Cooking with Herb Cedella Marley,Raquel Pelzel,2017-07-25 Cedella Marley shows how cannabis can be part of a clean, green, healthy life, and shares tips first-time users and marijuana devotees can use to enhance their wellness routines and favorite recipes with a natural “Marley high.” Cooking with Herb is more than a collection of recipes—it’s a lifestyle book reflecting the Marley Natural brand’s holistic clean living philosophy. Wellness guru Cedella Marley, the daughter of famed reggae legend Bob Marley and the face of the premium cannabis brand, grew up in Jamaica with the familiar scent of The Herb and experienced its restorative and spiritual properties firsthand. Today cannabis still plays a role in her wellness regimen, whether it’s in her hemp-based moisturizer or in a soothing morning tea, and in Cooking with Herb, Cedella shows readers how they too can experience the healing benefits of cannabis safely and pleasurably. She guides readers on the questions they should ask at dispensaries, offers insights on today’s more potent weed, demystifies the process behind controlling the dosage of cannabis in edibles, and shares a collection of more than 75 Caribbean-inflected, canna-boosted recipes (along with strategies readers can use to integrate these dishes into their entertaining practices). And because food is only one aspect of Cedella's wellness routine, she also highlights the other ways she uses cannabis, sharing recipes for homemade beauty scrubs and hair treatments—even tips readers can use to elevate their yoga and meditation practices. Filled with practical information, beautiful photography, and Cedella's personal stories about growing up with her famous father, Cooking with Herb will teach readers to use and enjoy cannabis in a manner that’s enlightened, respectful, and responsible.

The Adventures of Fat Rice Abraham Conlon,Adrienne Lo,2016-10-25 With 100 recipes, this is the first book to explore the vibrant food culture of Macau—an east-meets-west melting pot of Chinese, Portuguese, Malaysian, and Indian foodways—as seen through the lens of the cult favorite Chicago restaurant, Fat Rice. An hour’s ferry ride from Hong Kong, on the banks of the Pearl River in China, lies Macau—a modern, cosmopolitan city with an unexpected history. For centuries, Macau was one of the world’s greatest trading ports: a Portuguese outpost and crossroads along the spice route, where travelers from Europe, Southeast Asia, South Asia, and mainland China traded resources, culture, and food. The Adventures of Fat Rice is the story of how two Chicago chefs discovered and fell in love with this fascinating and, at least until now, unheralded cuisine. With dishes like Minchi (a classic Macanese meat hash), Po Kok Gai (a Portuguese-influenced chicken curry with chouriço and olives), and Arroz Gordo (if paella and fried rice had a baby), now you, too, can bring the eclectic and wonderfully unique—yet enticingly familiar—flavors of Macau into your own kitchen.

Timeless Secrets of Health and Rejuvenation Andreas Moritz,2005-02 What actually causes disease? The answer might be surprising. In this new edition of his best-selling book *The Key to Health and Rejuvenation*, Andreas Moritz reveals the most common but rarely recognized reasons responsible for illness and aging and how to achieve continuous vibrant health. Andreas puts the responsibility of basic health care back into the hands of the individual. He states, Healing occurs effortlessly and naturally once the conditions that are required for the body to return to its most natural state - balance and efficiency - have been met. The basic theme is the relative ease involved in creating good health. While physicians attempt to combat or subdue illness, they know very little about employing the mind and body to actually heal a person. The book includes a complete self-help program, part of which is derived from the ancient medical system of Ayurveda. In addition, this book is packed with useful information on all major health issues and effective methods of cleansing the blood, liver and gallbladder, intestines, kidneys, blood vessels, lymphatic system and body tissues. The nearly 500 pages, divided into 15 chapters, explain everything about the mystery of mind and body, the laws of health and illness, the risk factors of common diseases, the diagnostic parameters, the most common causes of disease and how to remove them, the basic misconceptions people and doctors have about health and wellness, and the journey to lifelong health and spiritual happiness. Neither conventional nor alternative forms of medicine provide the population with the basic, practical steps to remove the root causes of illness and use practical measures of health promotion as a primary approach of treatment. *Timeless Secrets of Health and Rejuvenation* fills this gap by showing you how to employ your body's own healing powers to bring balance and harmony into all aspects of your life. Overall, this book is the bible of good health, happiness and rejuvenation for those who long for a balanced lifestyle.
