The Gershwins and Me Michael Feinstein,2012-10-16 From celebrated entertainer Michael Feinstein comes a beautifully illustrated account of the lives and legacies of the Gershwins—told through stories of twelve of their greatest songs. The “Ambassador of the Great American Songbook” Michael Feinstein was just twenty years old when he got the chance of a

lifetime: a job with his hero, Ira Gershwin. During their six-year partnership, the two became close friends. Feinstein blossomed under Gershwin's mentorship and Gershwin was reinvigorated by the younger man's zeal for his and his brother George's legacy. Now, in *The Gershwins and Me*, the only book of its kind, Michael Feinstein shares unforgettable stories and reminiscences from the music that defined American popular song, along with rare Gershwin memorabilia he's collected through the years. From "Strike Up the Band" to "Love Is Here to Stay," each of the twelve chapters highlights one of the Gershwins' classic songs, exploring the brothers' lives, illuminating what the music meant to them, and telling the stories of how their iconic tunes came to life. Throughout the star-studded narrative, Feinstein unfolds the moving chronicle of his own life with the Gershwins, describing his vision for their enduring presence today. No other writer could give us such an authoritative inside perspective on these titans of American culture. A timeless classic and the definitive account of the Gershwins and their legacy, *The Gershwins and Me* will have you humming with every turn of the page.

All That Remains Dave Hart, 2022-01-10 McKenzie Cole is a private investigator with a Jersey attitude. When a dignified aging moralist hires him to reopen a forty-four-year-old unsolved murder case so she can nail the coffin shut on her estranged first husband, Cole is skeptical. But it's a paycheck. Soon the "Hair"-raising mystery that ensues has Cole changing his tune. Challenged by conspiratorial cops anxious to keep the dead buried, a hermitic psychic harboring private visions of the past, and an assertive journalist with family secrets of her own, Cole finds himself back in school, where he learns that modern forensics applied to cold-case homicides can spawn unexpected results. In this latest McKenzie Cole tale—inspired by a true event—justice remains elusive until murder is laid to rest!

The Knockoff Economy Kal Raustiala, Christopher Sprigman, 2012-08-15 From the shopping mall to the corner bistro, knockoffs are everywhere in today's marketplace. Conventional wisdom holds that copying kills creativity, and that laws that protect against copies are essential to innovation--and economic success. But are copyrights and patents always necessary? In *The Knockoff Economy*, Kal Raustiala and Christopher Sprigman provocatively argue that creativity can not only survive in the face of copying, but can thrive. *The Knockoff Economy* approaches the question of incentives and innovation in a wholly new way--by exploring creative fields where copying is generally legal, such as fashion, food, and even professional football. By uncovering these important but rarely studied industries, Raustiala and Sprigman reveal a nuanced and fascinating relationship between imitation and innovation. In some creative fields, copying is kept in check through informal industry norms enforced by private sanctions. In others, the freedom to copy actually promotes creativity. High fashion gave rise to the very term knockoff, yet the freedom to imitate great designs only makes the fashion cycle run faster--and forces the fashion industry to be even more creative. Raustiala and Sprigman carry their analysis from food to font design to football plays to finance, examining how and why each of these vibrant industries remains innovative even when imitation is common. There is an important thread that ties all these instances together--successful creative industries can evolve to the point where they become inoculated against--and even profit from--a world of free and easy copying. And there are important lessons here for copyright-focused industries, like music and film, that have struggled as digital technologies have made copying increasingly widespread and difficult to stop. Raustiala and Sprigman's arguments have been making headlines in *The New Yorker*, the *New York Times*, the *Financial Times*, the *Boston Globe*, *Le Monde*, and at the *Freakonomics* blog, where they are regular contributors. By looking where few had looked before--at markets that fall outside normal IP law--*The Knockoff Economy* opens up fascinating creative worlds. And it demonstrates that not only is a great deal of innovation possible without intellectual property, but that intellectual property's absence is sometimes better for innovation.

The Memory of All that Joan Peyser, 2006 This is a startlingly fresh account of the life of one of the greatest 20th-century Americans, composer and songwriter George Gershwin. Joan Peyser examines Gershwin's character, his complex relationship with brother and collaborator Ira, and his several romantic affairs. This 2006 edition includes newly discovered information in a new author's introduction.

On My Own Mary V. DeMassa, 2010-01-22 I have decided to tell the story of my life. I intend to include information about my parents and my brother, and as I recall various events, I will include stories about other relatives and friends as well. We were an especially close family and our lives always revolved around one another. I believe this closeness was fostered by the love my parents had for each other, and they passed this love to each of us. In addition, Tommy and I were highly respected

and encouraged by Mom and Dad all through their lives. They loved to take credit for all we achieved, as well they should have. We always did the best we could. But they gave us the chance and the backing we needed. Especially because Tommy and I were deeply loved by our parents, we gained confidence and assurance. We knew where we stood from the beginning. And we could always count on Mom and Dad for anything we needed. In addition, my parents deeply loved their families. They passed on this love to us through their close relationships with their brothers, sisters, cousins, and relatives in Italy and Romania, as well as their many friends. Family came first all through our lives. There may have been disagreements, but they were only occasional and the closeness returned. We were always thrilled to receive letters from the relatives overseas and the letters were read word for word to each other. I always felt part of the larger family, even though I did not understand the language. My mother interpreted for us, so we knew what was said and what the news was. Since my brother Tommy died so suddenly on November 14, 2003, I have felt a loss so deep I sometimes feel I can barely continue. The hurt never goes away. I want to share the reasons for my closeness to Tommy so our family and friends can better understand. For me, Tommy represented everything in life: my upbringing, my parents, and nearly all the things I experienced up to the present time. He was the one single family member to talk to who understood all of me. I never thought of life without Tommy. It has been a terrible blow, and of course I realize this is true for our family and friends, also. Further, since I have begun to think out what I want to write, I have expanded my goal to include additional stories and descriptions of our family, which will explain and bridge the generations of individuals who made up our lives. Perhaps other cousins and their children, and other friends, too, will be interested in my story. I hope to include pictures, letters, and other materials, which will be a history of our family to leave as my legacy to nieces and nephew and their children and to others. Even now, it is possible that only three great-grandchildren will remember my mother, their great-Grandma, GG. She loved them dearly, and I hope to leave them some wonderful memories and important information they can pass on to their children. I think they need to know where they came from down through our European roots and what our family was like. Otherwise, I am afraid all would be lost. Who will be left to tell our story? There are very few relatives left even now who remember. So, I have decided to try to tell this larger story in addition to describing my life. There are other persons who know some of my life's history, also, and as time permits, I will talk to them to add or correct information—namely, Auntie Nina, Mom's sister, or her children; Jennie Ray, my first cousin and friend; and Octavia Lina Hirschmann, Mom's first cousin. Or Octavia's children, Carol Borthwaite (Colorado) or Fred Hirschmann (Alaska). In addition, my sister-in-law, Joann, will be of help as needed to give information about Tommy. Joann will have her story to tell also. As time passes, there are fewer and fewer people to ask about our history, and I hope to be as accurate as possible. Most everyone I have talked to about this project has been supportive. Several have even said that they too would like to leave some history for their families. So
