Poems of the Black Object Ronaldo V. Wilson, 2009 Poetry. African American Studies. Asian American Studies. LGBT Studies. Winner of the Publishing Triangle's 2010 Thom Gunn Award for Gay Poetry and the 13th Annual Asian American Literary Award for Poetry. I applaud Ronaldo Wilson's pathbreaking movement into what has never, never, in history, been said. About sexuality, in particular, these poems speak with incorrigible and raving clarity. And, always, they display intellectual curiosity, and an impatient, gorgeous readiness to make language new. Wayne Koestenbaum A] warning to anyone tempted to believe that in objectification lies freedom. Livid inside an apocalyptic negative capability, these poems are constructed through their maker's deconstruction, and reading, I too, felt unmade. Claudia Keelan Ronaldo Wilson's *POEMS OF THE BLACK OBJECT* turns the parenthetical inside out, contents kicking and alive, person, race and being: where fate is in store in you, not for you, out there; in consciousness, and barely conscious, where consciousness is the accumulation of the scarcely discernible experiences. Wilson's poems captures states of person, the thinking being, the being thinking, the being perceived, and all the slippage between stages of person, Black and on the page, folding and unfolding layers of social construction. Erica Hunt The force here is in the erotic attachment between the human figures certainly but also (and more surprisingly) between history and present-day experience. Ronaldo Wilson teases the reader with earnestness while he refracts event and experience. The effect is dazzling. The poems are panoramic. One part slave narrative, one part pillow book, *POEMS OF THE BLACK OBJECT* is a triumph of the social lyric: violent, tender, absurd. G.E Patterson For all the disturbances examined in this intensely lucid book of bodily desire, dead porn stars, and the high art of human survival, the voice of these poems manages to maintain a kind of giddy composure. Perhaps the trick of it comes through his sense

that, 'pattern organizes trauma, and so does speed.' It's not so fast, the pace here; we're made to look, to see, with shrewd intention. It's that Ronaldo Wilson's writing doesn't let you get too comfortable. It shifts experience and reckoning from poem to essay, theory to epistle, these intuitive modes of a person in search of a particular poetics, darting around sharp visions that could bloody or shine on the tempestuous landscape 'the black object' emerges from. Hunting the Hunters Laurens de Groot, 2014-01-02 'As the rest of the world stood by and watched, Laurens risked everything to defend these extraordinary mammals from extinction. A truly powerful and inspiring story.' Susan Sarandon Laurens de Groot was a detective for the Dutch police, specializing in organized crime and environmental pollution. He was rapidly promoted through the ranks, but became increasingly disillusioned with failed prosecutions and minimal prison sentences. But although as a detective there was little he could do to stop the truly big criminals, there was a more radical option - direct action, not necessarily within the law. Laurens leaves his job, sells up, travels to Australia and joins Sea Shepherd, an international organization protecting marine wildlife. He soon finds himself in the middle of the war against the Japanese whaling fleet operating in the Antarctic whale sanctuary. As the Japanese hunt whales, Laurens and the Sea Shepherd crews hunt them. Their boats are tiny for the wild Southern Ocean, and as well as dealing with the extreme weather they are repeatedly attacked by the Japanese crews and nearly shipwrecked by ice. On one mission, their boat is rammed, cut in two and sunk by a whaling ship. This is war, with no quarter given. *Hunting the Hunters* is an action-packed and timely account of one man's extraordinary life, as well as an ongoing battle against a powerful nation determined to get its way no matter the cost. It's an important subject, one that a lot of people care about, and as Laurens tells the story in his own words this is a compelling and insightful book.

Torchwood Declassified Rebecca Williams, 2013-09-17 Torchwood started its life on television as a spin-off from Doctor Who, bringing Captain Jack to join new colleagues in a television series that quickly established itself as fresh and watchable television. It's fourth series, subtitled 'Miracle Day', continued its move from the niche channel of BBC3 to metamorphose into an international production between the BBC and the US network Starz. Torchwood has continued to entertain, provoke and attract large audiences and an expanding fandom. This is the first critical celebration of Torchwood across its four series, considering issues of representation, the fandom that surrounds the show and its complex, institutional contexts. Focusing in particular on how the meanings and understandings of cult television have shifted and become subject to technological, industry and marketing changes in recent years, Torchwood Declassified explores topics including the show's aesthetics and branding, its use of tropes from the horror genre, vast tie-in merchandise, status as a spin off, the nature of a celebrity that is both cult and mainstream, as well as the use of sound and music and of cult writers, and Torchwood's connection to place and location. The book will appeal to fans of the series, researchers and scholars, and anyone interested in ongoing questions over what cult television is, what it means, and why it continues to be of importance.

Post-Object Fandom Rebecca Williams, 2016-07-28 Fandom is generally viewed as an integral part of everyday life which impacts upon how we form emotional bonds with ourselves and others in a modern, mediated world. Whilst it is inevitable for television series to draw to a close, the reactions of fans have rarely been considered. Williams explores this everyday occurrence through close analysis of television fans to examine how they respond to, discuss, and work through their feelings when shows finish airing. Through a range of case studies, including *The West Wing* (NBC, 2000-2006), *Lost* (ABC 2004-2010), *Buffy the Vampire Slayer* (1997-2003), *Doctor Who* (BBC 1963-1989; 2005-), *The X-Files* (FOX, 1993-2002), *Firefly* (FOX, 2002) and *Sex and the City* (HBO, 1998-2004), Williams considers how fans prepare for the final episodes of shows, how they talk about this experience with fellow fans, and how, through re-viewing, discussion and other fan practices, they seek to maintain their fandom after the show's cessation.
