**Not in My Neighborhood** Antero Pietila, 2012

Not in My Neighborhood Antero Pietila, 2010 Baltimore is the setting for (and typifies) one of the most penetrating examinations of bigotry and residential segregation ever published in the United States. Antero Pietila shows how continued discrimination practices toward African Americans and Jews have shaped the cities in which we now live. Eugenics, racial thinking, and white supremacist attitudes influenced even the federal government's actions toward housing in the 20th century, dooming American cities to ghettoization. This all-American tale is told through the prism of Baltimore, from its early suburbanization in the 1880s to the consequences of white flight after World War II, and into the first decade of the twenty-first century. The events are real, and so are the heroes and villains. Mr. Pietila's engrossing story is an eye-opening journey into city blocks and neighborhoods, shady practices, and ruthless promoters. -- Book jacket.

*In an Enemy's Country* Jim Fraiser, 2014-10-24 Liberty is fleeting; terrorism is eternal! Or so discovers Assistant US Attorney and widower John Ferguson while reading an ancient manuscript purporting to be that of Thomas Jefferson's 1784 Paris diary, between handling a perplexing new case and rearing a precocious four-year-old son and bright-but-troubled teenage daughter. But when he discovers that the political protester he's prosecuting for assault on a federal marshal may be linked to a terrorist organization seemingly intent on wreaking havoc in his Jackson, Mississippi, hometown, and a mysterious new love interest suddenly appears on his doorstep, he finds himself locked in a life and death struggle with a brilliant but demented revolutionary dedicated to the destruction of all Ferguson holds dear and nothing less than the eradication of the American way of life.

Out of Sorts Sarah Bessey, 2015-11-03 From the popular blogger and provocative author of *Jesus Feminist* comes a riveting new study of Christianity that helps you wrestle with—and sort out—your faith. In *Out of Sorts*, Sarah Bessey—award-winning blogger and author of *Jesus Feminist*, which was hailed as “lucid, compelling, and beautifully written” (Frank Viola, author of *God’s Favorite Place on Earth*)—helps us grapple with core Christian issues using a mixture

of beautiful storytelling and biblical teaching, a style well described as “narrative theology.” As she candidly shares her wrestlings with core issues—such as who Jesus is, what place the Church has in our lives, how to disagree yet remain within a community, and how to love the Bible for what it is rather than what we want it to be—she teaches us how to walk courageously through our own tough questions. In the process of gently helping us sort things out, Bessey teaches us how to be as comfortable with uncertainty as we are with solid answers. And as we learn to hold questions in one hand and answers in the other, we discover new depths of faith that will remain secure even through the storms of life.

When the Bulbul Stopped Singing Raja Shehadeh, 2020-03-17 The Israeli army invaded Ramallah in March 2002. A tank stood at the end of Raja Shehadeh’s road; Israeli soldiers patrolled from the rooftops. Four soldiers took over his brother’s apartment and then used him as a human shield as they went through the building, while his wife tried to keep her composure for the sake of their frightened children, ages four and six. This book is an account of what it is like to be under siege: the terror, the frustrations, the humiliations, and the rage of civilians becoming trapped in their own homes and at the mercy of young soldiers who have been ordered to set aside their own sense of human decency in order to bully, harass and in some cases brutalize an unarmed population. How do you pass your time when you are imprisoned in your own home? What do you do when you cannot cross the neighborhood to help your sick mother? And what does it feel like when occupier and occupied, who are supposed to be enemies, are forced to set aside feelings of empathy? When the Bulbul Stopped Singing reveals universal and timeless truths. A new introduction by Colum McCann and an afterword by the author show how little things have changed since this record of life under siege was first compiled.

Go Back to Where You Came From Sasha Polakow-Suransky, 2017-10-16 From Europe to the United States and beyond, opportunistic politicians have exploited economic crisis, terrorist attacks and an influx of refugees to bring hateful and reactionary views from the margins of political discourse into the corridors of power. This climate has already helped propel Donald Trump to the White House, pushed Britain out of the European Union, and put Marine Le Pen within striking distance of the French presidency. Sasha Polakow-Suransky's on-the-ground reportage and interviews with the rising stars of the new right tell the story of how we got here, tracing the global rise of anti-immigration politics and the ruthlessly effective rebranding of Europe's new far right as defenders of Western liberal values. Go Back to Where You Came From is an indispensable account of why xenophobia went mainstream in countries known historically as defenders of human rights and models of tolerance.

*Metrospiritual* Sean Benesh, 2011-02-24 *Metrospiritual*: The Geography of Church Planting is about church planting in the city. There is an outpouring of new expressions of church being started throughout metro areas across North America. Where are these new churches being started? Maybe a more subterranean question is, Why? Why are churches being started

where they are and why is there is a bias towards one part of the city and an overall neglect of other parts? *Metrospiritual* explores these questions and more as it builds off of recent research and surveys of hundreds of church planters in seven large cities in the United States and Canada. There is a deeper look at pivotal issues such as gentrification, the Creative Class, community transformation, urban renewal, and the role new churches play in all of these.

**World Christianity** Graham Joseph Hill,2024-10-08 World Christianity: An Introduction provides an accessible introduction to the discipline, methodology, and field of world Christianity. In this book, Graham Joseph Hill engages with more than one hundred high-profile Majority World and First Nations Christian leaders to learn what they can teach the West about mission, leadership, hospitality, creation care, education, worship, and more. Hill challenges the Western church to move away from a Eurocentric and Americentric view of church and mission, and he calls for the church to engage with crucial paradigm shifts in world Christianity. The future of the global church—including the churches in the West—exists in these global exchanges. World Christianity is an indispensable guide for the church as it navigates the unique global experiences of the twenty-first century.

**Divided by Choice** Ryane McAuliffe Straus,2025-08-05 How race and capitalism shape education School choice programs—such as vouchers, education savings accounts, and tax credit scholarships—are surrounded by controversy, raising questions about their impact on student diversity and inequality. In this book, Ryane McAuliffe Straus takes up a core part of this divisive debate, exploring why charter schools are reshaping America’s education system—and democracy—for the worse. Drawing on interviews with elected officials, policy entrepreneurs, parents, and activists in Albany, NY, Straus argues that charter schools are a poor alternative to failing public schools, ultimately worsening racial segregation under the guise of providing underprivileged students with access to better education. Taking a wide-ranging view, the author explores why parents, elected officials, and community activists may or may not choose to leave the public education system by enrolling their children in charter schools. Straus finds that when families of color leave public schools in favor of charter schools this removes their democratic voice and participation, diminishing their political power in a high-stakes area of

public policy. Divided by Choice highlights the fundamental flaws of one solution to public education inequalities, at a time when racial tensions are at an all-time high.
