**The Nazi and Japanese Human Experimentation Programmes** Tim Heath, 2024-12-31 Explores Nazi and Japanese WWII human experimentation, revealing the horrifying abuses, motivations, and post-war consequences, including evasion of justice. Among the most appalling cruelties perpetrated throughout the course of the Second World War was undoubtedly that of human medical and military experimentation conducted upon both living and deceased human beings. The various Nazi human experimentation programs were initially carried out not so much in the pursuit of any particular scientific discipline, but largely as a result of the Third Reich's obsession with race and eugenics. However, this criminal sub-discipline of the Nazi fascination, with its warped racial ideologies, was excused as little other than collateral damage by many of the Nazi physicians and their assistants. Germany's Axis ally, the Japanese Empire, notorious for its cruelty and sadism ran its own independent programs of human experimentation such as Unit 731 where human beings were not only subject to the most appalling abuses but were injected with cocktails of poisons and/or diseases and in some instances were dissected while fully conscious without any anaesthesia being administered beforehand. It can be said that both Third Reich Germany and Imperial Japan had a more or less inexhaustible supply of human Guinea pigs throughout the Second World War for its ghastly enterprise in human medical experimentation. These unfortunate souls consisted largely of concentration camp inmates or in the case of the Japanese the indigenous peoples of the lands they conquered along with British, American, Indian and Australian Allied prisoners of war. Yet what was the true purpose of these so-called experiments and what requisites if any were, they to serve? And does any evidence suggest that mutual cooperation existed between Nazi Germany and the Japanese Empire towards the collation of data through the execution of these ghastly endeavours? Another facet examined within this work is why those Japanese physicians involved in human experimentation and medical torture were excused indictments for war crimes when the evidence against them was clearly so overwhelming? And is there any truth to suggest that the Allied powers benefited from the material obtained through questioning at the end of the Second World War? The complicity of both the German and Japanese pharmaceutical companies also has to be brought into question as many cooperated willingly with the military making handsome profits in the process. This work is written in an attempt at analysing all of these factors within the context of a single volume, utilising the testimonies of perpetrator and victim through

many new first-hand and archival sources. This volume also serves as a horrifying and sobering reminder of the capability of man's inhumanity through two of the worst military regimes of twentieth-century history.

*HITLER'S SOCIALIST SYMBOLS - NSV, SA, SS, VW & Swastikas & Bellamy Salutes from USA Socialists* \ Dr. Rex Curry Victorious Jake Chambers, Karl Grosskreutz, Soviet Writers Union, Hitler: socialist artist and the top graphic designer of all time. His flag symbol represented "S shapes for SOCIALISM." That is one of many amazing discoveries by Professor Rex Curry. This book reveals Dr. Curry's surprises about Adolf Hitler's socialist symbolism including: (1) Hitler's socialist salute from USA socialists and their flag Pledge; (2) Hitler's socialist vocabulary; (3) logos for NSV, SA, SS, VW, Hitler's flag, and

his other socialist emblems. As socialism's top ad man, the creative genius pioneered public relations. In his German version of "Mad Men" Hitler revealed how to sell socialism and sell himself. Other historians were unable to discover Hitler's socialist symbolism and branding. This book exposes many other examples of ongoing American Brainwashing and Global Brainwashing that is maintained by Web Search Engines, Artificial Intelligence (AI), the MSM, historians, and by socialist schools (government schools) and universities. Modern political debates often describe only two opposing alternatives as "Nazis" versus "Communists". The description is a hoax: the words "Nazis" and "Communist" divert attention from the larger shared problem of "Socialism." Most scholars believed (mistakenly) that Hitler called his group Nazis and Fascists; they were ignorant of how Hitler self-identified: SOCIALIST. They hid in their ivory towers of Babel. Scholars suffered the fate of Echo in Greek mythology, forever forced to repeat the falsehoods they heard. Ignorant of Hitler's diction, they spoke the language of lies. Then historians learned about Dr. Curry's academic breakthroughs. For years, Dr. Curry was a modern-day Cassandra: He uttered prophetic truths that were ignored by professional liars in academia and media. The famed linguist was the only scholar who eschewed popular linguistic misnomers (e.g. Nazi, Fascist, Third Reich, swastika, etc). He taught accurate terminology (e.g. SOCIALISM and SOCIALIST and Hooked Cross or Hakenkreuz). Dr. Curry inspired the academic battle to bring honesty and linguistic accuracy to the field of history. Please join the fight against anti-semantic teachers. Educational Outreach Programs (EOPs) energized by Dr. Curry's successes are the only services that school modern scholars that Hitler self-identified as Socialist. He did not self-identify as Nazi, nor as Fascist. The re-education resources are unique. If you ever see a sentence like the following one, then you know it was from EOPs for Dr. Curry's philosemantic scholarship: Hitler didn't call himself Nazi or Fascist, he called himself socialist. Today, Dr. Curry is a trailblazer in linguistics and about Hitler's nomenclature. The watchdog historian brought revolutionary changes to the English language. He is rewiring brains. He is opening eyes to old lies about German socialism's true lexicon. More and more commentators and educators are following Dr. Curry's lead. Linguistic EOPs above led to many amazing historical discoveries, including revelations about Sophie Scholl's White Rose group; Anne Frank's Diary; Joseph Goebbels' "Der Nazi Sozi"; Adolf Hitler's "Mein Kampf"; Martin Niemoller's verse "First They Came For the Socialists"; the swastika symbol; the hexagram (Star of David); the etymological history of "Roman Salute"; planetary brainwashing; how Web Search Engines and Artificial Intelligence (AI) spew lies about socialism, Marx, Mein Kampf, and Hitler; and much more! Except for the American Linguist Laureate Dr. Rex Curry, every other historian did not see how the USA's Pledge of Allegiance led to Nazi salutes and Nazi behavior; and how the original pledge's use of military salutes led to Nazi salutes. Also, historians hid how Hitler is the top socialist graphic designer: his flag was semaphore for "SOCIALISM." Historians did not see Hitler's complementary semiotics in his NSV, SA, SS, & VW logos, as compared with the logo of Hitler's party: the National Socialist German Workers Party. Even today, only exceptional scholars with extraordinary skills (e.g. Dr. Curry) are able to discern the "S"-letter shape of the NSV's logo (The

National Socialist People's Welfare; in German: Nationalsozialistische Volkswohlfahrt). The S symbolism is almost as difficult to perceive as in Hitler's Hakenkreuz (hooked cross). It is as undetectable as in the symbols for the SS and SA (Schutzstaffel and Sturmabteilung). All historians (other than Dr. Curry) did not see how Hitler used his party's symbol to represent S-letter shapes for SOCIALIST. Do you not see? Professor Curry transformed the culture of India along with Hinduism and Buddhism. Before Dr. Curry's discoveries, Buddhists and Hindus published complaints that "Hitler stole their swastika symbol and ruined it and they want to restore respect for their ancient symbol." Educational Outreach Programs (EOP) about Dr. Curry's work taught India's commentators that Hitler's symbol was not a swastika, and that Hitler never called it a swastika. An upheaval occurred among Buddhists and Hindus in their objections. Now they proudly assert: "Hitler called his symbol a Hakenkreuz (hooked cross), not a swastika. It was not the same symbol. Dr. Curry told us!"

**Helsing and the Tales of Heroes** CMed (TheUniverseofCMed), The year is 2012. Earth has fallen into a new calamity. Waves of monsters have risen to ravage the great cities. Humanity is mutating to become ogres, their basic instincts overridden for a singular cause: to conquer the world. The familiar sense has returned. This is not what is supposed to happen. Our history books do not record such an event occurring, yet it is. The war is seemingly hopeless as the ogres are unstoppable. But there is hope. Rumors persist of mythical creatures, monsters that fight for the human cause. They appear and disappear at random, capable of decimating the ogre ranks. Yet, in the enemy armies, there are the whispers of a singular leader who rules them all, perhaps the one responsible for starting all of it. A lone human woman fights for her people as Paris burns. It will be up to her and the mythics to solve the mysteries that lie from where the mutagen occurred and perhaps save humanity from annihilation..... *Tales of Heroes* is a fantasy and historical story woven into one, consisting of several stories in one book. It is a book of love, drama, action, and sex between those that are human and anthro-alike. *Helsing and the Tales of Heroes* continues after the events of *Ayida-Weddo* and the *Tales of Heroes*. <https://www.gabatrix.net> (Main Website) <https://www.patreon.com/TheUniverseofCMed> <https://gofund.me/44b20522> (Gofundme Audiobook Project)
