Places We've Never Been Kasie West,2023-06-13 A sweet and swoony contemporary young adult novel about a cross-country family road trip that puts one girl and her childhood best friend on an unexpected road to romance! Norah hasn't seen her childhood best friend, Skyler, in years. When he first moved away, they talked all the time, but lately their relationship has been reduced to liking each other's Instagram posts. That's why Norah can't wait for the joint RV road trip their families have planned for the summer. But when Skyler finally arrives, he seems . . . like he'd rather be anywhere else. Hurt and confused, Norah reacts in kind. Suddenly, her oldest friendship is on the rocks. An unexpected summer spent driving across the country leads both Norah and Skyler down new roads and to new discoveries. Before long, they are, once again, seeing each other in a different light. Can their friendship-turned-rivalry turn into something more?

Places We've Never Been Kasie West,2022-05-31 A sweet and swoony contemporary Young Adult novel about a cross-country family road trip that puts one girl and her childhood best friend on an unexpected road to romance! Norah Simons's summer road trip is going to be absolutely perfect. She's leaving California for the first time in her life. She's interviewing at her dream college (the place for future video game animators). And she's reconnecting with her childhood friend, Skyler Hutton—the boy who taught her to draw, the boy she's never forgotten about after all these years. What could go wrong? Cue the RV filled with three siblings, two moms, one bathroom, and years of memories, and suddenly this trip isn't quite the vacation Norah was hoping for—especially when Skyler makes it clear he would rather be anywhere but here. But Norah isn't one to give up without a fight. And as the families travel from desert heat to mountain vista, sparks begin to fly between these two ex-best friends—after all, friendship doesn't just fade away. Does it? Kasie West delivers another romantic and heartfelt story of family, first love, and how expanding your horizons can take you places you've never dreamed of.

How to Talk About Places You've Never Been Pierre Bayard,2016-01-26 Written in the irreverent style that made *How to Talk About Books You Haven't Read* a critical and commercial success, Pierre Bayard takes readers on a trip around the world, giving us essential guidance on how to talk about all those fantastic places we've never been. Practical, funny, and thought-provoking, *How to Talk About Places You've Never Been* will delight and inform armchair globetrotters and jet-setters, all while never having to leave the comfort of the living room. Bayard examines the art of the “non-journey,” a tradition that a succession of writers and thinkers, unconcerned with moving away from their home turf, have employed in

order to encounter the foreign cultures they wish to know and talk about. He describes concrete situations in which the reader might find himself having to speak about places he's never been, and he chronicles some of his own experiences and offers practical advice. *How to Talk About Places You Haven't Been* is a compelling and delightful book that will expand any travel enthusiast's horizon well beyond the places it's even possible to visit in a single lifetime.

But when the Second World War shatters their dreams, the youngest, Billy Ray, vows to conquer the world that has so betrayed them. It's no accident that he becomes an enormously successful oil prospector, driven to tame the land that makes him rich and powerful, yet always leaves him wanting. Moving from the oil fields of Alaska to the country estates of the English aristocracy, Billy Ray seeks forgiveness in the arms of the women he seduces, and deliverance from the land he so ruthlessly exploits.

Hidden Memories Robert A. Baker, 1996 Alien abductions, satanic kidnappings, the channeling of spirits, the recall of past lives and other similar bizarre experiences are reported almost daily in the media. Is there a rational explanation for these events? According to Robert A. Baker, such irregular or supernatural experiences are manifestations of hidden memories, a phenomenon in which experiences that originally make little conscious impression are filed away in the brain and later are suddenly remembered in an altered form. In *Hidden Memories*, the most recent scientific evidence on memory is used to dispel many supernatural beliefs and to show how the boundaries of human behavior are often misperceived by

therapists, especially those who adhere to fringe beliefs. He shows how delusions and illusions affect behavior and discusses the role hypnosis, imagination, and suggestion play in the creation of other worldly experiences. Finally, Baker looks at the media's role in aiding and abetting paranormal belief in addition to promoting the growth of superstitions and popular myths.
