The Imperfect Individual David Coffey,2022-09-20 Why is the West so confused and lacking in direction? Why does society appear to value groupthink over personal insight? And why has ideology won the battle against ideas? We are living in a time of momentous change. A political, economic, health, social, AI and media revolution has taken place whilst we have been distracted by ideologically driven narratives and the unhealthy and immoral products of multi-billion-pound corporations. How and why has society become so enslaved to government, media and pharmacological cartelism, what dangers does this pose and what can we do about it? Rather than theorise on who may be pulling the strings of society and orchestrating the current vast hysteria, The Imperfect Individual focusses on individual and societal behaviour. It explores why it has been so easy to manipulate people into a certain way of thinking and behaving and why Western populations are largely so thoughtlessly obedient and conformist. The book clearly paints a picture of a Western world in disarray but also strikes an incredibly optimistic tone about the future if enough people understand the critical importance of reasserting themselves as true stakeholders in their own societies by pursuing values such as courage, truth, authenticity, open-mindedness and freedom.

Primal Uprising Michelle Norris,Keith Norris,2021-05-04 What does it mean to be healthy? True well-being means so much more than just looking good—it means living without chronic aches and pains, waking up with energy every morning, and maintaining a resilient immune system that protects you from getting ill. The benefits don't end with your own body. Genuinely healthy living empowers you to improve your community—and even the world. Until now, other food philosophies have dominated the conversation of diet as an ethical or socially responsible choice. This eye-opening book argues that Paleo isn't just a diet: it also encompasses physical movement, thought, emotion and spirit, connection and resources, and tribe. Primal Uprising: The Paleo f(x) Guide to Optimizing Your Health, Expanding Your Mind, and Reclaiming Your Freedom makes the case that the modern Paleo way of eating and living can not only make us healthier and happier, it may even save the planet and our souls. Michelle and Keith Norris are cofounders of Paleo f(x), one of the premier wellness conferences in the world and the largest dedicated ancestral health conference in the nation. In Primal Uprising, Michelle and Keith reveal the seven pillars of human health: the physical, mental, emotional, relational, financial, spiritual, and tribal pillars that contribute to making us truly whole. They dive deep into how your body is meant to eat, move, handle stress, find your tribes, and live.

In each chapter, they've consulted with the experts—cutting-edge health practitioners, scientists in a variety of fields, coaches and gym owners, popular bloggers, community and sustainability activists, biohackers, chefs, and more—who provide practical advice and tips to help you create a game plan to step into your full potential and thrive. They also outline what you can do right now to start optimizing your whole self and showing up for your community and your environment. Not just another paleo book, *Primal Uprising* defines what it means to be Paleo in 2021 and beyond—a manifesto for better health, stronger communities, and a cleaner planet.

Downloading Divinity Jay Finne, 2022-06-19 A mysterious hand has offered humanity a gift. The choice to accept or pass up on this gift is completely up to you. However you probably won't be able to ignore it easily. The gift has puzzled many, and empowered many. It's been vilified by politicians and bankers. It's been glorified amongst its users and ignited a revolution that cannot be stopped. It's the gift of hard money, unassailable property rights, a trustless accounting system, a digital bearer asset and an alternative option to the currencies of nation states. Its short name is Bitcoin. Unfortunately there is no short answer that could fully convey how it is changing our world because it's doing so in more ways than I can sum into a brief punchline. If you were just looking for a short catchphrase then well the best I got is... "Fix the money. Fix the world!" But if you have time to understand how it's fixing our world you might enjoy this book!

The Fight for Female Lisa Bevere, 2024-08-20 The very idea of womanhood is being assailed on all fronts: sexualized by our culture, eliminated from language, and silenced by the church. For decades, both sexes have been systematically undermined and stripped of their strength. Male and female were originally created as a power union, but that turned into a power struggle. For years, women listened to the lie that to be powerful they needed to act like men. Now the tables have turned, with men acting like women. This attack is more than cultural, it is spiritual. Revelation 12:17 portrays a dragon enraged with women who has declared war on our children. Our enemy, terrified of what--and whom--we were made to reflect, seeks to blur the lines, distorting the very idea of what it means for women to bear God's divine image. We were made for this fight. It will require honest, intimate conversations to emerge with God-inspired answers equal to the challenges of our day. Our marriages, children, churches, communities, and futures depend on it. It's time to unite, confident in our divine identity, clear in our commission, and courageous in our calling, to confront the darkness with love and light. It's time to fight for female!

Patriarchal Truth Conrad Riker, Are you a rational, truth-seeking man looking to understand the foundations of masculinity and fatherhood? Look no further than Patriarchal Truth: A Jungian Analysis of Father Archetypes. This unapologetic, polemic book delves into the depths of male psychology, drawing on evolutionary biology and psychology to provide a balanced, objective view of fatherhood. Led by author Conrad Riker, a man who has faced the same struggles as you, Patriarchal Truth debunks the influence of progressive ideologies like Marxism, critical theories, queer theory, gender studies, feminism, and the woke movement, which have gone too far and threatened the very essence of masculinity. This book is for every man seeking to reclaim the power and importance of fatherhood in a rapidly changing world. It offers clear, concise insights on the subject, without resorting to complex or flowery language. With Patriarchal Truth, you'll learn how to navigate the intricate world of masculinity and fatherhood while staying true to your evolutionary roots. Don't let progressive ideologies dictate your understanding of fatherhood. Embrace the power of the patriarch with Patriarchal Truth: A Jungian Analysis of Father Archetypes. If you're ready to reclaim your masculinity and embrace your role as a father, buy this book today!

An Outsider's Guide to Antifa Matthew Knouff, 2017-11-22 The first volume of an introductory guide to the anti-fascist movement, focusing on historical fascism and the predecessor enemies to fascism, the epistemology of fascism, and the psychology of fascism and left-wing activism.

What Everyone Should Know About the Rise of AI Rodney Pupilampu, 2024-12-10 What Everyone Should Know About the Rise of AI: AI Transparency, Privacy, and Ethics Best Practices explores the multifaceted impact of AI on society. It emphasizes the urgent need for transparency, privacy, and ethical considerations in AI development and deployment. Readers follow along as the author delves into the potential for bias, misuse, and manipulation, drawing parallels with dystopian literature to highlight the importance of safeguarding against these risks. Ultimately, this serves as a comprehensive resource for understanding the importance of AI transparency, privacy, and ethics, and it empowers readers to become responsible stewards of this transformative technology.

Terra Invictus Daniel Wayne Smitley II, 2024-03-09 It is December 2024. As the world elite moves closer to complete domination, war is being waged on both sides of Earth. Two paths from separate worlds move inevitably closer as ancient secrets are revealed that will change the paradigm of human history. One man fights for the survival of his family. One woman fights to prevent an insidious evil from entering the inner realm of mankind. The Modern Digital Age meets the

Mythology of old as the known world becomes bigger and far darker than anyone could possibly imagine.

Sanatan : Then, Now, Forever Srikanth Polisetti, 2024-09-25 SANATAN: Then, Now, Forever' is a captivating story inspired by Hindu epics like the Mahabharata, Ramayana, Panchatantra, and Shiva Puranas. It follows the remarkable life of Eka, a simple hunter who is blessed, and cursed, with immortality, living from 1300 B.C. to the present day. The story starts at the dawn of time, tracing key events like the churning of the ocean (Samudra Manthan) and the battles of Kurukshetra. It follows the rise of Buddhism, the revival of Hinduism under Adi Shankaracharya, the reign of Hindu kings, the invasions and conquests of Bharat, and the British Raj, culminating in the fight for Independence and extending into a futuristic Bharat in 2123. Throughout his endless journey, Eka meets other mythological characters, immortal beings (Chiranjeevis), and important historical figures, embodying the idea that 'You either die a hero or live long enough to see yourself become the villain.' The book dives into the challenges of eternal life, showing how even an immortal can be drawn into darkness over time. This epic tale encourages readers to think about what it means to live forever and how everything changes with time. Yet, through it all, Sanatan remains unchanged—then, now, and forever.

The Past is a Future Country Edward Dutton, J.O.A. Rayner-Hilles, 2022-06-30 Since the 1960s, the West has moved ever-leftwards. 'Equality' and 'feelings' are central to the New Religion that rejects all traditional values. Yet beneath the institutionally dominant 'Left' stews a growing and restless 'Right'. How has this fractured situation come about? What will the future hold? In *The Past is a Future Country*, the authors trace it back to the Industrial Revolution. Darwinian selection massively weakened, meaning that, for the first time in history, the selfish, sick and stupid could survive and reproduce, undermining our religious, group-oriented culture. Now the West is scourged by an epidemic of narcissists, competing to signal their individuality and moral superiority. But their 'fight for equality' is really a fight for self-promotion. Reflecting this runaway individualism, Westerners increasingly don't have children, save for those who are genetically resistant to this onslaught — the staunchly conservative and religious: the eventual inheritors of the earth. But there is a dark storm brewing in the demographic data that the authors have analysed. There is a burgeoning growth in the population of exceptionally unintelligent and antisocial people that social welfare systems cannot sustain for much longer. The developed world will pass away, and the global population that depends on it will crash, in the greatest Malthusian Collapse of all time. Yet all is not lost. The authors show how a resistant class of intelligent, religious conservatives will band together to preserve enclaves of civilization that may survive most of the coming apocalypse, and from its ashes rebuild a new world: A Neo-Byzantium.

Hammerfall David Adams, 2020-07-19 The planet Syrene is gripped by Separatist rebellion. Pavlov's Dogs, a team of Russian spetsnaz lead by Lieutenant Petya Pavlov, are dropped into a world at war. Their task is simple. Defend Hammerfall, a research centre right on the front lines, surrounded by steaming jungle. There are enemies to fight and battles to win, but the greatest dangers come from within, and the Russian Confederation faces a threat much more serious than anyone could

have possibly believed... The Khorsky Incident begins at Hammerfall. Part I of III in the Khorsky trilogy, and a novel-length prelude to the Khorsky Incident.

Delay is surrender.

Lost and Found Mark D'Souza, MD, 2024-09-03 In the midst of unprecedented material wealth and technological advancement, a paradoxical crisis looms large – the crisis of meaning. Lost and Found, by Dr. Mark D'Souza, ventures deep into this quandary, addressing the poignant disconnects of our modern era. As workplaces remain trapped in a cacophony of disagreements, the world witnesses an opioid crisis showing no signs of remission. Drawing upon his extensive experience in medical practice and rich insights from philosophy, psychology, and literature, Dr. D'Souza traces this descent into chaos, marking Nietzsche's assertion of the "death of God" as a pivotal moment in the annals of philosophical and societal thought. As the world grapples with the void left behind, emergent replacement religions—from climate alarmism to victimhood—attempt to fill the chasm, often adding to the turmoil. However, Lost and Found is not merely an analysis of our past mistakes and present predicaments. It is a guiding light, illuminating a path forward. With compelling arguments for the embrace of free speech, a return to the grounding principles of traditional religions, and an appeal for personal responsibility, Dr. D'Souza provides actionable solutions for the individual and society at large. For those weary of today's cultural malaise and eager to mend our world, this book is an essential compass, guiding its readers toward a more cohesive and meaningful tomorrow.

Critical Education Theory Conrad Riker, 101-01-01 They're Erasing Your Sons. Here's How to Fight Back. Why are boys failing in schools that punish their instincts? How did "toxic masculinity" become code for being male? Who profits when men hate their own heritage? This book isn't "woke" — it's awake. 1. Reveal how classrooms now train activists, not thinkers. 2. Unmask the Marxist roots of "critical pedagogy." 3. Learn why merit is branded "oppression." 4. Discover the war on fathers, families, and logic. 5. Stop schools from turning sons into self-hating pawns. 6. Fight the lies rewriting Western history as pure evil. 7. Reject the cult of victimhood replacing personal responsibility. 8. Reclaim pride in masculinity, achievement, and truth. If you want to save your sons, your legacy, and the civilization built by men, buy this

book today — before they cancel the past entirely.

Painkiller Warren Mcfadden, 2023-04-20 Chapter 1 The Early Signs of Monkey Branching I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel. Maya Angelou The definition of a monkey-branching relationship is similar to cheating. Monkey-branching occurs when people are considering other options while they are still in a relationship with their partner. They do this to place down a safety net and secure a backup plan in case something goes wrong in their current relationship. Essentially, a dumper that monkey-branches emotionally cheats on his or her current partner and eventually leaves for someone else. 1.They start gaslighting you. This is the definition of gaslighting: manipulate someone by psychological means, be aware when someone start's gaslighting you. When someone gaslighting you they are accusing you of something they are doing. They will accuse you of cheating because they themselves are cheating and monkey branching. 2.They change hobbies and activities. They don't want to be around you too much, the things you used to do together to Bond together they don't want to do it no more. Because they start losing interest in you and their mind is focusing on the new person that's taking your place. 3.They change their appearance. They start dressing better and smelling better, they start going to the gym and taking care of themselves, because with you they start to get complacent and become a couch potato. With you they didn't care how they got their hair fixed, they walked around in their dirty ass underwear or dirty black leggings or basketball shorts people have on for a long ass time. They probably walked around the house with that stank ass weave and that nasty hair bonnet on. They do not wash their hair, then all of a sudden they start improving their appearance. They start eating healthy and going on a diet .The reason for this is because they lose interest in you, you become boring and complacent. Nobody wants a boring relationship. 4.You catch them on dating apps This should be a dead giveaway, what you think they get on dating apps to do, they're not looking for a prince in shining armor on a dating app or Mr. Right on a dating app, they're looking for somebody to stretch out their vagina walls a little further. Nobody really goes on dating apps looking for love they go on dating apps looking for sex and in today's time it just like ordering pizza.

A Devil Named Lucifer Jared Brock, 2025-03-11 Myth-Busting the Father of Lies Despite growing secularization, our culture still pays a lot of attention to the devil. He shows up everywhere from movies to music and is blamed for all sorts of crimes, natural disasters, and the policies of politicians we don't like. Yet in the Bible, Satan is barely present, barely speaks, and is subject to God's authority. So how has he gotten so much airtime in the lives of Christians and the wider culture? Award-winning biographer Jared Brock sorts through the myths and misinformation about the devil, revealing a biblical adversary we need to know, including · his real name, home, and life story--past, present, and apocalyptic future · his actual powers--and lack of power · how to spot, avoid, and overcome his tests, tricks, and tactics When we have a biblical understanding of our adversary, we'll see new and deeper ways to follow Jesus, grasp our role in His epic story, and find hope

in Christ's absolute authority over all things.

Summary of Balaji Srinivasan's The Network State Everest Media,2022-08-30T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The most obvious unconventional approach is when an eccentric plants a flag on an offshore platform or disputed patch of dirt and declares themselves king of nothing. If the issue with elections is that too many people care about them, the issue with these so-called micronations is that too few people care. #2 We should proceed cloud first, land last. Rather than starting with the physical territory, we start with the digital community. We create a startup society, organize it into a network union, and crowdfund the physical nodes of a network archipelago. #3 The seventh method, network states, straddles the boundary between practicality and impracticality. It uses the most robust existing tech stack to route around political roadblocks, without waiting for future physical innovation. #4 A new country is defined as a political entity that has been established through its own efforts and is recognized by other countries as a legitimate polity capable of self-determination. cryptocurrency fits this definition. It was initially ignored, then mocked, but within five years it had attained a billion-dollar market capitalization and was listed on CNBC and Bloomberg.

Trump Derangement Syndrome Thomas Pappas,Rachel Morin,2024-06-04 In Trump Derangement Syndrome, authors Pappas and Morin deliver a provocative psychological exploration of the visceral reactions Donald Trump evokes in his political opponents. Drawing on established psychological theories and real-world examples, they dissect what they view as the irrational hatred of Trump that has permeated American politics since his 2016 campaign. The book examines how concepts like locus of control, moral development, and groupthink contribute to the polarized perceptions of Trump across the political spectrum. Through a conservative lens, the authors analyze how generational factors, media bias, and the rise of political correctness have fueled opposition to Trump and his supporters. From the aftermath of the 2016 election through the controversies of Trump's presidency and beyond, the authors chart what they describe as the left's journey through denial, anger, bargaining, and depression—a grieving process triggered by political defeat that manifests as extreme anti-Trump sentiment. With a blend of psychological insight and unapologetic conservative perspective, this book challenges readers to consider how personality traits, media influence, and collective narcissism shape political discourse in America. Whether you view it as a revealing analysis or partisan provocation will likely depend on your own political stance—a testament to the very phenomenon the book seeks to explain. If you enjoyed *The Madness of Crowds*, *Liberal Fascism*, and *The United States of Socialism*, you'll love *Trump Derangement Syndrome*.

Disconnection and Cancel Culture Robert Hartmann McNamara,2025-08-11 Taking a sociological approach, this timely book explains the significance, development, and impact of cancel culture. Robert McNamara discusses the popular phenomenon of 'Karens' and their male counterparts, often known as 'Kyles,' 'Kevins,' or 'Kens', demonstrating how they are symptomatic of a larger trend in American society.
