**Peregrino** Ron Austin,2010-12-21 Ron Austin first wandered purposefully into Mexico more than fifty years ago, when he produced a documentary on Mexican history for American television. Over the next decades, as his acquaintance with Mexico deepened, so too did his appreciation for the rich and contradictory impulses of Mexican culture and for the beauty of its people and their expressions of faith. At once guidebook, history, memoir, and tribute, Austin's Peregrino engagingly explores the spiritual and cultural heart of Catholic Mexico. Though once merely a tourist peering in a stranger to this distinctive faith and culture Austin, now a devout Catholic and part-year resident of Mexico, writes with respect, affection, and deep understanding as he invites fellow pilgrims peregrinos to regard both Mexico and their own cultures of faith in a new light.

*Mártires, santos, patronos* Marisol López Menéndez,2017-06-28 Los textos que componen el presente libro muestran que

la creación y construcción de mártires, beatos y santos es todavía un recurso vigente que propone la intercesión entre los fieles y la divinidad, en un periodo donde se transforman las maneras de vivir lo religioso. Se presenta un panorama amplio sobre el tratamiento que las ciencias sociales pueden dar al concepto de santidad.

**Women and Alcohol in a Highland Maya Town** Christine Eber, 2010-06-28 Healing roles and rituals involving alcohol are a major source of power and identity for women and men in Highland Chiapas, Mexico, where abstention from alcohol can bring a loss of meaningful roles and of a sense of community. Yet, as in other parts of the world, alcohol use sometimes leads to abuse, whose effects must then be combated by individuals and the community. In this pioneering ethnography, Christine Eber looks at women and drinking in the community of San Pedro Chenalhó to address the issues of women's identities, roles, relationships, and sources of power. She explores various personal and social strategies women use to avoid problem drinking, including conversion to Protestant religions, membership in cooperatives or Catholic Action, and modification of ritual forms with substitute beverages. The book's women-centered perspective reveals important data on women and drinking not reported in earlier ethnographies of Highland Chiapas communities. Eber's reflexive approach, blending the women's stories, analyses, songs, and prayers with her own and other ethnographers' views, shows how Western, individualistic approaches to the problems of alcohol abuse are inadequate for understanding women's experiences with problem and ritual drinking in a non-Western culture. In a new epilogue, Christine Eber describes how events of the last decade, including the Zapatista uprising, have strengthened women's resolve to gain greater control over their lives by controlling the effects of alcohol in the community.

**Supplement to the Handbook of Middle American Indians, Volume 3** Victoria Reifler Bricker, Munro S. Edmonson, 2010-07-22 The sixteen-volume Handbook of Middle American Indians, completed in 1976, has been acclaimed the world over as the single most valuable resource ever produced for those involved in the study of Mesoamerica. When it was determined in 1978 that the Handbook should be updated periodically, Victoria Reifler Bricker, well-known cultural anthropologist, was elected to be general editor. This third volume of the Supplement is devoted to the aboriginal literatures of Mesoamerica, a topic receiving little attention in the original Handbook. According to the general editor, This volume does more than supplement and update the coverage of Middle American Indian literatures in the Handbook. It breaks new ground by defining the parameters of a new interdisciplinary field in Middle American Indian studies. The aim of the present volume is to consider literature from five Middle American Indian languages: Nahuatl, Yucatecan Maya, Quiche, Tzotzil, and Chorti. The first three literatures are well documented for both the Classical and Modern variants of their languages and are obvious candidates for inclusion in this volume. The literatures of Tzotzil and Chorti, on the other hand, are oral, and heretofore little has been written of their genres and styles. Taken together, these essays represent a substantial

contribution to the Handbook series, with the volume editor's introduction placing in geographic perspective the five literatures chosen as representative of the Middle American literary tradition.
