Faraday's Cage C. Sean McGee, 2019-12-24 Two neuroscientists – Graham (45); an overweight insomniac with hemorrhoids, and Isaac (27); a naïve and neurotic romanticizer of LOVE – are about to embark on groundbreaking research into near death experiences and maybe even proof of God; if, of course, their personal lives don't explode by then. All Graham really wants is to be some kind of hero to his children whereas Isaac is young and naïve, and hopelessly drunk on the idea of true love. The story follows the two scientists as their trial falls apart along with their personal lives. For Isaac, a string of strange and often hilarious sexual encounters will lead him towards the love of his life while Graham, on a quest to find courage, will find the only thing that ever really mattered – his family. Faraday's Cage explores the idiosyncrasies of marriage, casual sex, political correctness, consciousness, identity, and what it means to be happy being average.

Literature Suspends Death Chris Danta, 2011-09-29 This is the first book-length study of how three important European thinkers Kierkegaard, Kafka and Blanchot use the Binding of Isaac to illuminate the sacrificial situation of the literary writer. Danta shows that literature plays a vital and heretical role in these three writers' highly idiosyncratic accounts of the Akedah. His claim is twofold: firstly, that all three authors choose to respond to the Genesis narrative by manifesting literature; and, secondly, that each heretically endows literature or fiction with the power to suspend the sacrifice. Abraham's near-sacrifice of Isaac is traditionally read as the story of faith in action. But what does it mean to play the game of not-quite-belief with the story of religious faith? By examining the literary and heretical treatments of Isaac's sacrifice in the work of Kierkegaard, Kafka and Blanchot, this book develops an original account of literature as a form of sacrificial thinking. For each, writing acts, like God's sacrificial demand of Abraham, to suspend the writer's usual relation to his daily and earthly responsibilities.

Beauty and the Soul Piero Ferrucci, 2009-08-20 The bestselling author of *The Power of Kindness* shows how the ability to appreciate beauty – far from being a luxury or an afterthought – is vital to leading a happy, balanced, and satisfying life. Beauty is all around us – in a flower, a song, the sound of falling water, or a dramatic painting. We often think of it as just window dressing. But it's not. It is the balm of our existence, and we cannot live full and satisfying lives without it. Transpersonal psychologist Piero Ferrucci helps us to see everyday beauty in a whole new way – and to understand its powers to guide us through periods of darkness or stress, to speed recovery, to make life feel purposeful. He uses stories, case studies, clinical histories, and anecdotes to explain how different kinds of beauty complement and complete our lives in

different ways. So much of the malaise and low-grade depression we may find in our lives and those of people we love is due to our inability to understand the extraordinary power-and necessity-of taking time to smell the flowers. Ferrucci shows how we can place ourselves in closer proximity to the therapeutic healing that only beauty can bring.

Time Passing Sylviane Agacinski,2003 In this wide-ranging meditation on the meaning of time, Agacinski weaves together discussions of Aristotle, Kant, Hegel, Freud, Heidegger, Baudelaire, Barthes, and especially Walter Benjamin--her model for the modern passer of time--as she traces a time-line of the philosophy of time.

The Influence of Italian Culture on the Sevillian Golden Age of Painting Rafael Japón,2022-03-20 This book explores the cultural exchange between Italy and Spain in the seventeenth century, examining Spanish collectors' predilection for Italian painting and its influence on Spanish painters. Focused on collecting and using a novel methodology, this volume studies how the painters of the Sevillian school, including Francisco Pacheco, Diego Velázquez, Alonso Cano and Bartolomé Esteban Murillo, perceived and were influenced by Italian painting. Through many examples, it is shown how the presence in Andalusia of various works and copies of works by artists such as Michelangelo, Caravaggio and Guido Reni inspired famous compositions by these Spanish artists. In addition, the book delves into the historical, political and social context of this period. The book will be of interest to scholars working in art history, Renaissance studies, and Italian and Spanish history.

Other Others Steven Shankman,2011-01-02 In literary and cultural studies today, the term the Other appears to have largely lost its moorings in the primacy of the intersubjective encounter, focusing rather on the social construction of the Other. For Emmanuel Levinas, in contrast, the Other is precisely that which eludes construction and categorization. In a study that ranges from literature of ancient China, Greece, and Israel to modern Egypt, Italy, West Africa, and America, Steven Shankman tests Levinas's ideas by reading literary works from outside the Judeo-Christian orbit for figurations equivalent to Levinas's notion of the Other. He also places ethics at the center of intercultural—or, in his words, transcultural—comparative literature. In contemporary literary and cultural studies, it is often assumed that culture has the last word. However, as Levinas insists—and as Shankman argues throughout this book—it is ethics that is the presupposition of all Culture, that is situated before Culture.

Passing the Word Jeffrey Skinner, Lee Martin, 2001 The question Can creative writing be taught? has generated intense debate, with equally vocal partisans on each side. And yet little attention has been paid to what beginning writers might actually learn from established writers who teach for a living. Passing the Word addresses the sometimes ineffable relationship between writing student and teacher. In these pages distinguished writers explore the relevance of mentors in their education and development as writers. Each author contributes an essay and a story or poem, which together give a unique sense of the forces that shape a writer's craft and vision. What emerges is a new and rich definition of mentor, as it applies to the deeply human art of writing.

Reframing Rembrandt Michael Zell, 2002-03-04 This book embeds Rembrandt's art in the pluralistic religious context of

seventeenth-century Amsterdam, arguing for the restoration of this historical dimension to contemporary discussions of the artists. By incorporating this perspective, Zell confirms and revises one of the most forceful myths attached to Rembrandt's art and life: his presumed attraction and sensitivity to the Jews of early modern Amsterdam.--BOOK JACKET.

With Isaac's help, she explores the story of her late grandmother, also a gifted artist. But when an astonishing truth comes to light, Linda faces a grave decision, one that could destroy any hope of a future with Isaac. Will their dreams of a life together completely unravel? Or can she find some way to stitch them back together again?
