

**Love, Passions, and Betrayal** Corlis, Corlis Martin, 2005-08-30 He was the mystery in her history that would forever remain unsolved. She loved him so intensely; now and again it seemed to injure her core to have a sinuous love as this. Being a worldly wise woman, she did not understand how she could love any man. He was an extraordinary man whose beauty comes within the center of his soul. Beautiful as could be he was the angel whom she loves so deeply. Although no one except she and he knows this to be. He was her secret mystery, her morning sun, her luminous star in twilight. He was a quiet tempest she could not resist. Dark passionate desires for him haunted her in the worst way, each and every day. Emotions stirred within her as she allowed her mind to wonder and linger. Within her private world he was her treasure, her ultimate pleasure. The love she held in her heart for him was unreasonable and complicated. Within her mind her wanton love for him was by design. A love so strong whether right or wrong, it would stay with her, waiting for the time for her to ascend. In the midst of the stars where love endlessly flows, she looks forward to the day when he will know. That the love she feels for him will last after everything else in this world has passed

*The Science of Intimate Relationships* Garth J. O. Fletcher, Jeffrey A. Simpson, Lorne Campbell, Nickola C. Overall, 2019-08-19 Provides a unique interdisciplinary approach to the science of intimate human relationships This newly updated edition of a popular text is the first to present a full-blooded interdisciplinary and theoretically coherent approach to the latest scientific findings relating to human sexual relationships. Written by recognized leaders in the field in a style that is rigorous yet accessible, it looks beyond the core knowledge in social and evolutionary psychology to incorporate material and perspectives from cognitive science (including brain-imaging studies), developmental psychology, anthropology, comparative psychology, clinical psychology, genetic research, sociology, and biology. Written by an international team of acclaimed experts in the field, *The Science of Intimate Relationships* offers a wealth of thought-provoking ideas and insights into the science behind the initiation, maintenance, and termination of romantic relationships. The 2nd Edition features two new chapters on health and relationships, and friends and family, both of which shed new light on the complex links among human nature, culture, and romantic love. It covers key topics such as mate selection, attachment theory, love, communication, sex, relationship dissolution, violence, mind-reading, and the relationship brain. Provides a coherent and theoretically integrative approach to the subject of intimate relationships Offers an interdisciplinary perspective that looks

beyond social and evolutionary psychology to many other scientific fields of study Includes two new chapters on 'Relationships and Health' and 'Friends and Family', added in response to feedback from professors who have used the textbook with their classes Presented by recognized leaders in the field of relationships Features PowerPoint slides and an online Teaching Handbook The Science of Intimate Relationships, 2nd Edition is designed for upper-level undergraduate students of human sexuality, psychology, anthropology, and other related fields.

**Romantic Love in Cultural Contexts** Victor Karandashev, 2016-12-24 This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. Félix Neto (Professor of Psychology) Faculdade de Psicologia e de Ciências da Educação Universidade do Porto, Portugal

*Close Relationships* Clyde Hendrick, 2000 The authors in the volume extend the reach of their comprehensive reviews

into theoretically driven and innovating explorations. The scope of coverage across and within chapters is striking. The developmentalist, the methodologist, the feminist, the contextualist, and the cross culturalist alike will find satisfaction in reading the chapters. -Catherine A. Surra, The University of Texas at Austin The science of close relationships is relatively new and complex. Close Relationships: A Sourcebook represents the growing maturity of this multidisciplinary enterprise. The volume offers 26 chapters organized into four thematic areas: relationship methods, forms, processes, and threats, as well as a foreword and an epilogue. The volume provides a panoramic view of close relationship research as it enters the 21st century, offering highlights from current literature, original research, practical applications, and projections for future research. Relationship Methods includes both qualitative and quantitative chapters. Relationship Forms includes many of the stages, types, and roles that characterize intimate relationships. In a developmental fashion, chapters address social networks, children's friendships, adolescent relationships, adult friendships, and friendships in later life. Chapters on multicultural and multiracial relationships and gay, lesbian, and bisexual relationships illustrate the variety of relationship forms that the science of close relationships must consider. The alignments and realignments of traditional family structure are considered in terms of contemporary marriage, divorce and single parenting, and remarried families. Relationship Processes includes chapters on emotion, attachment, romantic love, sexuality, intimacy, communication, conflict, social support, and relational maintenance. The important topic of gender concludes the section. The shadow side of human nature is explored in the Relationship Threats section, with chapters on infidelity and jealousy, physical and sexual aggression, depression, and loss and bereavement. A foreword by Ellen Berscheid sets the stage for this broad-ranging collection of chapters. Steve Duck and Linda Acitelli conclude with an epilogue that provides a new beginning for the science of close relationships.

**Jacob's Ladder** Peter Kreeft, 2013-01-31 There are ten important questions everyone should ask; ; and the answers to these questions, which lead to ultimate ; truth, are a matter of reason, not of faith. Well-known Catholic philosopher and writer Peter ; Kreeft tackles each of these questions in a logical ; step-by-step way, like climbing the rungs of a ladder. ; Because questions are best answered by dialogue, Kreeft ; answers these fundamental questions in an imaginary ; conversation between two very different people who meet at ; the beach. Kreeft's characters begin at the ; beginning, at the bottom of the ladder, which is the ; passion for truth. When it comes to the most important ; questions a person can ask, no mere interest in ; philosophical dabbling will do. The passion for truth does ; not stop there, however, but carries the reader from one ; page to the next in this thought-provoking adventure of the ; mind. Among the topics, or steps, that ; Kreeft's characters delve into include: Do you ; have the passion to know? Does truth ; exist? What is the meaning of life? What ; is love, and why is it so important for our ; lives? If there is a God, what proof is there for ; his existence? Has God revealed himself to us in a ; personal way? And many other important ; questions and topics to help climb the ladder to the truth ;

about life.

**The Culture of Love in China and Europe** Paolo Santangelo, Gábor Boros, 2020-01-13 In *The Culture of Love in China and Europe* Paolo Santangelo and Gábor Boros offer a survey of the cults of love developed in the history of ideas and literary production in China and Europe between the 12th and early 19th century. They describe parallel evolutions within the two cultures, and how innovatively these independent civilisations developed their own categories and myths to explain, exalt but also control the emotions of love and their behavioural expressions. The analyses contain rich materials for comparison, point out the universal and specific elements in each culture, and hint at differences and resemblances, without ignoring the peculiar beauty and attractive force of the texts cultivating love.

**The Passion of Love in the Summa Theologiae of Thomas Aquinas** Daniel Joseph Gordon, 2023-05-19 This book is an introduction to three questions on love according to St. Thomas Aquinas (*Summa Theologiae* I-II, qq. 26-28). These three questions reflect on the nature of love (q. 26), the causes of love (q. 27), and the effects of love (q. 28). It is thus an introduction to the entire phenomenon of love, both as a bodily passion and an act of the will. The purpose is to present the Thomistic and broadly scholastic account of human and divine love from a philosophical and theological perspective. It aims to be a theological and philosophical study of the topic, useful both for a graduate/professional audience, as part of an undergraduate or graduate course, and perhaps for the educated reader. The thesis of the book is that, contrary to contemporary conceptions, not all loves are created equal. Some loves perfect us and some loves corrupt us. The worth of a love depends on its object and end. St. Thomas thus presents an objective and teleological account of human and divine love that is of philosophical and theological interest. The method is broadly exegetical, presenting a careful reading of the text and supplying the philosophical and theological background which the text of Aquinas assumes. The scope of the work is limited to three questions (ST I-II, qq. 26-28). References to interpretative disputes of Aquinas and references to further resources in the secondary literature will be mostly limited to the footnotes, making the body of the text accessible to more readers.

*New Zealand Verse* William Frederick Alexander, 1906

**Exploring the Dimensions of Human Sexuality** Jerrold S. Greenberg, Clint E. Bruess, Sara B. Oswalt, 2016-02-16 Fully revised and updated with the latest data in the field, the Sixth Edition of *Exploring the Dimensions of Human Sexuality* represents all aspects of human sexuality and explores how it affects personality, development, and decision making. Using a student-friendly interpersonal approach, the text discusses contemporary concepts as well as controversial topics in a sensitive manner, and covers the physiological, biological, psychological, spiritual, and cultural dimensions of human sexuality. *Exploring the Dimensions of Human Sexuality* is an essential text for teaching sexuality and presents an integrated view of human sexuality that encourages students to pursue positive decisions, sexual health, and a lifetime of wellness.

Engaging with Emotion Cynthia Whissell, 2023-01-01 This work informs by encouraging the reader to interact with the text itself and with the literature in the area. It is a learning tool rather than an encyclopaedic presentation of its topic. The writing style is personal, direct and accessible. Citations are employed, but always for specific purposes. Cited materials are made accessible whenever possible by the provision of URLs. Readers learn about emotion and its relationship to brain, body, cognition, memory, and appraisal. They are also introduced to the role of emotion in language and in the fine arts. Readers of *Engaging with Emotion* will likely be students within the first two years of university or college taking a related course, or those who are interested in learning more about emotion. This book is ideal for adaptation to an online course format as it includes exercises and learning guides. The book uses straightforward and helpful language and examples to avoid frustrating or confusing students, but instead to keep them actively involved with the material in the book, and to help motivated learners learn.

**Development through Adulthood** Oliver Robinson, 2020-04-04 Now updated for its second edition, this illuminating textbook explores the developmental stages and changes during adulthood that define some of the most pivotal years of our lives. Relationships, cognitive ageing, parenthood, personality shifts, life crises, fulfilment, funerals, friendships, retirement, and death – all are presented in light of psychological theory and the latest research. Taking a thematic approach, the chapters cover interdependent areas of our cognitive, psychological, social, cultural and moral lives that constitute this fascinating area in psychology. Providing an empirical analysis, Robinson considers models for understanding behaviour and development, methods of collecting data and study design. Academically rigorous and elegantly written, *Development through Adulthood* is the perfect guide to classic and current research in the field. It is essential reading for students studying adult or lifespan development, gerontology and the psychology of ageing. It will also appeal to those studying an applied social science, and anyone interested in fully understanding adulthood and ageing. New to this Edition: - Spotlights on landmark studies, fully updated to cover the latest key research in each subject area - Increased focus on gender issues - Real-world applications boxes updated with current and relevant examples of important intervention strategies

**Social Psychology Australian & New Zealand Edition** Saul Kassin, Steven Fein, Hazel Rose Markus, Kerry Anne McBain, Lisa Williams, 2019-08-01 Using a balanced approach, *Social Psychology, 2e* connects social psychology theories, research methods, and basic findings to real-world applications with a current-events emphasis. Coverage of culture and diversity is integrated into every chapter in addition to strong representation throughout of regionally relevant topics such as: Indigenous perspectives; environmental psychology and conservation; community psychology; gender identity; and attraction and close relationships (including same-sex marriage in different cultures, gendered behaviours when dating, and updated data on online dating), making this visually engaging textbook useful for all social psychology students.

*The Social History of the American Family* Marilyn J. Coleman, Lawrence H. Ganong, 2014-09-02 The American family has

come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of *The Social History of the American Family* explore the vital role of the family as the fundamental social unit across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the ideal family have changed over time. Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of American families from the colonial period to the present. Key themes include families and culture (including mass media), families and religion, families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The *Social History of the American Family* is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions. Key Themes: Families and Culture Families and Experts Families and Religion Families and Social Change Families and Social Issues/Problems/Crises Families and Social Media Families and Social Stratification/Social Class Families and Technology Families and the Economy Families in America Families in Mass Media Families, Family Life, Social Identities Family Advocates and Organizations Family Law and Family Policy Family Theories History of American Families

Love Niklas Luhmann, 2014-10-15 Love seems like the most personal experience, one that touches each of us in a unique way that is more personal than social, and hence it is not surprising that it has been largely neglected by sociologists and social theorists. While it has long been a central preoccupation of writers and novelists, love has rarely attracted anything more than the most cursory attention of social scientists. This short text, originally written in 1969 by the eminent German social theorist Niklas Luhmann, goes a long way to redressing this neglect. Rather than seeing love as a unique and ineffable personal experience, Luhmann treats love as a solution to a problem that depends on a wider range of social structures and forms. Human beings are faced with a world of enormous complexity and they have to find ways to order and make sense of this world. In other words, they need certain facilities for action Ð what Luhmann calls 'media of communication' Ð that enable them to select from a host of alternatives in ways that will be understood as meaningful by others. Love is one of these media; truth, power, money and art are others. With the development of modern societies, greater demands are made on this medium of love, altering the relationship between love and sexuality and giving rise to the distinctive difficulties we associate

with love today. This short text by one of the most brilliant social theorists of the 20th century will be of great interest to students and scholars throughout the social sciences and humanities. It is a concise and pithy statement of what is still the only sociological theory of love we have.

**Love and Intimate Relationships** Norman M. Brown, Ellen S. Amatea, 2013-06-17 Using a style that draws students into the ongoing inquiry into how intimate relationships work, *Love and Intimate Relationships* investigates the life cycle of relationships influences that affect them, theories behind them, and ways to improve them. Dozens of stories from students themselves, case examples and over 150 tables, figures, and the cartoons of Don Edwing of *Mad Magazine* help bring the material alive. The book is also unique in exploring aspects of human relationships not covered in other textbooks on the subject. *Love and Intimate Relationships* helps bring the complex issues surrounding intimate relationships into focus for students from diverse backgrounds. The multidisciplinary perspective of the textbook makes it ideal for introductory courses in psychology, marriage counseling, human relations, and sexuality, and interpersonal relationships

**A Love for Nothingness, A Love for Death** Alberto Castelli, 2024-06-15 This book aims at explaining romantic love between straight adults through literary texts of the western canon from the nineteenth and twentieth century. Each chapter comes with a multidisciplinary approach in which protagonists are mutilated in their quest for loving as alternative to annihilation. The book emphasizes love as an obsession, thus as an exploration of the mind. From the passion-myth of Tristan and Isolde to the nihilist modernist representations, the western world has created a perverse concept of love. A love for nothingness, for death. Narcissistic and at times destructive, love is gained by overcoming obstacles. If without obstacles there is no love, then love becomes love for obstacles. Within this masochistic frame, love, falling in love, being loved always stand at the edge of pathology. At its core this book narrates a love story, more precisely a story of loves, the haunting evocation of a desire that by its very nature cannot be fulfilled. Inherent in the nature of love is a subtle dialectical activity between presence and absence, between creation and destruction, reality and void. Accordingly, the narrative raises questions that the past two centuries were incapable of answering. Does love only last the time of a kiss? Is its promise fatally destined to dissolve? What about violence? Physical, emotional, temporal. Is it an ineliminable part of love or its most extreme profanation? And what is the mystery that accompanies loves that know how to last without resigning themselves to the death of desire? It is to answer some of these questions that I wrote this text. Love is an unconscious process that dominates reason and destroys it when reason cannot be a mode of communication. Hence, the amorous romance is madness and this text is written as a loud reminder.

**Love on the Kitchen Table** Aleisha Coote, 2014-05-01 Each day we are bombarded with mixed messages and beliefs about what it means to be in a relationship. We encounter shocking statistics on divorce rates and examples on where it all goes wrong. Yet where is the focus on success? What if your relationship could be saved or enhanced based on your

understanding of some simple yet powerful insights to human behaviour? Challenging the trends of society, Love on the Kitchen Table flips common relationship complaints on their heads. With a focus on success, it details one couples search to discovering the intentional efforts that make love work and better than ever. Through her creative approach, author and human behaviour coach Aleisha Coote uses the setting of the kitchen table as a powerful metaphor to illustrate key themes to creating, embracing, and nurturing a connection that lasts. Within, she explains the ten essential needs that must be met in order to keep love alive, how to know what your lovers really thinking, and the secret to why women test their men. Filled with helpful information and practical strategies, this guide seeks to open your eyes to a new way of thinking and therefore new results.

*Existential/dialectical Marital Therapy* Israel W. Charny, 1992 First published in 1992. Routledge is an imprint of Taylor & Francis, an informa company.

Eternal Love Again Alex James Walker, 2023-11-06 In *Eternal Love*, embark on a timeless journey that transcends the boundaries of mortality and explores the profound depths of love. This beautifully crafted novel weaves a tale of romance, destiny, and the enduring power of the human heart. At the heart of the story are two souls bound together across centuries by a love that defies the limitations of time and space. Sarah, a modern-day woman with a successful career in a bustling city, discovers a mysterious antique locket in her grandmother's attic. Little does she know that this seemingly ordinary piece of jewelry holds the key to a love story that spans generations. The narrative seamlessly shifts between past and present, revealing the passionate and poignant love affair between Eleanor, a spirited young woman from the Victorian era, and William, a dashing artist whose work is as captivating as his love for her. Their love story unfolds against the backdrop of a bygone era, where societal expectations and family obligations threaten to keep them apart. *Eternal Love* is a captivating and emotionally resonant novel that explores themes of destiny, soul mates, and the enduring power of love. With its richly drawn characters, evocative historical settings, and a touch of the supernatural, this book will sweep you off your feet and leave you pondering the mysteries of love that transcend time.

EBook: Social Psychology 3e David Myers, Jackie Abell, Fabio Sani, 2020-08-21 Social psychology has a profound influence on our everyday lives; from our shopping habits to our interactions at a party. It seeks to answer questions that we often think and talk about; questions such as: - What circumstances prompt people to help, or not to help? - What factors influence the ups and downs of our close relationships? - Why do some people behave differently when on their own compared to in a group? - What leads individuals sometimes to hurt, and other times to help one another? - Why are we attracted to certain types of people? - How do some persuade others to do what they want? This new edition of *Social Psychology* has been revised to introduce a more flexible structure for teaching and studying. It includes up-to-date, international research with an emphasis throughout on its critical evaluation. Applied examples across the chapters help to highlight the relevance, and

hence the impact, that the theories and methods of this fascinating subject have upon the social world. Key Features Include:

- Research Close-Up: Following a brand-new style, this feature matches the layout used in research papers, providing an accessible introduction to journal articles and the research methods used by social psychologists.
- Focus On: Fully revised, these boxes look at opposing viewpoints, controversial research or alternative approaches to the topics. This offers a more critical outlook and prompts the questioning of the validity of published research
- Recommended Readings: New to this edition, recommended further readings of both classic and contemporary literature have been added to each chapter, providing a springboard for further consideration of the topics.

Connect Psychology is McGraw-Hill's digital learning and teaching environment. Students – You get easy online access to homework, tests and quizzes designed by your instructor. You receive immediate feedback on how you're doing, making it the perfect platform to test your knowledge. Lecturers – Connect gives you the power to create auto-graded assignments, tests and quizzes online. The detailed visual reporting allows you to easily monitor your students' progress. In addition, you can access key support materials for your teaching, including a testbank, seminar materials and lecture support. Visit: <http://connect.mcgraw-hill.com> for more details.

Professor David N. Myers holds the Sady and Ludwig Kahn Chair in Jewish History. As of fall 2017, he serves as the director of the Luskin Center for History and Policy. He previously served as chair of the UCLA History Department (2010-2015) and as director of the UCLA Center for Jewish Studies (1996-2000 and 2004-2010). Dr Jackie Abell is a Reader in Social Psychology with the Research Centre for Agroecology, Water and Resilience, based at Coventry University, UK. Her current areas of research interest include the application of social psychology to wildlife conservation and environmental issues to facilitate resilience and sustainable development, place attachment and identity, social cohesion and inclusion. Professor Fabio Sani holds a Chair in Social and Health Psychology at the University of Dundee. His general research interest concerns the mental and physical health implications of group processes, social identity and sense of belonging. He has been an associate editor of the European Journal of Social Psychology.
