**La littérature pure** Ronan de Calan,2017-10-20 Ce livre veut reprendre les réflexions de sociologie de la littérature au point où curieusement elles s'arrêtent : avant une réelle explication sociologique. En 1992, dans les Règles de l'art, Pierre Bourdieu rendait compte de la constitution d'un « champ littéraire » organisé dans la seconde moitié du XIX<sup>e</sup> siècle autour d'une norme, celle de « l'art pour l'art » ou de la littérature pure. Quelques oracles choisis - Gautier, Baudelaire, Flaubert ou encore Mallarmé - auraient réussi à imposer au champ une autonomie de la chose littéraire contre les compromissions de l'art bourgeois mais aussi contre les vertiges de l'art social, de l'art engagé. Comment ? On ne le sait pas. Sartre, avant Bourdieu, avait pourtant apporté une réponse à cette question : dans une société de classes, l'écrivain ne pouvait se réinventer qu'en s'intégrant à une aristocratie fictive, idéalisée. Voici l'histoire de cette métamorphose.

**The Ethos of History** Stefan Helgesson, Jayne Svenungsson, 2018-06-19 At a time when rapidly evolving technologies, political turmoil, and the tensions inherent in multiculturalism and globalization are reshaping historical consciousness, what is the proper role for historians and their work? By way of an answer, the contributors to this volume offer up an illuminating collective meditation on the idea of ethos and its relevance for historical practice. These intellectually adventurous essays demonstrate how ethos—a term evoking a society's "fundamental character" as well as an ethical appeal to knowledge and commitment—can serve as a conceptual lodestar for history today, not only as a narrative, but as a form of consciousness and an ethical-political orientation.

**La littérature française contemporaine** Frank Baert, Dominique Viart, 1993

**Americanism, Media and the Politics of Culture in 1930s France** David A. Pettersen, 2016-05-20 First book to focus on Americanism and its consideration of French film and literature. The book is organized around individual figures, texts, and films, making it easy to adopt for individual units in courses. The book is written in clear, accessible, and jargon-free language. The book brings a new and innovative transatlantic perspective to 1930s French culture. The book offers new perspectives on important figures that we thought we knew well. The book mixes cultural history with the analysis of individual films and novels in a way that is engaging to read.

**The Cambridge Companion to Modern French Culture** Nicholas Hewitt, 2003-09-11 France entered the twentieth century as a powerful European and colonial nation. In the course of the century, her role changed dramatically: in the first fifty years two World Wars and economic decline removed its status as a world power, whilst the immediate post-war era was marked by wars of independence in its colonies. Yet at the same time, in the second half of the century, France entered a period of unprecedented growth and social transformation. Throughout the century and into the new millennium France retained its former international reputation as a centre for cultural excellence and innovation and its culture, together with that of the Francophone world, reflected the increased richness and diversity of the period. This 2003 Companion explores

this vibrant culture, and includes chapters on history, language, literature, thought, theatre, architecture, visual culture, film and music, and discuss the contributions of popular culture, Francophone culture, minorities and women.

**The Bloomsbury Companion to Existentialism** Felicity Joseph, Jack Reynolds, Ashley Woodward, 2014-09-25 The Bloomsbury Companion to Existentialism is the definitive guide to this key area of modern European philosophy. Now available in paperback, the book covers the fundamental questions asked by existentialism, providing valuable guidance for students and researchers to some of the many important and enduring contributions of existentialist thinkers. Chapters from an international team of experts explore existentialism's relationship to philosophical method; ontology; politics; psychoanalysis; ethics; religion; literature; emotion; feminism and sexuality; emotions; authenticity and the self; its significance in Latin American culture; and its contribution to the development of post-structuralism and cognitive science. In addition, five short chapters summarize the status of canonical figures Kierkegaard, Nietzsche, Heidegger, Sartre and de Beauvoir, delineating the historical approach to their work, while pointing to new directions contemporary research is now taking. Featuring a series of indispensable research tools such as an A to Z glossary, a timeline of key events, texts and thinkers in existentialism, a list of resources, and an annotated guide to further reading, this Companion is an essential resource to help the new reader navigate through the heart of Existentialism and modern European philosophy.

**Sartre's Life, Times and Vision du Monde** William L. McBride, 2013-09-13 William L. McBride Professor of Philosophy at Purdue University, is co-founder of the North American Sartre Society, and the first chairperson of its executive board. His most recent publications include Social and Political Philosophy and Sartre's Political Theory. He was recently named Chevalier dans l'Ordre des Palmes Academiques by the French Government, and has served as Chairperson of the Committee on International Cooperation of the American Philosophical Association and as President of the Societe Americaine de Philosophie de Langue Francaise.

**More Than Night** James Naremore, 2008-01-14 Supplies the first study of film noir that achieves the sort of intellectual seriousness, depth of research, degree of critical insight, and level of writing that this group of films deserves.—Tom Gunning, Modernism and Modernity

*Sartre's Theatre* B. P. O'Donohoe, Benedict O'Donohoe, 2005 Published on the eve of the philosopher-playwright's centenary, this study offers a wide-ranging re-appraisal of Sartre's complete dramatic opus, from the inaugural 'nativity' play, Bariona (1940), to the swan-song chorus of Armageddon, Les Troyennes (1965). It draws on a close reading of Sartre's writings in philosophy, literature and criticism, and provides an extensive survey of journalistic and academic reception. Each play is situated in relation both to Sartre's intellectual evolution and to the broader historical context. This is the first full-length study in English, for more than thirty years, covering the whole of Sartre's theatre, and it will interest students of twentieth-century European drama, as well as those of modern French literature and ideas.

Revisioning French Culture Andrew Sobanet, 2019-11-07 Revisioning French Culture brings together a striking group of leading intellectuals and scholars to explore new avenues of research in French and Francophone Studies. Covering the medieval period through the twenty-first century, this volume presents investigations into a vast array of subjects, with global Francophonie as its primary focal point.

Stories and Portraits of the Self Helena Carvalhão Buescu, João Ferreira Duarte, 2007 In contemporary societies privatization has long ceased to be just an economic concept; rather, it must increasingly be made to refer to the ongoing shrinking of the public space under the impact of the representation of individual lives and images, which cuts across all discourses, genres and media to become one of the primary means of production of culture. This volume is intended to cover such an historical, social and intellectual ground, where self-representation comes to the fore. Targeting mostly an academic readership but certainly also of interest to the general educated public, it collects a wide range of essays dealing with diverse modes of life writing and portraying from a variety of perspectives and focusing on different historical periods and media. It thus offers itself as a major contribution to a better understanding of the world we live in: its past legacy and present configuration.
