

The Price Of Apathy Is To Be Ruled

Rahasya Poe

I Am the Law: How Judge Dredd Predicted Our Future Michael Molcher, 2023-02-23 He is the law - and you better believe it! Judge, jury and executioner, Judge Dredd is the brutal comic book cop policing the chaotic future urban jungle of Mega-City One, created by John Wagner and Carlos Ezquerra and launching in the pages of 2000 AD in 1977. But what began as a sci-fi action comic quickly evolved into a searing satire on hardline, militarised policing and 'law and order' politics, its endless inventiveness and ironic humour acting as a prophetic warning about our world today - and with important lessons for our future. Blending comic book history with contemporary radical theories on policing, I Am The Law takes key Dredd stories from the last 45 years and demonstrates how they provide a unique wake up call about our gradual, and not so gradual, slide towards authoritarian policing. From the politicisation of policing to 'zero tolerance', from violent suppression of protest to the rise of the surveillance state, I Am The Law examines how a comic book warned us about the chilling endgame of today's 'law and order' politics.

Smell the Devil's Breath Terry A. Burgess, 2011-08-15 For Sheila Myhra, the beginning of the new year is anything but happy. Her fiancé, Driver, is called away to Rome on a reconnaissance mission while at the same time her renegade father makes a surprise appearance in Fort Worth. Against the wishes of her friends, Sheila confronts her father alone, and when the results of that meeting find Sheila trying to save the lives of thousands of believers, she gets a taste of her true power. Hungry to find the answers she has sought for so long, Sheila treads the fine line between good and evil. The answers to Sheila's past crash headlong into Driver's hidden, painful past, and the two must confront not only each other, but whatever their future—however short it may be—holds for the two of them.

My Long, Strange Journey Tom Oldoski, 2024-11-19 What is truth, especially when it pertains to spirituality? Aren't we all just living on faith while trying to navigate our soul journeys? This book is one man's wrestling with the questions plaguing us all: Who are we? Why are we here? Where is God in all of this? And perhaps, most essentially, What is God and how should we relate to Him? This is a book designed to spur thought and reflection. It, hopefully, will spark loving conversations between friends, in-laws, and outlaws. No one has a monopoly on the truth; we're all just seekers with whom God is relating individually. If you like thought that colors a bit outside the lines, then you might want to try this book on for size and travel a bit outside the box.

Our Schools and Education: the War Zone in America James R. Lake, 2009-08-27 In the ongoing saga of bureaucratic control, misuse of money and personnel, lies, and failures, not of the children but of the leaders, educators, and businesses that control education, author James Lake firmly presents the truth versus the ideology in this comprehensive book. Throughout *Our Schools and Education: The War Zone in America*, he includes the problems bureaucrats create and what we can do to reclaim our schools. He shows workable and realistic solutions to help answer the pressing problems facing our children. He invites everyone, teachers, parents, and the young and old, to be part of the positive effort instead of adding to the existing dilemma by doing nothing, allowing the bureaucrats to continue to control massive amounts of money meant to help our youth. This book is an eye-opener and should be read by every American that believes in the educational traditions that have made our nation great. With the help of teachers, parents and communities we can set aside the educational socialism forced upon us by Washington D.C. and reverse our present direction, returning education to our communities. We must maintain the America that our parents knew and created and not succumb to being a one world government. We will teach our youth to love America and to cherish our history and what America has stood for. The key to this is our support for what is right for our children and our nation. Our schools must teach the three Rs but also history, science, the arts, technology, vocational classes, and give our youth a very broad and realistic education. We must not teach to a test nor national standards. This book exposes the problems and gives answers to the needed solutions that every parent and teacher should be aware and active in their implementation. *Our Schools and Education: The War Zone in America* identifies the problems and presents the solutions to these issues so that educational socialism will be done away with and our communities will once again control and direct our schools, reestablishing and maintaining the greatness that has been our nations. May God bless America.

East Texas Nan's Favorite 1,000 Quotes on Inspiration, Wisdom, Humor, Texas & More Susan G. Davis, 2019-12-13 *East Texas Nan's Favorite 1,000 Quotes on Inspiration, Wisdom, Humor, Texas & More* By: Susan G. Davis In 1995 Susan G. Davis (Nan is what Susan's 5 year old grandson called her) 5 year old grandson Clint gave her a journal for Christmas. He suggested "why don't you put all of those quotes you're collecting in that old notebook in this journal" So for 20 years Davis filled her journal. When Clint came home on leave from the Air Force and asked her about the journal, he was surprised that she had accumulated enough information to fill the entire journal! It was he who suggested she put together her collection and create this book for everyone to enjoy. Within the pages of *East Texas Nan's Favorite 1,000 Quotes on Inspiration, Wisdom, Humor, Texas & More*, Davis hopes that anyone can walk away with something that will enrich their daily lives. Whether it be a ray of optimism, an answered question, inspiration when they need to be uplifted or when they need their funny bone tickled or an animal anecdote to tug at their heart strings or some Texas tidbit. This little book has something for everyone and can be read over and over.

Goodness to Go Fran I Hamilton, 2013 *Goodness To Go-A Handbook for Humanitarians* is your personal guide to inspire, clarify, mobilize, and sustain your compassion in action. Self-care is essential as you discover ways to contribute to your community and your world in enjoyable, sustainable ways. Proceeds from *Goodness To Go* support the missions of the *Goodness To Go* social enterprise, including girl empowerment and brothel prevention programs of Child In Need Institute (CINI) in India. To learn more, please visit www.GoodnessToGo.org and cini-india.org Author Bio: Fran I. Hamilton, MD was born in Canada into a medical family and has practiced integrative medicine in Boulder, Colorado since 1995. For decades, meditation and mindfulness practices have been important elements of Dr. Hamilton's daily life. Her international service includes the development of new curricula at a girls' school in Jamaica, West Indies and volunteering on a mobile hospital bus in rural India. The Quotable Intellectual Peter Archer, 2010-06-18 Have you ever wanted to be an intellectual, without all that tedious work of getting an advanced college degree? Here's your shortcut to the world of the well read. Just open this collection of 1,417 quotations from the mouths of the wildly famous to the painfully obscure, and voila!--instant erudition. It doesn't take much to sound as if you know what you're talking about. Just toss off some time-tested wisdom from Henry James or Plotinus . . . or, if you're feeling daring, a line or two of poetry from Byron. In no time at all you'll be sipping a glass of Madeira, sampling imported Gouda, and bragging about your collection of first edition Vonneguts. Just like an intellectual.

A Matter of Geography Jasmine D'Costa, 2017-04-01 *A Matter of Geography* begins in the early 1990s in the heart of Bombay where young Peter and Anna are neighbors residing with their families. They live in the Billimoria Building, ensconced in the Catholic ghetto. When Hindus destroy a mosque in the distant Indian state of Ayodhya, riots explode in Bombay, the worst the city has witnessed. Peter and Anna, just 21 and 16 years old, are caught in the explosion while their families take on the task of sheltering a Muslim neighbor. Amidst this turmoil and tragedy, Anna's family migrates to Canada and she is separated from Peter, just as their love blossoms. Fifteen years later, Anna returns to India to claim property she has inherited. For an instant, she believes she may have a second chance with Peter, but sectarian violence builds walls between them once again. Anna and Peter are faced with difficult choices as past, present and future frame a powerful portrait of a city, a people in crisis, and two conflicted lovers.

Motivating Thoughts of Plato Mahesh Dutt Sharma, 2020-01-01 Plato's ideas about philosophy and his beliefs on the use of reason and rationality to evolve into a better society have led people to follow his ideals for centuries. This work is an

endeavour to encapsulate Plato in an epigrammatic form, where it becomes easier to grasp the import of his much-complex thoughts.

To Believe Or Not To Believe: The Social and Neurological Consequences of Belief Systems Rahasya

Poe,2009-11-06 To Believe or not To Believe: The Social and Neurological Consequences of Belief Systems An in-depth look at how we limit our conscious evolution by maintaining rigid belief systems that no longer serve us and are lacking any logic or reason considering today's advances in physics, neuroscience, and recent archaeological finds. Neuroscience has shown that people who meditate have much higher brain coherence than people who don't; this balance is thought to be the gateway for spiritual enlightenment, which could be viewed as a bioneurological event. Through a better understanding of reality and our relationship to it, humankind will be able to see through the veils of illusion that keep us in constant conflict with one another. Included are interviews with Dr. Bruce Lipton, Dr. Joe Dispenza, Dr. Andrew Newberg, Fred Alan Wolf, Neale Donald Walsch, Lynne McTaggart, Gary Zukav, Amit Goswami, Shakti Gawain, Dan Millman, Byron Katie, Alberto Villoldo, PhD, Drunvalo Melchizedek, Peter Russell, Timothy Freke, and Rollin McCraty of HeartMath. The book's message reflects the words of Voltaire: "Those who can make you believe absurdities can make you commit atrocities."

Community Helpers Lucas Morgan,AI,2025-03-06 Community Helpers offers an insightful exploration into the vital roles of individuals dedicated to public service, emphasizing their impact on our neighborhoods' safety, health, and overall functioning. The book delves into the responsibilities and skills required by community helpers like firefighters, police officers, doctors, nurses, teachers, and social workers. Understanding their interconnectedness fosters civic responsibility and an appreciation for often-overlooked services. Did you know that the roles of community helpers have evolved from early forms of mutual aid to the specialized services we rely on today, shaped by societal changes and technological advancements? Examining both the historical context and contemporary challenges faced by these professionals, the book highlights the importance of collaboration in addressing complex community issues. It's structured to first introduce the concept and significance of community helpers, then explores specific professions in detail, and finally investigates their interconnectedness. Through empirical data, case studies, and interviews, Community Helpers demonstrates how a resilient community depends on active participation and support, encouraging readers to contribute to the collective good and consider career paths in public service. Written in an accessible style, this book is a valuable resource for anyone interested in learning more about their local community, gaining civic awareness, or exploring career options in social science and public service. The book connects to fields like sociology, public policy, and psychology, highlighting how sociological factors influence community needs. It moves beyond job descriptions to explore social dynamics and ethical considerations, presenting a balanced view of differing perspectives on community service approaches.

Regulation Foundations Cassia Vaughn,AI,2025-04-03 Regulation Foundations explores the pivotal role of government

regulations, examining whether they are essential safeguards or hindrances to economic progress. It navigates the complex interplay between governmental oversight and economic freedom, impacting market dynamics and societal welfare. The book uniquely emphasizes adaptive regulation, highlighting the need for flexible frameworks responsive to evolving circumstances, such as technological advancements. Regulations can correct market failures, protect consumers, and promote competition; however, they may also stifle innovation and increase costs. The book progresses logically, beginning with fundamental regulatory concepts and rationales for government intervention. It then explores the impact of regulations on business operations, such as investment and competitiveness. The final section analyzes case studies—environmental protection, financial stability, and consumer safety—culminating in best practices for regulatory design and implementation. Supported by economic data, legal precedents, and empirical studies, the analysis draws upon economics, law, and political science to provide a holistic perspective. This interdisciplinary approach enriches the book's insights, making it valuable for policymakers, business leaders, and engaged citizens seeking to understand the modern regulatory landscape.

Armageddon of a Different Order Dennis Dawson Elliott, 2018-12-23 How did Donald Trump become president? What were his qualifications? What has he accomplished since winning the election? The author suggests answers for those questions and many more in this analysis of one of the world's most controversial political leaders. With great frequency, Trump has criticized his presidential election opponent and the previous administration even after taking office. Just as concerning, he continues to have little understanding of the power of words and how his declarations have potential negative implications and outcomes with multiple audiences. His repetitive banter has little substance, he relies on Twitter as a means of speaking loudly, and he offers little or no substantiation for his claims. While responsible reporters and media outlets have worked diligently to fact-check his statements, Trump simply dismisses the reporting as "fake news." This book is a challenge to all Americans to stand up and support their country in reasonable, responsible, and ethical ways regardless of personal ideological leanings. It's also a thoughtful analysis and warning about Armageddon of a different order.

Crime Inc. Vince Everett Ellison, 2023-10-03 As seen on Tucker Carlson Murder, rape, sex trafficking, and hate—Crime Inc. explains how the Political Left utilized these tactics of organized crime to gain and maintain power in America. Vince Everett Ellison has written another massive takedown of the Political Left. In Crime Inc., Vince explains how murder, sex trafficking, defunding the police, and disarming law-abiding citizens are used as tools in a diabolical plan for power. Previously, the Political Left partnered with slave traders, the Confederacy, and the Ku Klux Klan. They now partner with Abortion Murderers, Perverts, Mexican Cartels, Black Lives Matter, and Antifa in their quest to maintain power. Crime Inc. is an indictment. It charges the entire Political Left with the crime of national sabotage and cultural genocide, with American Marxism as their ultimate goal. The Left has sabotaged the Black Community, the Government, Religion, the Arts, Education, the Family, and every institution they have touched in America. If you like the inner cities of Detroit, Memphis, Philadelphia,

and Baltimore today, you will love America in ten years if the Left gets their way. Exposing their plans is the best way to stop this criminal activity. Anticipating their plans make you immune to them. Vince Everett Ellison provides the vaccine to the disease of the Left in Crime Inc.

KELLOCK PSYCH TEXTBOOKS [One] Karen Kellock, 2022-06-30 KELLOCK PSYCH TEXTBOOKS FOR A LOST GENERATION: MANUAL FOR SUPERIOR MEN. THE FULL COLLECTED WORKS OF KAREN KELLOCK. NEW PSYCH THEORY by Karen Kellock Ph.D., Psychology & Proverb Author. The cause of mental illness is other people: be shocked into a new world view seeing mental illness in a new light. Elite Review: Koestler [1962] shows all discoveries blend art with science. Vivid poetic images combined with rock-solid psychology show the tyranny of groups vs. the individual: collective insanity, the contagion of lunacy. What does it take to be a champion in a sea of sharks? That's the essence of this work. The writing is subtle, witty, clever and highly accurate. The therapy: open the book anywhere. Mansell Pattison M.D., Postdoctoral Sponsor at UCI School of Medicine, Dept. of Psychiatry. Karen Kellock received her Ph.D. from University of California, Irvine and was a postdoctoral fellow at the Medical School, Dept. of Psychiatry [NIAAA and NIMH grants] to develop a theory of System Pathology: the Debris Theory of Disease, presented in 120 books and 22 textbooks for the general public. The theory has a general formula: All disease is obstruction, all recovery is elimination, all success is attraction. The three obstructions are people, habit and food. Remove your obstruction and snap to your goals, waiting in the wings. An integrator and discoverer. As her Ph.D. advisor it's WOW on pathological systems theory, a sudden eye-opener. Doug Chalmers, Ph.D., UCI Dept. of Psychology Brilliance inspires thinking in new realms by debunking old myths. A true theoretician ties everything together so we can see the whole. Daniel Feldman M.D., Postdoc sponsor V.A. hospital/UCI Med Chapter art by Karen Kellock and Fox Design, Cover by Blaze Goldburst

The Art of Public Speaking Simón Hergueta, 2025-05-10 Master the new rules of communication, persuasion, and influence in the digital era. Public speaking is no longer optional. Whether you're delivering a business presentation, pitching a project, leading a classroom, selling an idea, or creating viral content—your ability to communicate clearly, persuasively, and confidently defines your success. The Art of Public Speaking is widely considered the ultimate bible of communication, persuasion, and speaking skills, offering a complete, real-world system for today's hybrid world—where virtual presentations are as important as those on stage. Inside, you'll discover how to: 1□ Overcome stage fright and eliminate fear of public speaking 2□ Organize powerful presentations that captivate any audience 3□ Use your voice, breathing, and body language as strategic tools 4□ Master persuasion techniques used by leaders, entrepreneurs, and top negotiators 5□ Adapt your communication for virtual platforms, hybrid meetings, and online videos You will also learn: How to structure a memorable speech from scratch How to manage Q&A sessions and hostile audiences How to create an authentic, charismatic personal brand as a speaker How to apply communication strategies to leadership, negotiation, sales, and digital media Featuring

deep analysis of timeless speeches—from Demosthenes to Malala, Obama to Steve Jobs—this guide blends classical oratory principles with cutting-edge techniques for the modern era. If you want to command attention, persuade ethically, inspire change, and never be ignored again—this is the book that will transform the way you speak and lead. Stop doubting. Start leading. The stage is yours.

Plato Daniel Coenn,2014-05-08 This book is a collection of 225 fundamental quotes and aphorisms of Plato: I am the wisest man alive, for I know one thing, and that is that I know nothing. Ideas are the source of all things If women are expected to do the same work as men, we must teach them the same things. Ignorance is the root and stem of every evil. I'm trying to think, don't confuse me with facts. Knowledge is the food of the soul. Love is a madness produced by an unclassifiable rational desire to understand the ultimate truth about the world. Love is a serious mental disease. Love is the pursuit of the whole. Not exact, but: the two most important questions are; who will teach the children? What they teach them? Only the dead have seen the end of war. The greatest wealth is to live content with little. The price of apathy towards public affairs is to be ruled by evil men. There are three classes of men; lovers of wisdom, lovers of honor, and lovers of gain. Those who tell the stories rule society.

Cultural Appropriation Debates Soren Earthwalker,AI,2025-02-27 Cultural Appropriation Debates explores the complex issues surrounding the borrowing and use of indigenous cultures' elements, engaging readers in a conversation about social justice and cultural heritage. The book examines the ethical considerations of adapting cultural elements from marginalized indigenous groups. The book uniquely highlights historical power imbalances rooted in colonialism that often lead to harmful exploitation and commodification of indigenous expressions, divorcing them from their original meanings. It further scrutinizes the economic consequences for indigenous communities when their knowledge and creations are used without fair compensation, emphasizing the importance of informed consent and benefit-sharing. These topics are approached through case studies, legal analysis, and firsthand accounts. Structured in four parts, the book first establishes a framework for understanding cultural appropriation, cultural appreciation, and intellectual property. It then examines case studies across art, fashion, music, and spirituality, followed by an analysis of the economic dimensions. Finally, it explores potential solutions and strategies for respectful cultural exchange, making it a valuable resource for students, policymakers, and anyone interested in indigenous rights and cultural sensitivity.

Wisdom for Living Spiritually in the Physical Tommy S. W. Wong,2019-01-01 This book is the fourth in the “Spiritual Living” series. The first three books are “Wisdom for Spiritual Living”, “Wisdom for Living as Spiritual Beings”, and “Wisdom for Living as Spiritual Masters”. In this book, young Tom continues his exploration with Guru Harry on how to live spiritually in the physical world. Guru Harry epitomizes someone from a spiritual society and offers a way of living that can lead to peace, love, joy and harmony. In their discussion on how to live physically with a body and a soul, it includes the following

deep questions: (1) Why are there so many problems in the physical world? (2) What is the purpose for a soul to incarnate into a body? (3) How can we tell if we are evolving spiritually? May this wisdom enable you to live spiritually in the physical!

Viral Misinformation Spread Orin Brightfield, AI, 2025-02-26 Viral Misinformation Spread explores the pervasive issue of fake news in the digital age, examining its origins, spread, and impact on society. The book navigates the complex landscape of misinformation, highlighting intriguing facts such as the role of cognitive biases and emotional reasoning in making individuals susceptible to false information. It also examines the evolution of propaganda tactics from the 20th century to the present day, revealing how these strategies have adapted to the online environment. The text underscores the erosion of public trust and the potential for manipulation of opinions due to viral misinformation, which can have tangible effects on elections, public health, and social stability. This book uniquely emphasizes collaborative solutions, rather than simply critiquing the problem. It explores the responses of online platforms, the challenges of content moderation, and the importance of fact-checking initiatives. It also considers the role of media literacy education in empowering individuals to critically evaluate information. The book unfolds in three parts: defining misinformation, analyzing platform responses, and examining fact-checking efforts, offering a comprehensive understanding of the misinformation ecosystem.
