The Storyteller's Secret Carmine Gallo,2016-02-23 How did a Venice Beach T-shirt vendor become television's most successful producer? How did an entrepreneur who started in a garage create the most iconic product launches in business history? How did a timid pastor's son overcome a paralyzing fear of public speaking to captivate sold-out crowds at Yankee Stadium, twice? How did a human rights attorney earn TED's longest standing ovation, and how did a Facebook executive launch a movement to encourage millions of women to lean in? They told brilliant stories. In *The Storyteller's Secret: From TED Speakers to Business Legends, Why Some Ideas Catch on and Others Don't*, keynote speaker, bestselling author, and communication expert Carmine Gallo reveals the keys to telling powerful stories that inspire, motivate, educate, build brands, launch movements, and change lives. The New York Times has called a well-told story a strategic tool with irresistible power - the proof lies in the success stories of 50 icons, leaders, and legends featured in *The Storyteller's Secret*: entrepreneurs like Richard Branson, Sara Blakely, Elon Musk, Steve Jobs, and Sheryl Sandberg; spellbinding speakers like Dr. Martin Luther King, Jr., Bryan Stevenson, and Malala Yousafzai; and business leaders behind famous brands such as Starbucks, Southwest Airlines, Wynn Resorts, Whole Foods, and Pixar. Whether your goal is to educate, fundraise, inspire teams, build an award-winning culture, or to deliver memorable presentations, a story is your most valuable asset and your competitive advantage. In *The Storyteller's Secret*, Gallo explains why the brain is hardwired to love stories - especially rags-to-riches stories - and how the latest science can help you craft a persuasive narrative that wins hearts and minds. The art of storytelling can be used to drive change, says billionaire entrepreneur Richard Branson. And since the next decade will see the most change our civilization has ever known, your story will radically transform your business, your life, and the lives of those you touch. Ideas that catch on are wrapped in story. Your story can change the world. Isn't it time you shared yours?

What You Don't Know about Leadership, But Probably Should Jeffrey A. Kottler,2018 We live in a world of groups. Almost every facet of daily existence, whether sitting in meetings, collaborating with coworkers, attending classes or programs, contributing to community or social events, participating in family gatherings, even enjoying coffee or meals with friends, takes place in group contexts. In addition, everyone finds themselves in leadership positions at one time or another, responsible for the welfare of others. It is curious, but nevertheless commonplace, that counselors, therapists, teachers,

business leaders, executives, coaches, and other helping professionals, who have been specifically trained in group leadership, often fail to apply their knowledge and skills to settings in which they might matter most. The same practitioners who guide others may not be able-or willing-to put that background to work when they find themselves supervising peers, leading meetings, or even managing conflict at the dinner table. Many, if not most, people experience required meetings and mandated group collaborations as tedious, repetitive, and often a waste of time that could be spent doing other things that feel far more productive--

**Preaching by Heart** Ryan P. Tinetti, 2021-06-22 There's a seemingly innocuous villain that is taking up residence in the pulpits of countless churches, disrupting the connection between the pastor and the people and keeping the proclamation of God's word from having its full effect. That villain is the preacher's notes. Preachers know this all too well. Many wish that they could "preach by heart" without the aid of notes, but are unsure how to do so—and are left feeling frustrated and discouraged by the presence of that disruptive interloper. Author Ryan Tinetti shares an unexpected solution in the form of an ancient and time-tested practice known as the method of loci, or Memory Palace. Surveying portions of classical rhetoric that are especially relevant for contemporary preachers and diving deep into the theory and practice of the Memory Palace, *Preaching by Heart* plunders these ancient treasures that have been so formative for preachers through the ages but too oft neglected in our own time. When pastors preach by heart, they find greater satisfaction in the homiletic task and their proclamation is even more effective. *Preaching by Heart* shows how to pitch the notes and reach that goal.

The first of its kind, this book will be a key text for entrepreneurs, corporate managers, academic practitioners, and executives. It will also be of interest to students and researchers of behavioural economics, rhetoric, strategy, communication studies, business communication, fiction theory, generation studies, and virtual reality studies.

Letters to a Young Doctor Sanjiv Chopra,Pankaj K. Vij,2024-12-03 Doctors Sanjiv Chopra and Pankaj Vij, two world-renowned physicians and educators, present Letters to a Young Doctor, a book that offers all the lessons that they don't teach in medical school: how to find joy, meaning, and happiness in the healthcare professions. It is an essential gift for anyone graduating medical school, starting their residency, or becoming a nurse, physician's assistant, or EMT. During the

COVID-19 pandemic, people all over the world flung open their windows and yelled their heartfelt gratitude for the doctors, nurses, ambulance drivers, and myriad others working tirelessly on the front lines, putting their own lives at risk to care for those affected. Yet despite such support, millions of medical workers experienced unprecedented levels of fatigue, burnout, and trauma. In this elegant and small volume, Drs. Chopra and Vij have written a heartfelt ode to those starting out in the healthcare professions, offering them the much-needed wisdom and inspiration to help them on their journey. Here, they discuss the importance of becoming a lifelong learner and innovator, the importance of mentorship, and the power of listening to patients with a “beginner’s mind.” Letters to a Young Doctor illustrates, through numerous examples and inspiring stories, that there are literally hundreds of paths to success.
