**Chemotherapy and Pharmacology for Leukemia in Pregnancy** Carolina Witchmichen Penteado Schmidt,Kaléu Mormino Otoni,2020-09-26 In response to the complexity involved in treating leukemia during pregnancy, and the need to find the most efficient treatment possible without harming the fetus, this book offers essential guidelines for institutions and practitioners alike. Pursuing a comprehensive approach, the book addresses a broad range of subjects, including: pregnancy and its characteristics; staging, pathology, morbidity and what to expect in each type of leukemia; chemotherapy for leukemia in pregnant women with complete trials; dose adjustment of chemotherapy for leukemia in pregnancy based on serum dosages; and pharmacokinetics and pharmacodynamics for this unique group of patients. In turn, subsequent chapters focus on protecting the fetus and neonatal management regarding chemotherapy for leukemia in pregnancy, including the treatment and risks for the fetus (for each type of leukemia), intrathecal therapy and its effects on the fetus; supportive drugs, antibiotics and antifungals for pregnant patients during chemotherapy, including intervention and dose adjustments; palliative care for women with leukemia in pregnancy; breastfeeding during treatment for leukemia; pharmacological aspects of supplements, vitamins and nutrition in pregnancy during leukemia treatment; and more. Combining contributions from highly qualified hematology professionals, who have pooled their knowledge to address the treatment of virtually every aspect of leukemia in pregnancy, the book is aimed at a complete pharmacological treatment, including guidelines and trials. It is a must-have not only for institutions providing care for hematology patients, but also for residency programs, research institutions, and professionals in areas that involve leukemia treatment for pregnant women — e.g. hematology, neonatology, obstetrics clinics, intensive medicine and critical care units.

*Chinese Narrative Poetry* Dore Jesse Levy,1988 Chinese Narrative Poetry brings a new perspective to some of China's best-loved and most influential poems, including Ts'ai Yen's Poem of Affliction, Po Chu-yi's Song of Everlasting Sorrow, and Wei Chuang's recently discovered Song of the Lady of Ch'in. Composed in the shih form during the Late Han, Six Dynasties, and T'ang periods, these poems stand out as masterworks of narrative art. Yet paradoxically, their narrative qualities have been little recognized or explored in either traditional Chinese or modern Western scholarship. The reason for this neglect is that Western literary traditions acknowledge their origins in epic poetry and thus take narrative for granted, but the Chinese tradition is fundametally based on lyric and does not admit of a separate category for narrative poetry. Drawing on both classical Chinese critical works and the most recent Western contributions to the theory of narrative, Levy shows how

narrative elements developed out of the lyrical conventions of shih. In doing so, she accomplishes a double purpose, guiding the modern reader to an understanding of the nature of narrative in Chinese poetry and shedding light on the ways in which Chinese poets adapted the devices of lyric to the needs of a completely different expressive mode. Students of Chinese literature will welcome this pathbreaking study, but Chinese Narrative Poetry will interest other scholars as well because it addresses questions of crucial importance for literary theory and comparative literature, particularly the central issue of the applicability of Western critical concepts to non-Western literature and culture.

*The Chronicles of Fernão Lopes* Fernão Lopes,Patricia Anne Odber de Baubeta,2023 This 5 volume set represents the first complete English translation of one of the major chronicles of medieval Europe, by 'the father of Portuguese historiography' Covering the reigns of Pedro I, Fernando I and João I up to the signing of the 1411 treaty with Castile which confirmed the survival of the Portuguese kingdom, the chronicles provide a wealth of detail on late fourteenth-century politics, diplomacy, warfare and economic matters, courtly society, queenship and noble women, as well as more mundane concerns such as food, health and the purchasing power of a fluctuating currency. Lopes had a keen eye for detail and a perspective especially attuned to the common people, and his chronicles provide an invaluable source for the history of Western Europe in the later Middle Ages. The first four volumes are accompanied by introductions and bibliographies setting the translations in context, and the fifth volume contains a general bibliography and a comprehensive general index encompassing all of the chronicles.

Huai-nan Tzu Charles Le Blanc, 1985-12-01 Huai-nan Tzu (139BC) was viewed, for its great diversity of subject-matter, ideas and style, by traditional Chinese scholars as a composite work of the Eclectic School. It is the author's contention, however, that one overriding concern pervades the work: the attempt to define the essential conditions for a Taoist political utopianism. The present study emphasizes Chapter Six of Huai-nan Tzu in expounding the theory of kan-ying STIMULUS-RESPONSE; RESONANCE, which postulates that all things in the universe are interrelated and influence each other according to pre-set patterns. Only in the True Man, who is 'one with Tao' and 'attuned to the cosmos', does kan-ying attain its ultimate realization, 'the Great Peace' and 'the Great Merging'. 'After all,' concludes the author, 'it is in Huai-nan Tzu that we find the statement'
