

Quotes By David Livingstone

J S. Robertson

The Westminster Collection of Christian Quotations Martin H. Manser, 2001-01-01 This absorbing anthology includes insightful sayings from major figures in Christian history, as well as from the Bible, making it an ideal companion for every stage of the spiritual journey.

1001 Unforgettable Quotes About God, Faith, and the Bible Ron Rhodes, 2011-04-01 Bible scholar and avid reader Ron Rhodes gathers his favorite quotes from classic and contemporary Christians about Scripture, belief, God, and life. For added spiritual insight, Rhodes provides Bible truths behind each presented quote. Topical selections can be read in order or as areas of interest arise for a reader. Attitude "If you can't change circumstances, change the way you respond to them." Tim Hansel (1941-2009), Seminar leader Bible Truth Behind the Quote: "For those who love God all things work together for good, for those who are called according to his purpose" (Romans 8:28). This recognition helps us to respond positively to our circumstances. This rich collection will be a must-have for home and church libraries and will be a great gift for those who love gathering words of wisdom for their Christian walk.

444 Surprising Quotes About the Bible Isabella D. Bunn, 2005-07-01 This collection of quotations about the Bible focuses on God's word as a source of transformation, inspiration, and truth. It's a convenient source of quotes from famous figures, leaders, and notables both modern and ancient, and is smartly organized in several thematic sections that pastors and students will find easy to use. Including both an index and bibliography, *444 Surprising Quotes About the Bible* also provides an introduction to the Bible for pre-Christians and makes a treasured gift for students of the Bible.

Live Without Borders Linda Vannoy-Castillo, 2018-11-06 God is calling you to a new adventure. Consider going on the adventure of your life—one of profound love, real joy, and many surprises along the way. *Live Without Borders* is the true story of Linda Vannoy-Castillo, who chose to follow Jesus at age five and three years later began her fifty-plus-year journey as a short- and long-term missionary. Her story is an inspirational illustration of a life dedicated to saying yes to Jesus anytime, anywhere—through disappointments, death of a spouse, infertility, and cancer diagnoses. In this book you will see Jesus at every turn and begin to understand that: guidance is always nearby. detours can be unplanned adventures. relationships hold us and mold us. your life has a purpose and a plan. You are designed by God for something only you can do. Learn from your past, take charge of your present, and plan for your future.

David Livingstone Andrew C. Ross, 2002-05-01 David Livingstone was one of the supreme representatives of the British Empire; yet his career suffered many set-backs during his own lifetime and since his death his reputation has swung between extremes of adulation and dismissal. Were his epic journeys through Africa purely to save souls and counter the slave trade? Or were they the first steps towards bringing the peoples of Central Africa under the control of Europeans who would destroy their values and exploit them economically? Beyond these questions, there lies the puzzle of Livingstone's own character and its contradictions. Livingstone's career was certainly an extraordinary one. Born in poverty in Blantyre, Scotland, he educated himself by heroic endeavour, later proving himself to be a remarkable linguist and scientist. His missionary journeys brought him into contact with a wide range of African peoples, for whom he showed remarkable sympathy. This book is an account of Livingstone's life and his achievements.

Totally Forgiving God R.T. Kendall, 2012-07-03 We live in a world filled with injustice and evil, and there is nobody on the planet who has not suffered. There are famines and wars, earthquakes and tsunamis, wicked governments, racial prejudices, and diseases. We all have been hurt, attacked, mistreated, deceived, or falsely accused. God allows this. He could stop it. After all, He is unlimited in power and knowledge. But God doesn't stop it. Why? In the third title of his series on forgiveness and his most important book to date, R. T. Kendall tackles this question head-on, demonstrating why we need to release God from the blame we put on Him when we feel He has betrayed us.

The Daring Heart of David Livingstone Jay Milbrandt, 2014-09-30 The captivating, untold story of the great explorer, David Livingstone: his abiding faith and his heroic efforts to end the African slave trade Saint? Missionary? Scientist? Explorer? The titles given to David Livingstone since his death are varied enough to seem dubious—and with good reason. In view of the confessions in his own journals, saint is out of the question. Even missionary is tenuous, considering he made only one convert. And despite his fame as a scientist and explorer, Livingstone left his most indelible mark on Africa in an arena few have previously examined: slavery. His impact on abolishing what he called “this awful slave-trade” has been shockingly overlooked as the centerpiece of his African mission. Until now. The Daring Heart of David Livingstone tells his story from the beginning of his time in Africa to the publicity stunt that saved millions after his death.

Discourse on Civility and Barbarity Timothy Fitzgerald, 2010-12-31 This book analyses the development of different meanings of the term 'religion' in different contexts and in relation to other categories with shifting and unstable nuances such as the state, politics, economics, and the secular. It traces a major transformation of the category as a function of Euro-American colonialism and capitalism from its traditional meaning of Christian Truth to the modern generic and pluralised category of religions and world religions. Throughout the period under consideration discourses on religion have overlapped significantly with discourses on 'our' civility as opposed to 'their' barbarity, underpinning the superior rationality of the literate male elite of western societies.

David Livingstone and the Myth of African Poverty and Disease Sjoerd Rijpma, 2015-06-24 This study about David Livingstone is different from all other publications about him. Here, Livingstone is not the main topic of interest; the focus of the author is on nutrition and health in pre-colonial Africa and Livingstone is his key informant. David Livingstone and the Myth of African Poverty and Disease is an unusual book. After a close examination of Livingstone's writings and comparative reading of contemporary authors, Sjoerd Rijpma has been able to draw cautious conclusions about the relatively favourable conditions of health and nutrition in southern and central Africa during the pre-colonial period. His findings shed new light on the medical history of Sub-Saharan Africa. The surprise awaiting travellers in and also before 19th century Africa was that the inhabitants of the interior, even the 'slaves', were healthier and better fed than many of their contemporaries in Europe's Industrial Revolution. "An impressive piece of scholarship, truly forensic in its close reading and re-reading of Livingstone's published works and those of other travellers during the same era, clearly a labour of love which has taken years to complete" (Joanna Lewis).

British Representations of the Armenian Genocide, 1915-23 Peter Morgan, 2025-02-11 This book examines how British politicians, national and local newspapers, writers and commentators discussed the mass killing and deportation of Armenians during the period 1915-1923. Seeking to fill a historiographical gap in the field of modern genocide studies, this volume shows the extent to which the British public sphere understood the concept of genocide before the Holocaust and before the word itself was invented. It demonstrates the centrality of the British discourse on the Armenian massacres and deportations as they were happening during the First World War and how it came to be as important as that on German excesses in Belgium. This book reveals for the first time how the news was widely circulated in the provincial press and not just in contemporary major titles, and how it found its way into everyday conversation and the subject of an adventure novel. In analysing how the violence was viewed as an orientalist projection onto the Turkish 'Other,' this volume makes an important contribution to the literature on the more troubling side of the 'British Self' and imperial colonialism. This volume will be of interest to undergraduates studying First World War Britain as well as researchers investigating the development of modern genocide and how it was discussed and conceptualised.

The Heartbeat of Indigenous Africa R. Sambuli Mosha, 2002-12-24 First published in 2000. Routledge is an imprint of Taylor & Francis, an informa company.

Whiteness Just Isn't What It Used To Be Melissa Steyn, 2001-08-30 The election of 1994, which heralded the demise of Apartheid as a legally enforced institutionalization of "whiteness," disconnected the prior moorings of social identity for most South Africans, whatever their political persuasion. In one of the most profound collective psychological experiences of the contemporary world, South Africans are renegotiating the meaning of their social positionalities. In this book, Melissa Steyn, herself a white South African, grapples with what it means to be white, reflecting on events in her past that still resonate with her today. Her research includes discourse with more than fifty white South Africans who are faced with reinterpreting their old selves in the light of new knowledge and possibilities. Framed within current debates of postcolonialism and postmodernism, "Whiteness Just Isn't What It Used To Be" explores how the changes in South Africa's social and political structure are changing the white population's identity and sense of self.

Dr. William Edward Dillon, Navy Surgeon in Livingstone's Africa Julia Turner, 2015 It was the 1860s, and slave traders were slipping across the seas between Zanzibar and Arabia. Irish surgeon Dr. William Edward Dillon [sic] hunted them down in British tall ships, tasked with the medical care for all on board - including rescued slaves from the captured trading vessels. When the great missionary David Livingstone went missing in central Africa in 1872, Dr. Dillon, grounded with a damaged ship, led the Livingstone East Coast Expedition as second-in-command. They marched 500 miles with badly needed medical supplies only to discover the worst: Livingstone was dead. ... Dillon met his death in the middle of Africa. But the circumstances around his death are labelled suspicious and a new expedition in 2004 sets off to find the answers.--Back cover.

Generation Z Billy Wilson, 2021-10-19 GENERATION Z is called and equipped to rise above the global storm we are experiencing and initiate the greatest awakening our world has ever seen. They are ready. They are willing. They are born for the storm. Generation Z is officially the largest generation in the world today. They are creative, driven, entrepreneurial, and technologically advanced. Generation Z comes of age in an unique time. This generation is surrounded by turbulence: a global pandemic, racial tensions, political upheaval, economic unrest, and social tensions not experienced by previous generations. They live in a tumultuous life-sea where the waves are high, the winds are strong, the intensity is unceasing, and the challenges feel insurmountable. This new generation, born between 1997 and 2012, has never witnessed a calm sea. Social harmony, economic stability, physical tranquility, and domestic peace have all been very distant during this period. While those from earlier generations are often disturbed by it all, Generation Z considers these storms a part of their existence. They are survivors, and they are being equipped by God for maximum kingdom impact during a time when the world needs them the most. *Generation Z: Born for the Storm* is written as a book of hope for this new generation. It

examines the environment surrounding Gen Z and tries to understand who they are. It also looks at the unique qualities God is forming in Gen Z believers. The book inspirationally describes qualities already emerging and predicts qualities that will emerge as Gen Zers take their place of leadership in the world. Each chapter focuses on a person or persons from the Bible whose names begin with “Z” and who embody qualities God is forming in this new generation. This is not an exhaustive volume on Gen Z. It is simply a snapshot in time connected to the timeless truths of Scripture that will help us reflect upon, respond to, and empower the most important generation to ever live. Their potential is beyond description. Gen Z will take the negative circumstances they have been given and, by God’s grace, turn them into positives. Generation Z is ready. God is equipping. The Holy Spirit is moving. The world is waiting. The winds are blowing, and the waves are roaring. Spiritual history is going to be made because Generation Z is born for the storm.
