A Long Time Coming Evan Thomas,2010-10-08 An adroitly distilled chronicle of the 2008 presidential campaign and the election of Barack Obama. This easily devoured, crisply anecdotal account, spiked with revealing, side-of the-mouth comments, charts the most cautious and reckless of political maneuverings and provides in-action portraits of the major players, both obvious and behind-the-scenes. Thomas writes that Obama, an avid reader and gifted writer, sees himself as a figure out of literature, and, indeed, real-life stories don't get more compelling than this.

A Republic Under Assault Tom Fitton,2020-10-20 NEW YORK TIMES BESTSELLER In this explosive book, New York Times bestselling author and president of Judicial Watch Tom Fitton explains how the Radical Left and the Deep State destroyed the Trump presidency. With his trademark “readable, engaging, persuasive” (The Washington Times) writing, Tom Fitton identifies the major forces posing a continued threat to American democracy. Hillary Clinton Email Scandal: How the Clinton team and senior officials at the Obama State Department conspired to cover up Hillary Clinton’s secret email system—and shocking revelations that tie the Obama White House to the cover-up! Voter Fraud: How Soros-funded groups attack states that seek to protect clean elections by challenging voter ID laws, and how the Left is cynically peddling COVID-19 crisis electoral “reforms,” such as mail-in voting, which could increase voter fraud and election chaos. And shocking numbers about dirty voting rolls across the nation! Illegal Immigration: How deadly illegal “sanctuary” policies are exploding across America, and how our nation’s sovereignty has been under assault by radical open-border advocates. Subversive Deep State collaborators with ties to the Clinton and Obama machines not only launched countless—often illegal—operations to stop and then remove Trump, but even more alarmingly, are working to transform the United States into something truly unrecognizable to all who believe in liberty and the rule of law. “This is must reading for every American who wants to save our nation” (Sean Hannity, #1 New York Times bestselling author).

In his memoir, he offers a substantive and factual account of his time in the room where it happened.

[A President's Daily Brief: Year 4](#) Micah Fisher-Kirshner, What was daily life under the Trump presidency really like? More than a compiled list of significant events that portray Trump as the most corrupt American president, this digestible and scannable read of in-the-moment posts pulled from news outlets and credible sources provides an intimate look at how the administration went about breaking the presidential norms on a daily basis. Readers also will have access to citations to fact-check claims. This quick read on a Trump presidency that started off with outrage and graduated to righteous indignation is a must-have for those who enjoy history, politics, and government or simply want to read about the most notorious presidency in history.

Woman Lillian Faderman, 2022-03-15 A comprehensive history of the struggle to define womanhood in America, from the seventeenth to the twenty-first century "An intelligently provocative, vital reading experience. . . . This highly readable, inclusive, and deeply researched book will appeal to scholars of women and gender studies as well as anyone seeking to understand the historical patterns that misogyny has etched across every era of American culture."—Kirkus Reviews "A comprehensive and lucid overview of the ongoing campaign to free women from 'the tyranny of old notions.'"—Publishers Weekly What does it mean to be a "woman" in America? Award-winning gender and sexuality scholar Lillian Faderman traces the evolution of the meaning from Puritan ideas of God's plan for women to the sexual revolution of the 1960s and its reversals to the impact of such recent events as #metoo, the appointment of Amy Coney Barrett to the Supreme Court, the election of Kamala Harris as vice president, and the transgender movement. This wide-ranging 400-year history chronicles conflicts, retreats, defeats, and hard-won victories in both the private and the public sectors and shines a light on the often-overlooked battles of enslaved women and women leaders in tribal nations. Noting that every attempt to cement a particular definition of "woman" has been met with resistance, Faderman also shows that successful challenges to the status quo are often short-lived. As she underlines, the idea of womanhood in America continues to be contested.

Trump's Trials Kevin Sullivan, Mary Jordan, 2020-08-25 "Sets a standard for political storytelling with impeccable research and lively writing." —Kirkus Reviews (starred review) "Page-turning...riveting...colorful and detailed...a barometer of the health of our democracy." —Barbara McQuade, *The Washington Post* Two investigations. Two impeachments. Two

acquittals. One president. The full story. Unprecedented. Unimaginable. Until Donald Trump's presidency. A year apart, two ferocious political dramas challenged American democracy. As Pulitzer Prize-winning Washington Post reporters Kevin Sullivan and Mary Jordan show in this gripping account, the two Trump impeachments and acquittals shared common threads: An American president, relentless in his drive to win re-election, willing to disregard the laws that limit his powers, no matter the cost. A divided Congress, split along party lines, unable to agree on whether Trump's actions met the Constitutional standard for removal from office. The Constitution itself, tested in ways that its framers had not anticipated. Trump's Trials is an expanded version of Trump on Trial, Sullivan and Jordan's compelling and masterful 2020 account of the first impeachment. That narrative, a crisp page-turner with exquisite detail and vivid scenes, deftly conveyed the calculations of the central figures, in particular Speaker of the House Nancy Pelosi and Republican Senate leader Mitch McConnell. The authors have added three new chapters, and revised others, to carry the narrative through the 2020 presidential election of Joe Biden; Trump's feverish attempts to overturn Biden's victory; his supporters' deadly attack on the Capitol as Congress was certifying the electoral votes; Trump's second impeachment and acquittal—but this time, with seven Republican senators voting against him. Sullivan and Jordan, aided by editor Steve Luxenberg, have written a fast-paced, authoritative account of the historic events that rocked America—an invaluable examination of what happened and why.

Big Girls Don't Cry Rebecca Traister, 2011-06-07 It was all as unpredictable as it was riveting: Hillary Clinton's improbable rise, her fall and her insistence on pushing forward straight through to her remarkable phoenix flight from the race; Sarah Palin's attempt not only to fill the void left by Clinton, but to alter the very definition of feminism and claim some version of it for conservatives; liberal rapture over Barack Obama and the historic election of our first African-American president; the media microscope trained on Michelle Obama, harsher even than the one Hillary had endured fifteen years earlier. Meanwhile, media women like Katie Couric and Rachel Maddow altered the course of the election, and comedians like Tina Fey and Amy Poehler helped make feminism funny. As Traister sees it, the 2008 election was good for women. The campaign for the presidency reopened some of the most fraught American conversations about gender, race and generational difference, about sexism on the left and feminism on the right, all difficult discussions that had been left unfinished but that are crucial to further perfecting our union.

Ladies Who Punch Ramin Setoodeh, 2019-04-02 THE INSTANT NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER Like *Fire & Fury*, the gossipy real-life soap opera behind a serious show. When Barbara Walters launched *The View*, network executives told her that hosting it would tarnish her reputation. Instead, within ten years, she'd revolutionized morning TV and made household names of her co-hosts: Joy Behar, Star Jones, Meredith Vieira and Elisabeth Hasselbeck. But the daily chatfest didn't just comment on the news. It became the news. And the headlines barely scratched the surface. Based on unprecedented access, including stunning interviews with nearly every host, award-winning journalist Ramin

Setoodeh takes you backstage where the stars really spoke their minds. Here's the full story of how Star, then Rosie, then Whoopi tried to take over the show, while Barbara struggled to maintain control of it all, a modern-day Lear with her media-savvy daughters. You'll read about how so many co-hosts had a tough time fitting in, suffered humiliations at the table, then pushed themselves away, feeling betrayed—one nearly quitting during a commercial. Meanwhile, the director was being driven insane, especially by Rosie. Setoodeh uncovers the truth about Star's weight loss and wedding madness. Rosie's feud with Trump. Whoopi's toxic relationship with Rosie. Barbara's difficulty stepping away. Plus, all the unseen hugs, snubs, tears—and one dead rodent. Ladies Who Punch shows why The View can be mimicked and mocked, but it can never be matched.

Wrecking America Mark Green, Ralph Nader, 2020-09-22 Read Fake President.... This book can help us replace Trump with truth. —Gloria Steinem Terrific new book. Fake President informs as it entertains. --Laurence Tribe An incisive & witty look at the cost of lies on American lives Wrecking America is most up-to-date look at Trump's anything-goes Fascism 2.0 presidency and campaign. It reveals how Trump's daily twistifications (a Jefferson coinage) are killing tens of thousands of Americans and millions of American jobs, polluting the air and public debate, selling out his country for personal gain...and trying to Make the Confederacy Great Again, as he preoccupies himself with golfing, seething, and tweeting. By four-time presidential candidate Ralph Nader and bestselling author Mark Green, Wrecking America organizes Trump's lies and lawbreaking issue-by-issue—focusing on Covid-19 and racial protests. This scathing, witty, accessible paperback is the last up-to-date book on the Lyin' King keyed to General Election voters and post-election America. This November will test our 231-year experiment in self-governance like no time since 1860 and 1932. Will it be re-election or realignment? A Fascism for the few or Democracy for all? The wrecking ball of American Brownshirts or a new progressive backlash and era?

The Performance of Politics Jeffrey C. Alexander, 2010-11-01 Contemporary observers of politics in America often reduce democracy to demography. Whatever portion of the vote not explained by the class, gender, race, and religious differences of voters is attributed to the candidates' positions on the issues of the day. But are these the only—or even the main—factors that determine the vote? *The Performance of Politics* develops a new way of looking at democratic struggles for power, explaining what happened, and why, during the 2008 presidential campaign in the United States. Drawing on vivid examples taken from a range of media coverage, participant observation at a Camp Obama, and interviews with leading political journalists, Jeffrey Alexander argues that images, emotion, and performance are the central features of the battle for power. While these features have been largely overlooked by pundits, they are, in fact, the primary foci of politicians and their staff. Obama and McCain painstakingly constructed heroic self-images for their campaigns and the successful projections of those images suffused not only each candidate's actual rallies, and not only their media messages, but also the ground game. Money and organization facilitate the ground game, but they do not determine it. Emotion, images, and performance do. Though an

untested senator and the underdog in his own party, Obama succeeded in casting himself as the hero--and McCain the anti-hero--and the only candidate fit to lead in challenging times. Illuminating the drama of Obama's celebrity, the effect of Sarah Palin on the race, and the impact of the emerging financial crisis, Alexander's engaging narrative marries the immediacy and excitement of the final months of this historic presidential campaign with a new understanding of how politics work.

Life Is Winning Marjorie Dannenfelser, 2020-08-25 LIFE IS WINNING IN AMERICA! THE END OF ABORTION IS WITHIN REACH! "America is standing for life again. There has never been a more urgent moment for each and every American who cares about life to stand up. Life Is Winning proves that we don't have to compromise our pro-life principles or stay silent about the things that matter most." — Sarah Huckabee Sanders Ahead of the pivotal 2020 elections, momentum is building across America to revisit the 1973 Roe v. Wade decision that struck down laws protecting unborn children and their mothers nationwide. Life is Winning: Inside the Fight for Unborn Children and Their Mothers tells the story of how the pro-life cause went from an orphaned political "problem" to a winning issue embraced at the highest levels of the Republican Party, thanks to a small-but-ambitious group of pro-life women. These women took on Washington's consultant class and in the process built a multimillion-dollar campaign and lobbying powerhouse with more than 900,000 grassroots members nationwide. Marjorie Dannenfelser, President of Susan B. Anthony List and leading architect of the pro-life strategy that helped propel then-candidate Donald Trump to his stunning victory in 2016, gives inside perspective on how her own pro-life conversion – and the President's – resembles the national sea change happening today, and why the end of abortion and restoration of life in America is closer than ever before. Marjorie has precisely captured how far the pro-life movement has come and how much we stand to achieve at this pivotal moment. It has never been more critical for each of us to continue to stand up and speak out. I trust that this important book will encourage and inspire government to play an even greater role in restoring the sanctity of life to the center of American law and to encourage us never to doubt that the Author of Life is with us in these efforts. — Vice President Mike Pence

Notes from the Cracked Ceiling Anne E. Kornblut, 2011-03-01 In the presidential election of 2008 America seemed ready to elevate a woman to the presidency or vice presidency and—with Hillary Clinton and Sarah Palin—was on the verge of actually doing so. Words like inevitable and phenomenon were in the air and the political and cultural stars seemed to be aligned. Why didn't it happen? What will it take to make it happen soon? In a probing analysis sure to ignite controversy, acclaimed White House correspondent Anne Kornblut argues that the optimists are blind to formidable obstacles that still stand in the way of any woman who aims for America's highest political offices. And she makes clear exactly which strategies and common assumptions will need to change if a woman intends to break through the "highest, hardest glass ceiling" of all. Delving deep inside the Clinton and Palin campaigns, Kornblut reveals: • the strategists' mishandling of their candidates as women by failing to strike the right balance between femininity and toughness • Clinton's weathering of a series of stinging

gender-based attacks, until accusations of “pimping out” her daughter, Chelsea, finally brought her to tears • that Barack Obama was celebrated for his “historic” win in Iowa, even though it was not the first time an African American had won a caucus, but few noticed when Clinton became the first woman to win a primary in New Hampshire • that Palin was chosen solely by men, none of whom had experience in running women for office Drawing from exclusive interviews with prominent women in both parties, Kornblut pinpoints where politically ambitious American women have gone wrong and what it will take to put them on track to the ultimate prize: the presidency. Former secretary of state Condoleezza Rice asserts: “We crossed the bar on African Americans some time ago. I’m not quite sure we’ve crossed it on women.” House Speaker Nancy Pelosi remarks on the “suit of armor” women must don to survive the sexism and viciousness of politics. Homeland Security Director Janet Napolitano confronts the false rumors that she is a lesbian and reveals what an invigorating “kick in the pants” it is to be in politics. And California gubernatorial candidate Meg Whitman, the former head of eBay, compares politics to business: “It feels to me, thus far, as less of a meritocracy and more of a popularity contest. More of a little bit of an old boys’ club.” Kornblut identifies the surprising realities of gender politics, such as the harsh treatment female candidates often receive from women voters, the gap between the United States and other countries when it comes to the electability of women, the “mommy penalty” that handicaps women candidates with young children, and the special appeal that women with law enforcement backgrounds have with voters. Notes from the Cracked Ceiling reveals that the highly touted new era of gender-equal politics never got as far as was commonly perceived and is now in full retreat. It is essential reading for anyone who cares about politics and the limits for women that persist.

THE END OF RACISM IN AMERICA Fredrick Douglas Richardson Jr, 2024-02-27 The book, “The End of Racism In America,” traces the monster called racism, from the day “Junior” was born, in 1939, and documents thereafter, the horrendous effort put forth, for the greater part of “Junior’s” life, to assure him a place in the basement of the greatest nation on the face of the earth: America. When “Junior” moved from his native Alabama rural community called Nymph, where he was one of twelve children who lived in abject poverty, he located to the big city of Mobile, AL. He soon discovered he was doomed to second class citizenship, simply based on his back skin. In fact, laws guaranteed his inability to compete with whites in any segment of society. This book will show that “Junior” overcame every obstacle intended to assure him a lifetime of second-class citizenship, and rose up to become a mighty leader, the third highest ranking elected official of the City of Mobile. You will see that “Junior” was haunted most of his life over America’s false notion that he was born innately inferior to others, simply based on his black skin. You will see that “Junior” graduated from many schools of higher learning, including the University of South Alabama; while on a mission to find evidence prove to the world he was equal to any human on planet earth. After traveling the world over, becoming an avid student of the Bible, and majored in history, he is, in his book, offering to America, a foolproof formula, to end the very notion of racism in America, in his lifetime. He is 84.
