## M Planty

**Honey in the Horn** Harold Lenoir Davis,1977 In this epic work by award-winning novelist, poet, and essayist H.L. Davis, the virtues of the frontier live again in the lives and characters of Oregon settlers during the homesteading period from 1906-1908. Winner of the 1936 Pulitzer Prize for fiction.

*On Sacred Ground* Nicholas O'Connell,2011-10-01 On Sacred Ground explores the literature of the Northwest, the area that extends from the Pacific Ocean to the Rocky Mountains, and from the forty-ninth parallel to the Siskiyou Mountains. The Northwest exhibits astonishing geographical diversity and yet the entire bioregion shares a similarity of climate, flora, and fauna. For Nicholas O'Connell, the effects of nature on everyday Northwest life carry over to the region's literature. Although Northwest writers address a number of subjects, the relationship between people and place proves the dominant one, and that has been true since the first tribes settled the region and began telling stories about it, thousands of years ago. Indeed, it is the common thread linking Chief Seattle to Theodore Roethke, Narscissa Whitman to Ursula K. Le Guin, Joaquin Miller to Ivan Doig, Marilynne Robinson to Jack London, Betty MacDonald to Gary Snyder. Tracing the history of Pacific Northwest literary works--from Native American myths to the accounts of explorers and settlers, the effusions of the romantics, the sharply etched stories of the realists, the mystic visions of Northwest poets, and the contemporary explosion of Northwest poetry and prose--O'Connell shows how the most important contribution of Northwest writers to American literature is their articulation of a more spiritual human relationship with landscape. Pacific Northwest writers and storytellers see the Northwest not just as a source of material wealth but as a spiritual homeland, a place to lead a rich and fulfilling life within the whole context of creation. And just as the relationship between people and place serves as the unifying feature of Northwest literature, so also does literature itself possess a perhaps unique ability to transform a landscape into a sacred place.

The Pacific Northwest Raymond D. Gastil,Barnett Singer,2010-04-23 The Pacific Northwest--for the purposes of this book

mostly Oregon and Washington--has sometimes been seen as lacking significant cultural history. Home to idyllic environmental wonders, the region has been plagued by the notion that the best and brightest often left in search of greater things, that the mainstream world was thousands of miles away--or at least as far south as California. This book describes the Pacific Northwest's search for a regional identity from the first Indian-European contacts through the late twentieth century, identifying those individuals and groups who at least struggled to give meaning to the Northwest experience. It places particular emphasis on writers and other celebrated individuals in the arts, detailing how their lives and works both reflected the region and also enhanced its sense of self.

Honey in the Horn ,1963

A Literary History of the American West Western Literature Association (U.S.),1987 Literary histories, of course, do not have a reason for being unless there exists the literature itself. This volume, perhaps more than others of its kind, is an expression of appreciation for the talented and dedicated literary artists who ignored the odds, avoided temptations to write for popularity or prestige, and chose to write honestly about the American West, believing that experiences long known to be of historical importance are also experiences that need and deserve a literature of importance.

**Listen to Jazz!** Melissa Ursula Dawn Goldsmith,2025-06-12 Listen to Jazz!: Exploring a Musical Genre explores jazz as both an American musical genre and a global creative exchange, with a focus on 50 must-hear musicians, composers, bands, groups, albums, and songs. Rather than focusing on jazz as a solely American genre with a limited set of established jazz greats, Listen to Jazz! explores the diversity of jazz's sounds, compositions, recordings, and styles. A background chapter concisely surveys the genre's sounds, concepts, performance practices, and interactions with the sound recording industry and technological advances in recording. The A-to-Z Must-Hear Music entries include recent jazz musicians from around the world, jazz musicians and recordings that have been marginalized or overlooked, as well as musicians, songs, and albums that have been recognized already for contributing to the defining aspects of specific jazz styles. Chapters on the impact of jazz on popular culture and its legacy, as well as a bibliography, enhance the historical and analytical content found in many jazz resources. This book stands out for its inclusive and comparative listening-centered approach, often pairing or grouping musicians and recordings in its entries. Music concepts such as improvisation, syncopation, tone color, musical structure, harmonic and rhythmic patterns, and music production techniques are introduced and explained thoroughly, making the book accessible to high school and undergraduate students without any previous musical background while still being of interest to jazz aficionados and scholars.

Poetry Harriet Monroe,1920

*Billboard* ,1953-05-16 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled

**The Continuum Encyclopedia of American Literature** Steven R. Serafin, Alfred Bendixen, 2005-09-01 More than ten years in the making, this comprehensive single-volume literary survey is for the student, scholar, and general reader. The Continuum Encyclopedia of American Literature represents a collaborative effort, involving 300 contributors from across the US and Canada. Composed of more than 1,100 signed biographical-critical entries, this Encyclopedia serves as both guide and companion to the study and appreciation of American literature. A special feature is the topical article, of which there are 70.

**Oregon** William G. Robbins, 2020-06-22 Oregon's landscape boasts brilliant waterfalls, towering volcanoes, productive river valleys, and far-reaching high deserts. People have lived in the region for at least twelve thousand years, during which they established communities; named places; harvested fish, timber, and agricultural products; and made laws and choices that both protected and threatened the land and its inhabitants. William G. Robbins traces the state's history of commodification and conservation, despair and hope, progress and tradition. This revised and updated edition features a new introduction and epilogue with discussion of climate change, racial disparity, immigration, and discrimination. Revealing Oregon's rich social, economic, cultural, and ecological complexities, Robbins upholds the historian's commitment to critical inquiry, approaching the state's past with both open-mindedness and a healthy dose of skepticism about the claims of Oregon's boosters.

**Rabenhorst's Dictionary of the German and English Languages in Two Parts. By G. H. Noeden ... Part 1.[-2.]**, 1814

**Exchange** Pierre Lagayette, 2005 Recueil de textes sur l'échange culturel, symbolique ou matériel. Les auteurs montrent que les échanges peuvent constituer le fondement de l'entente entre les peuples. Des textes analysent cette pratique dans le cadre de relations ethniques, éclairant la situation des Indiens, notamment en Californie et au Mexique.

The West of H.L. Davis James Thompson Potts, 1977

**The Sacred Bee in Ancient Times and Folklore** Hilda M. Ransome, 2012-04-20 Well-documented study of bees, hives, and beekeepers, along with rare illustrations as they appear in ancient paintings, sculpture, on coins, jewelry, and Mayan glyphs.

The Pacific Northwest Carlos A. Schwantes, 1996-01-01 Carlos Arnaldo Schwantes has revised and expanded the entire work, which is still the most comprehensive and balanced history of the region. This edition contains significant additional material on early mining in the Pacific Northwest, sea routes to Oregon in the early discovery and contact period, the environment of the region, the impact of the Klondike gold rush, and politics since 1945. Recent environmental controversies,

such as endangered salmon runs and the spotted owl dispute, have been addressed, as has the effect of the Cold War on the region's economy. The author has also expanded discussion of the roles of women and minorities and updated statistical information.
