**Paddy Cole** Paddy Cole,2020-11-02 The colourful story of the 80-year-old saxophone player and singer affectionately know as The King of The Swingers. Paddy Cole has taken his style of Jazz, Dixieland and Swing band music all over the world – and back home too. Paddy Cole is the grand old man of Irish Showbiz who still is young at heart and has built a new radio career with his show on Dublin's Sunshine Radio every Sunday. His story is as heart-warming as it is hilarious!

**George Lewis** Tom Bethell,2023-11-10 George Lewis, one of the great traditional jazz clarinetists, was born in 1900 at about the same time that jazz itself first appeared in New Orleans. And by the time he died, on the last day of 1968, New Orleans jazz had pretty much run its course, too. By then a jazz museum stood on Bourbon Street, and a cultural center was under construction where Globe Hall had stood. Lewis's life thus paralleled that of New Orleans jazz, and in his later years he was as the best known standard bearer of his city's music. He came to the attention of the jazz world at the time of the so-called New Orleans Revival of the 1940's, when veteran trumpeter Bunk Johnson was recorded by a number of jazz enthusiasts, notably William Russell. In this new biography, Tom Bethell challenges a favorite myth of the history of jazz: that the music became moribund in New Orleans after the legal red light district, Storyville, was closed in 1917, resulting in most jazz musicians going up the river. In fact, Bethell shows, many more jazzmen stayed in the city than left, and the musical style continued to develop and grow. Thus the jazz fans who arrived in the city in the early 1940's did not encounter a revival of an old style so much as an ongoing tradition, with clarinetists like Lewis having been influenced by Benny Goodman and the Swing Era in addition to Lorenzo Tio and the Creole School. After Bunk Johnson's death in 1949, at a time when many other social changes were beginning to be felt in the city, the New Orleans jazz tradition began to go into a decline. It became increasingly rigid and repetitive, and was often designed to please what one observer called Dixieland fans yelling for their favorite members. The book is based on lengthy research in New Orleans, including interviews with George Lewis shortly before his death, and unpublished material from the diaries kept by William Russell on his visits to New Orleans between 1942 and 1949. It also includes a statement by Lewis on jazz and the best way to play it and a complete Lewis

**Music, Muscle, and Masterful Arts** Sakina M. Hughes,2025-01-06 Before the heyday of the Chitlin Circuit and the Harlem Renaissance, African American performing artists and creative entrepreneurs—sometimes called Black Bohemians—seized their limited freedoms and gained both fame and fortune with their work in a white-dominated marketplace. These Black performers plied their trade in circuses, blues tents, and Wild West Shows with Native Americans. The era’s traveling entertainments often promoted the “disappearing Indian” myth and promoted racial hierarchies with Black and Native people at the bottom. But in a racial economy rooted in settler-colonialism and legacies of enslavement, Black and Indigenous performers found that otherness could be a job qualification. Whether as artists or manual laborers, these workers rejected marginalization by traveling the world, making a solid living off their talents, and building platforms for political and social critique. Eventually, America’s popular entertainment industry could not survive without Black and Native Americans’ creative labor. As audiences came to eagerly anticipate their genius, these performers paved the way for greater social, economic, and cultural autonomy. Sakina M. Hughes provides a conceptually rich work revealing memorable individuals—laborers, artists, and entrepreneurs—who, faced with danger and discrimination, created surprising opportunities to showcase their talents and gain fame, wealth, and mobility.
