

Sayings About New York City

Wolfgang Mieder

American Sayings - Famous Phrases, Slogans and Aphorisms Henry F. Woods, 2013-01-30 America has a rich history of creating unique sayings and phrases, here are collected some of the finest. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Oxford Treasury of Sayings and Quotations Susan Ratcliffe, 2011-10-13 Contains quotations, proverbs, and phrases from throughout history and around the world, grouped by topic in over four hundred alphabetically arranged categories from Ability to Youth. Includes a list of themes and a keyword index.

Everyday Sayings Charles N. Lurie, 1928

A Dictionary of American Proverbs Wolfgang Mieder, 1992 Americans have a gift for coining proverbs. A picture is worth a thousand words was not, as you might imagine, the product of ancient Chinese wisdom -- it was actually minted by advertising executive Fred Barnard in a 1921 advertisement for Printer's Ink magazine. After all, Americans are first and foremost a practical people and proverbs can be loosely defined as pithy statements that are generally accepted as true and useful. The next logical step would be to gather all of this wisdom together for a truly American celebration of shrewd advice. A Dictionary of American Proverbs is the first major collection of proverbs in the English language based on oral sources rather than written ones. Listed alphabetically according to their most significant key word, it features over 15,000 entries including uniquely American proverbs that have never before been recorded, as well as thousands of traditional proverbs that have found their way into American speech from classical, biblical, British, continental European, and American literature. Based on the fieldwork conducted over thirty years by the American Dialect Society, this volume is complete with historical references to the earliest written sources, and supplies variants and recorded geographical distribution after each proverb. Many surprised await the reader in this vast treasure trove of wit and wisdom. Collected here are nuggets of popular wisdom on all aspects of American life: weather, agriculture, travel, money, business, food, neighbors, friends, manners, government, politics, law, health, education, religion, music, song, and dance. And, to further enhance browsing pleasure, the editors have provided a detailed guide to the use of the work. While it's true that many of our best known proverbs have been supplied by the ever-present Anonymous, many more can be attributed to some very famous

Americans, like Ernest Hemingway, Abraham Lincoln, Benjamin Franklin, Mark Twain, J. Pierpont Morgan, Thomas Alva Edison, Abigail Adams, and Ralph Waldo Emerson, to name but a few offered in this fascinating collection. Who wouldn't want to know the origin of the opera ain't over till the fat lady sings? This uniquely American proverb and many more are gathered together in *A Dictionary of American Proverbs*. A great resource for students and scholars of literature, psychology, folklore, linguistics, anthropology, and cultural history, this endlessly intriguing volume is also a delightful companion for anyone with an interest in American culture.

Geary's Guide to the World's Great Aphorists James Geary, 2008-12-08 Both an expert and a collector, James Geary has devoted his life to aphorisms and the last few years to organizing, indexing, and even translating them. The result is *Geary's Guide*, featuring aphorists like Voltaire, Twain, Shakespeare, Nietzsche, Woody Allen, Muhammad Ali, Emily Dickinson, and Mae West, as well as international practitioners appearing in English for the first time. But it is more than just a conventional anthology. It is also an encyclopedia, containing brief biographies of each author in addition to a selection of his or her aphorisms. The book is a field guide, too, with aphorists organized into eight different species, such as Comics, Critics & Satirists; Icons & Iconoclasts; and Painters & Poets. The book's two indexes—by author and by subject—make it easily searchable, while its unique organizational structure and Geary's lively biographical entries set it apart from all previous reference works. A perfect follow-up to Geary's New York Times bestseller *The World in a Phrase*, *Geary's Guide* is eminently suitable for browsing or for sustained reading. A comprehensive guide to our most intimate, idiosyncratic literary form, the book is an indispensable tool for writers and public speakers as well as essential reading for all language lovers.

"Right Makes Might" Wolfgang Mieder, 2019-04-04 "A powerful and timely addition to the literature of rhetoric and folklore." —Choice In 1860, Abraham Lincoln employed the proverb Right makes might—opposite of the more aggressive Might makes right—in his famed Cooper Union address. While Lincoln did not originate the proverb, his use of it in this critical speech indicates that the fourteenth century phrase had taken on new ethical and democratic connotations in the nineteenth century. In this collection, famed scholar of proverbs Wolfgang Mieder explores the multifaceted use and function of proverbs through the history of the United States, from their early beginnings up through their use by such modern-day politicians as Barack Obama, Hillary Rodham Clinton, and Bernie Sanders. Building on previous publications and unpublished research, Mieder explores sociopolitical aspects of the American worldview as expressed through the use of proverbs in politics, women's rights, and the civil rights movement—and by looking at the use of proverbial phrases, Mieder demonstrates how one traditional phrase can take on numerous expressive roles over time, and how they continue to play a key role in our contemporary moment.

Dictionary of Authentic American Proverbs Wolfgang Mieder, 2021-09-17 *Dictionary of Authentic American Proverbs* offers a comprehensive reference guide for distinctly American proverbs. Compiled by Wolfgang Mieder, a key figure in the

field of proverb studies, this compendium features nearly 1,500 proverbs with American origins, spanning the 17th century to present day, including a scholarly introduction exploring the history of proverbs in America, the structure and variants of these proverbs, known authors and sources, and cultural values expressed in these proverbs. Along with a comprehensive bibliography of proverb collections and interpretive scholarship, this dictionary offers a glimpse into the history of American social and cultural attitudes through uniquely American language.

The Dicts and Sayings of the Philosophers John William Sutton,2006-11-01 At the forefront of the medieval wisdom tradition was *The Dicts and Sayings of the Philosophers*, a long prose text that purports to be a compendium of lore collected from biblical, classical, and legendary philosophers and sages. *Dicts and Sayings* was a well-known work that traveled across many lands and was translated into many languages. It became popular in England in the fifteenth century, and cemented its place in English literary history on 18 November 1477, when William Caxton printed an edition of *Dicts and Sayings* that was perhaps the first book ever printed in England. *Dicts and Sayings* is presented as a series of truisms handed down from a wise speaker to a receptive audience. The text introduces its audience to a long series of eminent wise men, with each philosopher's words of wisdom being preceded by a biographical story that ranges from a few words to several manuscript pages.

Igbo in the Atlantic World Toyin Falola,Raphael Chijioke Njoku,2016-09-26 The Igbo are one of the most populous ethnic groups in Nigeria and are perhaps best known and celebrated in the work of Chinua Achebe. In this landmark collection on Igbo society and arts, Toyin Falola and Raphael Chijioke Njoku have compiled a detailed and innovative examination of the Igbo experience in Africa and in the diaspora. Focusing on institutions and cultural practices, the volume covers the enslavement, middle passage, and American experience of the Igbo as well as their return to Africa and aspects of Igbo language, society, and cultural arts. By employing a variety of disciplinary perspectives, this volume presents a comprehensive view of how the Igbo were integrated into the Atlantic world through the slave trade and slavery, the transformations of Igbo identities and culture, and the strategies for resistance employed by the Igbo in the New World. Moving beyond descriptions of generic African experiences, this collection includes 21 essays by prominent scholars throughout the world.

The Quote Verifier Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom

confirmed. Ralph Keyes's *The Quote Verifier* considers not only classic misquotes such as Nice guys finish last, and Play it again, Sam, but more surprising ones such as Ain't I a woman? and Golf is a good walk spoiled, as well as the origins of popular sayings such as The opera ain't over till the fat lady sings, No one washes a rented car, and Make my day. Keyes's in-depth research routinely confounds widespread assumptions about who said what, where, and when. Organized in easy-to-access dictionary form, *The Quote Verifier* also contains special sections highlighting commonly misquoted people and genres, such as Yogi Berra and Oscar Wilde, famous last words, and misremembered movie lines. An invaluable resource for not just those with a professional need to quote accurately, but anyone at all who is interested in the roots of words and phrases, *The Quote Verifier* is not only a fascinating piece of literary sleuthing, but also a great read.

Image Makers Robert Jackall, Janice M. Hirota, 2000 Everywhere we turn, we are exhorted to spend money, join organizations, rally to causes, or express outrage. *Image Makers* is a comprehensive analysis of this age of modern advocacy- from commercials to public service ads to government propaganda- and its roots in advertising and public relations.

Adventures of an Itinerant Imagination Bernard Brandon Scott, 2025-06-25 John Dominic Crossan is the most important scholar on the historical Jesus since David Fredrick Strauss in the nineteenth century. Both his scholarly *The Historical Jesus: The Life of a Mediterranean Jewish Peasant* (1991) and the more popular *Jesus: A Revolutionary Biography* (1994) made the bestsellers list. But the scope of his work goes well beyond the historical Jesus to studies on the death of Jesus and anti-Semitism, Christianity and empire, archaeology, the apostle Paul the Pharisee, and recently apocalyptic and the environment. He addresses both scholarly and popular audiences, ancient sources and contemporary concerns. The essays in this volume explore and access the range of his work for his various audiences. Some of the essays are scholarly in tone, while others are quite personal. A feature of this book is Crossan's complete curriculum vitae.

Sayings of Generalissimo Giuliani Kevin McAuliffe, 2000 This is not your standard political biography. the core of this book is--incontrovertibly and inescapably--Rudy Giuliani in his own words, being himself.

Encyclopedia of American Humorists Steven H. Gale, 2016-04-14 First published in 1988, this book contains entries on famous American Humorists. Humor has been present in American literature, from the beginning, and has developed characteristics that reflect the American character, both regional and national. Although American literature was, in the past, treated as inferior to British literature, there has always been a large popular audience for the genre, which this book shows. The figures with entries in this encyclopedia not only amuse in their writing, but also aim to enlighten- setting out to expose the foibles and foolishness of society and the individuals who compose it. It is the manner in which these authors try to accomplish this end that determines whether they appear in the volume. Indeed, the book will demonstrate that the best humor has at its base, a ready understanding of human nature.

The City James A. Clapp, 2012-11-01 Originally published in 1984 by the Center for Urban Policy Research.

Reviewing **Sayings About New York City**: Unlocking the Spellbinding Force of Linguistics

In a fast-paced world fueled by information and interconnectivity, the spellbinding force of linguistics has acquired newfound prominence.
