Dating the Younger Man Cyndi Targosz, 2008-11-17 Remember back when women traded on their beauty and men traded on their wealth and power? Well, the times, they are a changin'. As women grow more successful and financially independent, they are abandoning their mothers' "marry rich" mantra in favor of "it's as easy to fall in love with a handsome man as an ugly one." In this book, the sensational Cyndi Targosz teaches women of all ages the ins and outs of these lusty, and surprisingly long-lasting, affairs. Sprinkled with real-life stories of successful alliances, readers learn the truth about relationships with the sometimes younger, always sexier, hunky men women increasingly love to call their own.

Tales from the Mom Front Rebecca Martorella, 2006-03-27 Tales from the Mom Front offers an insightful and engaging look at the early years of parenthood from the perspective of a first-time mother. Author and family therapist Rebecca Martorella chronicles her journey from pregnancy to preschool with a dose of realism and wit that reads like a conversation with a good friend. Unlike advice books that outline what to expect from parenthood, Martorella shares the unexpected moments that have parents everywhere wondering, is it just me? Daddy's in Charge! and more. She reveals her mistakes and victories and encourages parents to trust their instincts, laugh at their blunders, and release themselves from the pressure to be a perfect parent. Tales from the Mom Front began as a newspaper column that earned praise from new and experienced parents and grandparents alike. Parents find a sympathetic voice in the author and are relieved to learn that they are not alone in their daily confusion and joy.

The Way of the Toddler Leta Hamilton, 2010 The Crazyiness of Modern Motherhood and the Spiritual Lessons I Learned

from my Zen Masters in Diapers.

Through the Eyes of A Child Brian Sheen,2006-03-30 In *Through the Eyes of a Child*, Brian Sheen takes us on an exciting spiritual adventure to open our eyes to the forgotten innocence of our childhood. Through the remarkable journey of a child's quest to meet God, we are led through the forest of our prejudices, fears and conditioned beliefs to emerge face to face with our deepest yearning within-to know our Creator and experience the greater truth of life. In the tradition of *The Celestine Prophecy* and *The Alchemist*, readers are drawn in to the open heart and clear mind of a young child to share with us a unique perspective of life that adults have all but forgotten. The story is both fun and fast paced like *The Da Vinci Code* - yet with the delicious flavor of your grandmothers tastiest treats.

The Grown Woman Where the Colony Lies Miik YS,2020-05-28 Wanita Dewasa transfers from Enceladus Colony 17, under an ocean moon of Saturn where she was born, to Asteroid Colony 23 when just sixteen years old. Now a grown woman eleven years later, she and Yappy, the artificial intelligence for the colony, work as a team to keep the place humming smoothly. Except that Wanita may be a mass murderer with Yappy's help; she isn't sure. Meanwhile, Zoro struggles with whether to become a killer as he transitions from male to a female while working on a dying farm on the outskirts of a town that failed to sprawl onto even a second street. Hele, living in a mansion in a big city, enjoys the comfort of her certainty and wealth; as she says, "I couldn't kill them. I'm not a monster." Wait, what? "Sometimes people, sometimes even places, aren't always what they seem," says Yappy to Wanita. The mystery unfolds without a detective to unravel clues. Everything means something, maybe just not what you think. Good guys are bad; bad guys are good. Rather than solving a murder, the murders aid in solving the mystery. No animals were harmed making this story, but there sure are some sick puppies in it.

Love You Right Julia Kent,2022-04-26 A missed opportunity five years ago makes for an unexpected encounter now between two people meant for each other - but who square off in a very public battle of wills in the small town of Love You, Maine, where every day is Valentine's Day. Can love conquer all in a town steeped in it? Kell Luvview refuses to be a sucker at love again. Five years ago, he left D.C. with his pride wounded and his heart broken. Fiercely protective of his small town in rural Maine, he's determined to save the family tree business and avoid his feelings at all costs, no matter how much he longs to solve the mystery of what happened in D.C. L.A. native Rachel Hart hates being underestimated almost as much as she hates this small town. She has two goals on this trip: get out of the cheesy tourist trap of Love You, Maine with a completed business deal, and avoid running into Kell, her old friend from D.C. who never became an old flame because of a huge misunderstanding. One that still aches. When her rental car breaks down on a logging road and Kell comes to her rescue, it's clear he's a changed man - and not for the good. Grumpy and reserved, he pushes all her buttons, still stubbornly convinced she betrayed him all those years ago. He's never forgiven her, and she's never forgiven herself for carrying a torch for him. An embarrassing incident gets the town gossip mill going when residents wrongly assume Kell and Rachel are the newest

couple to find love in the most romantic place on Earth. But the townsfolk aren't wrong for long... As Rachel breaks through his defenses and charms the town, he faces his biggest fear: all those pesky feelings he's been avoiding. Because they're all about Rachel now. And maybe they always were. Can Kell and Rachel fight their growing attraction in the one place in the world where you can't avoid love? If you're looking for a fun read about enemies to lovers, forced proximity, heroines who get their comeuppance and sworn bachelors felled by unexpected true love, featuring a hot bearded lumberjack impervious to poison ivy, and a city-slicker, jaded career woman with a penchant for great coffee, set in a small town in New England - then this is your book. Grab a cup of (properly good) coffee, a can of hot cocoa mix, a jar of Fluff and maybe some calamine lotion (just in case), and get your happymeter ready as you read the very first book in New York Times bestselling romantic comedy author Julia Kent's Love You, Maine series - where love isn't just a feeling - it's a way of life. Standalone Slow Burn Enemies to Lovers Small town romance Lumberjack and city slicker outsider ... and a cat named Calamine

My Old Faithful Yang Huang, 2018-06-29 Showing both the drama of familial intimacy and the ups and downs of the everyday, My Old Faithful introduces readers to a close-knit Chinese family. These ten interconnected short stories, which take place in China and the United States over a thirty-year period, merge to paint a nuanced portrait of family life, full of pain, surprises, and subtle acts of courage. Richly textured narratives from the mother, the father, the son, and the daughters play out against the backdrop of China's social and economic change. With quiet humor and sharp insight into the ordinary, Yang Huang writes of a father who spans his son out of love, a brother who betrays his sister, and a woman who returns to China after many years to find her country changed in ways both expected and startling.

Failing Moms Caitlin Killian, 2023-09-14 While many claim that being a mom is the most important job in the world, in reality motherhood in the United States is becoming harder. From preconception, through pregnancy, and while parenting, women are held to ever-higher standards and are finding themselves punished - both socially and criminally - for failing to live up to these norms. This book uncovers how women of all ethnic backgrounds and socioeconomic statuses have been interrogated, held against their will, and jailed for a rapidly expanding list of offenses such as falling down the stairs while pregnant or letting a child spend time alone in a park, actions that were not considered criminal a generation ago. While poor

mothers and moms of color are targeted the most, all moms are in jeopardy, whether they realize it or not. Women and mothers are disproportionately held accountable compared to men and fathers who do not see their reproduction policed and almost never incur charges for “failure to protect.” The gendered inequality of prosecutions reveals them to be more about controlling women than protecting children. Using a reproductive justice lens, Caitlin Killian analyzes how and why mothers are on a precipice and what must change to prevent mass penalization and instead support mothers and their children.

This book could have been titled "The Book of Tolerance." The psychologist author recognizes that each of us learned a lot of traditions and beliefs when too young to evaluate them. Such prejudices are very deeply ingrained into the subconscious. Therefore they are often most difficult to overcome even in adult years and with further experience and education. (Dr. Uhl was already in his 30s when he finally got free; many people never get free.) Each of us grows up and learns to analyze and think critically at different speeds. Even in the same family one sibling may remain highly opinionated and prejudiced, stuck in the past, while another thoughtfully unlearns childhood myths and becomes a broadminded adult. Therefore, tolerance of such differing rates of learning and unlearning is necessary for civilized peace good friendships in a pluralistic society. Such patient understanding is less difficult when one follows the new Golden Rule: Treat others as you would reasonably want and expect them to treat you if your roles were reversed. The thrilling details of an exciting journey with our planetary neighbors are clearly laid out in the little book, Leap of Honesty - Priest to Atheist. A generous sprinkling of earthy humor richly seasons this revolutionary book for enjoyable spiritual nourishment. Previously published as Out of God's Closet and Imagine No Superstition.
