

The Magisterium Of The Catholic Church

Warren Anthony Kappeler

Magisterium Francis A. Sullivan SJ, 2002-09-30 A striking series of events of the past two decades have tended to raise questions about the exercise of teaching authority in the Catholic Church. The Second Vatican Council, the Encyclical *Humanae Vitae*, the controversy over Hans Kung's book on infallibility and the subsequent declaration of Rome that he could no longer teach as a Catholic theologian, the colloquium to which Edward Schillebeeckx was summoned by the Vatican, the pastoral letter of the American bishops on the question of nuclear warfare--have all stimulated a lively discussion of the claims of the Catholic hierarchy to authoritative magisterium. With all the abundance of literature on the subject, a book was still needed that would offer an up-to-date, systematic presentation of Catholic thinking about the nature and function of this magisterium. This is what the present volume sets out to provide. It takes as its point of departure the belief which a great many Christians besides Catholics share, namely, that the Church of Christ is maintained in the truth of the Gospel by the Holy Spirit. It then examines the various ministries by which the Gospel has been handed on and interpreted for each generation of believers, looking especially to the role of the bishops, and among them, of the Bishop of Rome, in settling disputes about the faith. Questions concerning papal infallibility, the response called for by papal encyclicals, the critical role of Catholic theologians vis-a-vis the magisterium, are treated in the light of current theological literature, with the non-specialist reader in mind.

When the Magisterium Intervenes Richard R. Gaillardetz, 2012 Catholicism has always recognized the need for a normative doctrinal teaching authority. Yet the character, scope, and exercise of that authority, what has come to be called the magisterium, has changed significantly over two millennia. This book gathers contributions from leading Catholic scholars in considering new factors that must be taken into account as we consider the church's official teaching authority in today's postmodern context. Noted experts in their fields cover many intriguing topics here, including the investigation of theologians that has occurred in recent years, canonical perspectives on such investigations, the role that women religious have played in these issues, the place of the media when problems arise, and possible future ways forward. The book concludes with The Elizabeth Johnson Dossier, a selection of documents essential to understanding the case of Elizabeth Johnson, CSJ, whose work was recently the subject of severe criticism by the United States Conference of Catholic Bishops. Contributors include Bradford Hinze, James Coriden, Colleen Mallon, Ormond Rush, Gerard Mannion, Anthony Godzieba, Vincent Miller, Richard Gaillardetz, and Elizabeth Johnson.

Magisterium Francis Alfred Sullivan, 1983

By What Authority? Richard R. Gaillardetz, 2017-06-07 Authority is exercised in many ways and forms in the Catholic Church today. *By What Authority?* offers a helpful introduction to the forms of Church authority that are concerned with authentic Christian belief. Gaillardetz (Gă lăr dēē) explains what it means to say that the Bible is inspired, how Scripture and tradition are related to one another, the role of the Pope and bishops in preserving the Christian faith, the levels of Church teaching authority, how to deal with disagreements with Church teaching, the distinctive role of the theologians, and the contribution of all the baptized in the formation of Church teaching. This book introduces readers to a basic understanding of the nature and exercise of authority in the Catholic Church as understood within the Vision of the Church offered by the Second Vatican Council. The chapters conclude by outlining disputed issues regarding the topic of that chapter and a select list of opportunities for further reading. Chapters in Part One: The Authority of Scripture and Tradition are What Does It Mean to Say the Bible is Inspired? *What Is the Canon of the Bible? - and *What Is the Relationship Between Scripture and Tradition? - Chapters in Part Two: The Authority of Church Teaching and the Church's Teaching Office are *How Do We Understand the Magisterium Today? - *How Do the Pope and Bishops Exercise Their Teaching Authority? - and *What Is Dogma and Doctrine? - Chapters in Part Three: The Authority of the Believer and the Believing Community are *What Is the

Sense of the Faithful? - *Is There a Place for Disagreement in the Catholic Church? - and *What Is the Proper Relationship Between the Magisterium and Theologians?

Teaching with Authority Richard R. Gaillardetz, 1997 This book faithfully represents the teaching of Roman Catholicism on the Church's doctrinal authority while pointing to areas where there remains a gap between an ecclesiological vision of the Church informed by Vatican II and the popular understanding and concrete exercise of that authority in the life of the Church today.

Creative Fidelity Francis A. Sullivan, 2003-03-31 An important part of the theologians' task is to make the church's dogmas meaningful to the faithful of their own time. The attitude with which a theologian should undertake this task of communicating a contemporary understanding of the faith is well described as one of creative fidelity. Two basic sources for Catholic theology are scripture and the documents of the Magisterium. Just as Catholic theologians must know how to distinguish among the various literary genres in the bible and how to interpret scriptural texts, they must also know how to determine the relative degree of authority exercised in the various documents issued by popes or councils and how to apply the principles of hermeneutics in interpreting them. This book offers guidelines that will help those interested in Catholic theology to make sound judgments about the authority and meaning of the documents in which the church has expressed its faith over the centuries. Making such judgments requires a knowledge of the correct level of response these documents call for from the faithful and the ability to offer to today's faithful a contemporary understanding of their faith. The task of the interpreter is one of creative fidelity, requiring a delicate balance between being faithful to the original meaning of the text and creative in finding the concepts and terms that make it meaningful today.

The Magisterium-theology Relationship Anthony J. Figueiredo, 2001 This study presents contemporary theological conceptions of the magisterium-theology relationship in the United States as found in the writings of classical theologians, and three elder statesmen of theology: Avery Cardinal Dulles, Fr. Francis Sullivan, and the late Fr. Richard McCormick. It also examines the pronouncements of the U.S. Bishops, both as a Conference and as individuals, on this theme. The work addresses such important issues as the relationship between theological reasoning and magisterial statement, dissent, the natural moral law, the grades of Church teaching and the conditioning of dogma. The study aims to determine the definitive foundation for a correct rapport between magisterium and theologians.

Between Magisterium and Marketplace Robert C. Saler, 2014 What is the relationship of the church to theology? How does the church relate to the work of creative theological authorship, particularly when authors propose novel claims? The

author takes up these challenging and provocative questions and argues for a fresh ecclesiology of the church as event, specifically as a diffusively spatialized event.

Communication Habits for the Pilgrim Church Warren Anthony Kappeler, 2009 Communication has become an important theme and heuristic concept in practical theology for Roman Catholics during the ecumenical age. *Communication Habits for the Pilgrim Church* explains why the moral order is given priority in Vatican teaching about communication and the reasons for Catholic social teaching to make moral judgments about these new realities. Attention is given in the book to the historical context of Vatican Councils I and II. The first chapter shows that behind the pilgrim Church lies an emerging vision of the threefold ecclesial offices of priest, prophet, and king. Chapter two examines the text and context of the Second Vatican Council's pastoral decree «*Inter Mirifica*». Chapter three provides a documented history of the Vatican's Pontifical Council for Social Communication and its teachings. In chapter four we return to the threefold office and examine the contribution of Pope John Paul II. It includes an analysis of how the politics of the Magisterium shapes Catholic social teaching. Chapter five develops major tenets of a critical analysis of the communication of the post-Vatican II Church: attention is given to the discursive aspects of religious authority, argumentation, bureaucratization, and market culture. Chapter six takes a step toward examining the pragmatics of contemporary Vatican teaching. For Roman Catholic moral theology, religious ethics is now deeply concerned with providing moral teaching and guidance on ethical questions raised by the social conditions of globalization and media communication. *Communication Habits for the Pilgrim Church* concludes that there are three basic sociological and theological aspects of the pilgrim Church. These include a ritual approach to religious communication, the generational experience of Catholics and their respective attitudes toward Church teaching, and the important link in the faith's praxis between reflexivity and forming habits of communication.

Martin Luther Alberto Melloni, 2017-12-20 The three volumes present the current state of international research on Martin Luther's life and work and the Reformation's manifold influences on history, churches, politics, culture, philosophy, arts and society up to the 21st century. The work is initiated by the Fondazione per le scienze religiose Giovanni XXIII (Bologna) in cooperation with the European network Refo500. This handbook is also available in German.

Transformation in Theosis Yohanes Bambang Mulyono, 2025-02-18 *Transformation in Theosis* invites readers on a spiritual odyssey, exploring the ancient Christian concept of theosis—the audacious idea that humans can participate in the divine nature. In a world obsessed with material gain and fleeting achievements, what if our truest calling is to become godlike? The author weaves a tapestry of wisdom, drawing from early church fathers to modern theologians, venturing into social justice and environmental stewardship. The journey begins with the restoration of the *imago Dei* and goes through biblical foundations, Christ's transfiguration, and diverse denominational perspectives. But this isn't just a scholarly tome. It's a radical call to action, challenging readers to transcend religious boundaries and embrace a transformative path.

Theosis is not some lofty, unreachable ideal, but a tangible reality with far-reaching implications for personal growth and societal change. As it explores theosis in the context of our digital age, readers are left with a provocative question: In a world of artificial intelligence and virtual realities, what does it mean to embody the divine? Transformation in Theosis offers no easy answers, instead extending an invitation to scholars, seekers, and believers alike—to step into a journey of self-discovery and inner transformation and, ultimately, to dare to embrace their own divine nature.

The Ethics of Killing Christian Erk, 2022-09-01 In this book, Christian Erk examines the ethical (im)permissibility of killing human beings in general and of selected killings in particular, namely suicide, lethal self-defence, abortion and euthanasia, as well as organ transplantation and assisted suicide. He does so by addressing a range of important ethical questions: What does it mean to act? Of what elements is an action comprised? What is the difference between a good or evil action and a permissible or impermissible action? How can we determine whether an action is good or evil? Is there a moral duty not to kill? Is this duty held by and against all human beings or only persons? What and who is a person? What is human dignity and who has it? What is it that is actually taken when somebody is killed, i.e. what is life? And closely related to that: What and when is death? By integrating the answers to these questions into an argumentative architecture, the book offers a comprehensive exploration of one of the most fundamental questions of mankind: Under which conditions, if any, is killing human beings ethically permissible?

The Puzzle of the Gospels Peter Vardy, Mary E. Mills, 2015-02-24 First Published in 2015. The gospels tell a story. There are many types of story ranging from fiction through biographies to attempts at historical accounts. Even so-called 'true' stories will be affected by the perception of the writer. It is impossible to present any book without taking the viewpoint of the author into account - which is one reason why this book will be devoting considerable time to understanding the purpose and intention of the individual gospel writers. Matthew, Mark, Luke and John present different accounts of the life and death of Jesus of Nazareth, as one might expect from four people who, although they use some common material, nevertheless present this material in distinctive ways. This book will be concerned with helping you, the reader, to understand the gospel stories and how they came to be written; to bring to light the implicit references that were being made of which modern readers may be unaware; and also to consider the issue of the truth of the stories.

How Do Catholics Read the Bible? Daniel J. Harrington, SJ, 2005-06-09 Do Catholics really read the Bible? If so, how do they read it and is there anything unique about their approach? What role does the Bible play in Catholic life, teaching, and culture? As a leading Scripture scholar who also teaches students and preaches to everyday people, Fr. Daniel Harrington, S.J., has made it his life's mission to answer these and many related questions about the Bible and its relationship to Catholic life. Accessibly written, *How Do Catholics Read the Bible?* blends biblical scholarship with compelling personal anecdotes to equip readers with the tools they need to more fully engage Scripture and the Catholic tradition. With chapters on how the Catholic canon came to be, what the Church teaches about the Bible, appropriate methods for analyzing Scripture passages, and how to incorporate the Bible into everyday life, this book is ideal for individual or group use in parishes and classrooms. Each chapter concludes with questions for reflection and recommendations for further reading.
