Do You Believe Is It Real or Fiction? Scott Chally, 2014-08-08 This is a real-life story. You will read and get an in-depth look of my childhood, family, my teen years, the years I spent in the service, running a business and all the good and bad in my life, that I had, clear up till I had lost it, where I was put in the hospital and then diagnosed with bipolar affective disorder/schizo affective disorder. It all started forty days before Easter of 2006, having visions or insights into the Bible while making a new law for the people, also having vibes and connections with spirits that allowed me to believe that the end of the world was upon us. This true life story takes you on a journey, which is believed to have come from God. During the second part of the story, I fight against evil or Satan himself, which makes me believe that I may possibly be the Antichrist if I don't do the right thing in order to save the world. I would tell people that I'm the Chosen One Jesus Christ, the Second Coming, the Messiah, the Son of God or even the Lamb of God.

Taught by the Students Ruth Gurgel, 2015-10-22 Within public schools in the United States, students of color are truncating their music education experiences at higher rates than their white counterparts. Music educators have searched for explanations of this phenomenon as well as effective interventions, yet there has been little overall improvement of these statistics. Ruth Gurgel presents and analyzes the perspectives of eight students and their teacher in a pluralistic 7th grade choir classroom at Clark Middle School, located in a large Midwestern urban school district. Through the eyes of the students, music teachers gain insight into the complexity of the engagement cycle as well as interventions that increase and maintain deep engagement. Ruth Gurgel looks at the intersection of instruction, relationships, and music in the classroom, highlighting how each component affects students. Taught by the Students provides an analysis of music education through the lens of Culturally Relevant Pedagogy, connecting this body of literature to Ruth Gurgel's research in the music classroom at Clark Middle School.

Turn, Turn, Turn Steve Turner, 2025-04-08 Did you know? 36% of Bob Dylan's songs published between 1961 and 1968 had biblical references, including his 1964 hit 'The Times They Are A-Changin'.' The book of Ecclesiastes has been a great inspiration on popular music including the song Turn, Turn, Turn by The Birds, the Pink Floyd album The Dark Side of the Moon, and Desperado, the 1973 hit by The Eagles, among others. Paul Simon once advised a young prospective lyricist to raid the Bible for memorable phrases. Just steal them, he said, That's what they're there for. There's no question that

Scripture has influenced music since the first ever song was penned. In *Turn! Turn! Turn!* author and music connoisseur, Steve Turner, takes an in-depth look at the lyrics and cultural context of 100 of the greatest songs from the 1930s to today to reveal an often overlooked or ignored strand of influence in popular music -- the Bible. Indeed, some of the greats -- including Bob Dylan, Leonard Cohen, Bono, Johnny Cash, Sting, and others -- have repeatedly returned to the Bible for such sustenance, as well as musical inspiration and a framework with which they can better understand themselves. I hope the book prompts, provokes, and intrigues as it reveals this often-hidden history, writes Steve Turner. You'll never listen to your favorite song or popular tune the same way again after discovering how the Bible has influenced music.

Radically Restored to Oneness with God Peter McHugh, 2021-06-15 Who are you? Would you answer this question with a reference to your vocation? Your relationships? Your greatest achievements or failures? Your appearance? As humans, we often fashion our lives around the flimsy groundwork of these temporary things. When we inevitably experience a disappointment or tragedy, our very identity crumbles. But as a...

I'm Still Here MINKU SINGH, A recurring illness. A lost hope. A pressing desire to go alone. Since her illness came back, Axel Rose Espinoza had lost the will to live. She tried hard to convince herself that she could leave this world without needing anyone by her side. The prospect of her untimely death weighed heavily on her heart, causing her to push everyone away, especially those who loved her or had come to love her. Will their desperate hopes convince her to stay, or will she continue to succumb to the inevitable?

Picturing the Apocalypse Natasha O'Hear, Anthony O'Hear, 2015-06-26 The book of Revelation has been a source of continual fascination for nearly two thousand years. Concepts such as The Lamb of God, the Four Horsemen, the Seventh Seal, the Beasts and Antichrist, the Whore of Babylon, Armageddon, the Millennium, the Last Judgement, the New Jerusalem, and the ubiquitous Angel of the Apocalypse have captured the popular imagination. One can hardly open a newspaper or click on a news web site without reading about impending financial or climate change Armageddon, while the concept of the Four Horsemen pervades popular music, gaming, and satire. Yet few people know much about either the basic meaning or original context of these concepts or the multiplicity of different ways in which they have been interpreted by visual artists in particular. The visual history of this most widely illustrated of all the biblical books deserves greater attention. This book fills these gaps in a striking and original way by means of ten concise thematic chapters which explain the origins of these

concepts from the book of Revelation in an accessible way. These explanations are augmented and developed via a carefully selected sample of the ways in which the concepts have been treated by artists through the centuries. The 120 visual examples are drawn from a wide range of time periods and media including the ninth-century Trier Apocalypse, thirteenth-century Anglo-Norman Apocalypse Manuscripts such as the Lambeth and Trinity Apocalypses, the fourteenth-century Angers Apocalypse Tapestry, fifteenth-century Apocalypse altarpieces by Van Eyck and Memling, Dürer and Cranach's sixteenth-century Apocalypse woodcuts, and more recently a range of works by William Blake, J. M. W. Turner, Max Beckmann, as well as film posters and stills, cartoons, and children's book illustrations. The final chapter demonstrates the continuing resonance of all the themes in contemporary religious, political, and popular thinking, while throughout the book a contrast will be drawn between those readers of Revelation who have seen it in terms of earthly revolutions in the here and now, and those who have adopted a more spiritual, otherworldly approach.

Designing World Language Curriculum for Intercultural Communicative Competence Jennifer Eddy, 2022-06-16
This book creatively redefines how teacher educators and faculty in secondary and post-secondary language education can become designers with intercultural education in mind. The author aligns theoretical frameworks with practical features for revising the modern language curriculum via themes and novel tasks that transfer language learning from classroom to community, developing communicative competence for mediation and learner autonomy along the way. For novice and experienced instructors alike, this book empowers them to: - design curriculum from transferable concepts that are worthy of understanding and have value within the culture(s) and to the learner; - develop assessments that ask the learner to solve problems, and create products that transfer concepts or address needs of various audiences that they will encounter in community, life, and work; - direct language learners through a spiral, articulated program that supports academic, career and personal goals. Pedagogical features include a glossary of key terms, research-to-practice boxes, scaffolded design tasks, reflection questions and template samples representing language exemplars from the following languages and cultures: Arabic, Chinese, Èdè Yorùbá, French, German, Hindi, Italian, Japanese, Korean, Ladino, Nahuatl, Portuguese, Russian, Spanish, Te Reo Maori and Urdu. The accompanying online resources offer blank templates, PowerPoints and guides for designing bespoke curricula with key performance assessments.

Pop Music, Pop Culture Chris Rojek, 2011-06-13
What is happening to pop music and pop culture? Synthesizers, samplers and MIDI systems have allowed anyone with basic computing skills to make music. Exchange is now automatic and weightless with the result that the High Street record store is dying. MySpace, Twitter and YouTube are now more important publicity venues for new bands than the concert tour routine. Unauthorized consumption in the form of illegal downloading has created a financial crisis in the industry. The old postwar industrial planning model of pop, which centralized control in the hands of major record corporations, and divided the market into neat segments, is dissolving in

front of our eyes. This book offers readers a comprehensive guide to understanding pop music today. It provides a clear survey of the field and a description of core concepts. The main theoretical approaches to the analysis of pop are described and critically assessed. The book includes a major investigation of the revolutionary changes in the production, exchange and consumption of pop music that are currently underway. Pop Music, Pop Culture is an accomplished, magnetically interesting guide to understanding pop music today.

Playful Protest Kristie Soares, 2023-09-05 Pleasure-based politics in Puerto Rican and Cuban pop culture Joy is a politicized form of pleasure that goes beyond gratification to challenge norms of gender, sexuality, race, and class. Kristie Soares focuses on the diasporic media of Puerto Rico and Cuba to examine how music, public activist demonstrations, social media, sitcoms, and other areas of culture resist the dominant stories told about Latinx joy. As she shows, Latinx creators compose versions of joy central to social and political struggle and at odds with colonialist and imperialist narratives that equate joy with political docility and a lack of intelligence. Soares builds her analysis around chapters that delve into gozando in salsa music, precise joy among the New Young Lords Party, choteo in the comedy ¿Qué Pasa U.S.A.?, azúcar in the life and death of Celia Cruz, dale as Pitbull's signature affect, and Alexandria Ocasio-Cortez's use of silliness to take seriously political violence. Daring and original, Playful Protest examines how Latinx creators resist the idea that joy only exists outside politics and activist struggle.

The Poetry and Music of Joaquín Sabina Daniel J. Nappo, 2020-12-03 The Poetry and Music of Joaquín Sabina: An Angel with Black Wings is a thoroughly researched exploration of the life, music, and song lyrics of the celebrated Spanish singer-songwriter Joaquín Sabina. Often called the Spanish Dylan, Sabina has established his own highly poetic space over the course of his forty-plus years as a recording artist. Using selected song lyrics from his fifteen studio and three major live albums, Daniel J. Nappo analyzes Sabina's use of antithesis, simile, metaphor, synesthesia, rhyme, and other rhetorical and poetic devices. Nappo also devotes a chapter to Sabina's ability as a narrator and concludes the book with a comparison of Sabina's best work with that of the American singer-songwriter and Nobel laureate, Bob Dylan.
