Tim O'Brien Tobey C Herzog, 2018-04-17 This collection of seven essays, like the carefully linked collection of vignettes within Tim O'Brien's most popular book *The Things They Carried*, contains multiple critical and biographical angles with recurring threads of life events, themes, characters, creative techniques, and references to all of O'Brien's books. Grounded in thorough research, Herzog's work illustrates how O'Brien merges his life experiences with his creative production; he rarely misses an opportunity to introduce these critical life events into his writing.

The Things They Carried Tim O'Brien, 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

Going After Cacciato Tim O'Brien, 1999-09-01 A CLASSIC FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF *THE THINGS THEY CARRIED* To call *Going After Cacciato* a novel about war is like calling *Moby-Dick* a novel about whales. So wrote *The New York Times* of Tim O'Brien's now classic novel of Vietnam. Winner of the 1979 National Book Award, *Going After Cacciato* captures the peculiar mixture of horror and hallucination that marked this strangest of wars. In a blend of reality and fantasy, this novel tells the story of a young soldier who one day lays down his rifle and sets off on a quixotic journey from the jungles of Indochina to the streets of Paris. In its memorable evocation of men both fleeing from and meeting the demands of battle, *Going After Cacciato* stands as much more than just a great war novel. Ultimately it's about the forces of fear and heroism that do battle in the hearts of us all. Now with Extra Libris material, including a reader's guide

In the Lake of the Woods Tim O'Brien, 2006-09-01 A politician's past war crimes are revealed in this psychologically haunting novel by the National Book Award-winning author of *The Things They Carried*. Vietnam veteran John Wade is running for senate when long-hidden secrets about his involvement in wartime atrocities come to light. But the loss of his political fortunes is only the beginning of John's downfall. A retreat with his wife, Kathy, to a lakeside cabin in northern Minnesota only exacerbates the tensions rising between them. Then, within days of their arrival, Kathy mysteriously vanishes into the watery wilderness. When a police search fails to locate her, suspicion falls on the disgraced politician with a violent past. But when John himself disappears, the questions mount—with no answers in sight. Conversations with Tim O'Brien Patrick A. Smith, 2012-10-22 On the strength of a National Book Award for his novel *Going After Cacciato* and a widely acclaimed short-story cycle, *The Things They Carried*, Tim O'Brien (b. 1946) cemented his reputation as one of the most compelling chroniclers of Vietnam—and, in the process, was cast as a “Vietnam writer.” But to confine O'Brien to a single piece of ground or a particular style is to ignore the broad sweep of a career spanning nearly four decades. In addition to detailed discussions of all of O'Brien's work—a memoir, *If I Die in a Combat Zone*, and seven books of fiction—the sixteen interviews and profiles in *Conversations with Tim O'Brien* explore common themes, with subtle differences. Looming large is the experience of Vietnam and its influence as well as O'Brien's youth in Minnesota and the expectations of a midwestern upbringing. Interviews allowed the writer to fully examine the shifting boundaries of truth and identity, memory, and imagination in fiction; the role of war in society; gender issues; and the craft of writing. O'Brien approaches each of these topics and a host of others with a directness and an evident passion that will resonate with both readers and prospective writers.

The Things They Carried Tim O'Brien, 1990 Each of these 22 tales relate the exploits and personalities of a fictional platoon of American soldiers in Vietnam.

The Nuclear Age Tim O'Brien, 2013-03-13 *Going After Cacciato* (winner of the National Book Award in 1979) was widely acclaimed as one of the most powerful and emotionally vivid novels about Vietnam. Now, writing with the same sharp, richly expressive language, the same edgy dark humor and complete honesty, and the same rawness of nerve and energy, Tim O'Brien gives us an equally powerful novel about growing up as a child of anxiety—the big anxiety, the one that's been with us since the fifties, when we finally realized that Einstein's theories translated into Russian. It's 1995 and William Cowling is digging a hole in his backyard. He is forty-nine, and after years and years of pent-up terror he has finally found the courage of a fighting man. And so a hole. A hole that he hopes will one day be large enough to swallow up his almost fifty years' worth of fear. A hole that causes his twelve-year-old daughter to call him a “nutto,” and his wife to stop speaking to him. A hole that William will not stop digging and out of which rise scenes of his past to play themselves out in his memory. The scenes take him back to his quietly peculiar adolescence (No. 2 pencils had a surprising significance), to his college days, down into the underground, and up through several stabs at “normal” adulthood . . . they take him from Montana to Florida, from Cuba to California, from Kansas to New York to Germany and back to Montana as he makes his way through an often mystifying—but just as often hilarious—labyrinth of fears and desires, obsessions and obligations, blessed madness and less-than-blessed sobriety . . . they take him into the lives of a shrink who's a whiz at role reversal and of a dizzying eccentric

cheerleader; of radical misfits and misfit radicals; of an ethereal stewardess (the traveling man's dream); and two guerilla commandos who mix shtick and nightmare in their tactical brew. And each scene is a reminder of the unbargained-for-terror that has guided him to the bottom of his hole. For this digging is his final act of "prudence and sanity"—he's taking control, getting there first, robbing his fears of their power to destroy . . . or so he believes. But is this act really sane? Is his daughter's estimation of his emotional well-being ("pretty buggo, too") the only truly sane statement being made? Is sanity even the issue? In the dazzling final scenes, William turns from the hole—from his past and from his future 0 to himself, digging deeper and deeper to find his answers. The Nuclear Age is pyrotechnically funny and moving, courageous and irreverent. It takes on our supreme unacknowledged terror (whose reality we both refuse to accept and all too easily accommodate ourselves to), finds it lunatic core, and shapes it into a story that speaks of, and to, an entire age: our own, our nuclear age. It is an extraordinary novel.
