Keep Your Head High Eyes Wide Open You Will See All Bryce Bland,2023-01-26 It was a cold night when Allie went to the barn to see Miracle. Miracle always seemed to make Allie feel better. Miracle, what am I supposed to do? Miracle nudged Allie with her nose. Miracle, please, I need your help. I never thought about being with a boy until later in life, but these feelings I have for Jake...I can't help it. I wonder if Jake feels the same way? Miracle stomped her foot in frustration. Oh, come on Miracle. Allie? Allie turned around in shock, for Jake was standing there. Oh my God, how long have you been standing there and what did you hear? Well, I heard enough. Allie's face went beet red, she could not look at him. Allie could hear him getting closer until Jake was right in front of her. Allie, listen please. I myself cannot stop these feelings and if you leave your family and friends that you love so much...have you really thought what it will do to them? Not even including me. Allie looked up into his eyes. Allie, I would be so lost without you, you are part of me, my soul. Allie went to say something, but before she could, Jake's lips were on hers. A light came from deep down within her. Allie couldn't pull away even if she wanted. Jake slowly backed off, smiled and said Does this kiss tell you all you need to know? Jake turned and walked out of the barn...

Sounds Like Titanic: A Memoir Jessica Chiccehitto Hindman, 2019-02-12 A Finalist for the 2019 National Book Critics Circle Award in Autobiography Deliciously bizarre and utterly American...[A] Coen brothers movie come to life...I couldn't put it down. —Caitlin Doughty, best-selling author of *Smoke Gets in Your Eyes* and *Will My Cat Eat My Eyeballs?* *Sounds Like Titanic* tells the unforgettable story of how Jessica Chiccehitto Hindman became a fake violinist. Struggling to pay her college tuition, Hindman accepts a dream position in an award-winning ensemble that brings ready money. But the ensemble is a sham. When the group performs, the microphones are off while the music—which sounds suspiciously like the soundtrack to the movie *Titanic*—blares from a hidden CD player. Hindman, who toured with the ensemble and its peculiar Composer for four years, writes with unflinching candor and humor about her surreal and quietly devastating odyssey. *Sounds Like Titanic* is at once a singular coming-of-age memoir about the lengths to which one woman goes to make ends meet and an incisive articulation of modern anxieties about gender, class, and ambition.

Shamanic Teachings of the Condor Martha Winona Travers, 2024-04-30 • Presents the teachings of revered Ecuadorian Kichwa elder Taita Alberto Taxo as vivid, experiential journeys • Details how to return to intimacy with Nature and the natural world through communicating with the elements • Shares Andean shamanic practices and ceremonies for opening the heart, expanding consciousness, and shamanic journeying In this deep dive into South American shamanism, Martha Winona Travers shares the teachings and practices she learned during her 22 years as an apprentice to revered Ecuadorian Kichwa elder, Taita Alberto Taxo. Presenting Taita Alberto's teachings as vivid, experiential journeys, Travers allows you to immerse yourself in his direct, heart-centered wisdom as if you, too, were one of his shamanic apprentices. You will learn the ancient mystical traditions of the Andes, traditions saved by the elders specifically for these times. These traditions of healing invite human beings to return to intimacy with Nature and the natural world through initiating conversations with the elements, including the fifth, spiritual element, the Ushai. You will learn about the delicate dance of the Eagle (the mind) and the Condor (the heart), including how to reestablish the path of the heart to help bring the overactive mind into balance, the key to embarking on powerful shamanic journeys. You will visit sacred waterfalls, travel high up the active volcano Cotopaxi to a mountain lake for ceremony, experience the sounds carried on the wind in the mountains, see the Condor flying, and sit at night around the fire, listening to stories and laughter. As you journey together with Taita Alberto, you will begin to sense the fifth element Ushai being activated as the potent energy of spiritual transformation awakens within you. By experiencing Taita Alberto's profound mystical realizations through shamanic transmission, you will learn to express gratitude with each of the elements, leave behind those burdens you no longer need to carry, and discover how to fly higher in life.

The Grammar of Rock Alexander Theroux, 2013-02-16 Novelist and critic Alexander Theroux analyzes the pop song.

National Book Award nominee, critic and one of America's least compromising satirists, Alexander Theroux takes a comprehensive look at the colorful language of pop lyrics and the realm of rock music in general in *The Grammar of Rock*: silly song titles; maddening instrumentals; shrieking divas; clunker lines; the worst (and best) songs ever written; geniuses of the art; movie stars who should never have raised their voice in song but who were too shameless to refuse a mic; and the excesses of awful Christmas recordings. Praising (and critiquing) the gems of lyricists both highbrow and low, Theroux does due reverence to classic word-masters like Ira Gershwin, Jimmy Van Heusen, Cole Porter, and Sammy Cahn, lyricists as diverse as Hank Williams, Buck Ram, the Moody Blues, and Randy Newman, Dylan and the Beatles, of course, and more outré ones like the Sex Pistols, the Clash, Patti Smith, the Fall (even Ghostface Killa), but he considers stupid rhymes, as well — nonsense lyrics, chop logic, the uses and abuses of irony, country music macho, verbal howlers, how voices sound alike and why, and much more. In a way that no one else has ever done, with his usual encyclopedic insights into the state of the modern lyric, Theroux focuses on the state of language — the power of words and the nature of syntax — in *The Grammar of Rock*. He analyzes its assaults on listeners' impulses by investigating singers' styles, pondering illogical lunacies in lyrics, and deconstructing the nature of diction and presentation in the language. This is that rare book of discernment and probing wit (and not exclusively one that is a critical defense of quality) that positively evaluates the very nature of a pop song, and why one over another has an effect on the listener.

English Topographies in Literature and Culture ,2016-08-01 *English Topographies in Literature and Culture* takes a spatial approach to the study of English culture. In order to gain a fresh perspective on constructions of English cultural identity, the collection treats geography, social spaces and spatial practices as well as representations of space and place as complex constellations termed 'cultural topographies'. Individual contributions focus on writing landscapes, London psychogeography, heritage discourses, urban planning, and idiosyncratic spatial practices such as suburban gardening. In line with the 'affective turn', the investigated cultural topographies transcend the dichotomy between the material and the immaterial through embodiment and embeddedness, displaying a 'new sensitivity' in textual, visual and aural representations that seek to transcend an anthropocentric perspective. Space thus emerges as both political and shaped by affect.

Weepers Peter Mendelsund,2025-06-17 A messianic tale about a group of professional mourners—a darkly funny novel of grief, mystery and redemption from the author of *The Delivery*. Ed is a weeper. A professional weeper. He's a card-carrying member of an eccentric union hired to cry at funerals, wakes, services and burials. It's an odd job, but his services are sorely needed these days, as the town, the region, the country as a whole has become more or less numb. No one is able to summon a shred of human emotion whatsoever. Not anymore. (What'd be the point? The world's already gone to hell.) So there's always work for Ed and his colleagues. But all those cries can wear a man down, and the tears don't flow quite like they used to, even for a consummate pro like Ed. Then one morning, a stranger comes to town. A scrawny kid with no belongings, no parents, no name, no past. And at precisely the moment of his arrival, people begin to experience something new. Something strange. An onslaught of unbidden feelings, unfamiliar feelings, too many feelings A surrealist story of mourning and messiahs, deserts and droughts, cowboys and junkies, miracles and mass hysteria, the lure of despair and the solace of friendship. Peter Mendelsund's *Weepers* is a novel for this age: our age of anesthesia and anger.
