**Matt Theriault**

*The Difference* Dr Maxwell Ubah.,2015-06-15 Why do some people succeed and others fail under the same conditions and circumstances? Put in another way, why do some people with limited resources, opportunities and potentials fare better in life than others who seemed to have it all? What accounts for the difference between successful people and ordinary people, between successful companies and the also-rans, and between successful nations and kleptocracies? In *The Difference*, Leadership Coach and Strategy Consultant Dr Maxwell Ubah writes that successful people are not different from ordinary people; they only do things differently. Using an ancient parable between an entrepreneur and his three employees, he identified ten principles of success that set successful people apart from ordinary people. Dr Ubah Maxwell has hit a home run with *The Difference*. It challenges individuals to leave the beaten path of mediocrity and live a life of personal significance. I strongly recommend it to all who desire to achieve the extraordinary with their lives. Sonny Allison, founder/director, Red Star Express Plc. Dr Maxwell Ubah has packaged a little dynamite that could blow off the shell shielding success. Or put more appropriately, *The Difference* is a roadmap to success and fulfilment in life, as long as we are ready to blow off the lid. Simon Kolawole, editor, *Thisday* (newspaper)

Do Over Matt Theriault,2010-11 Since starting a record label out of the trunk of his car in the early 90's, Matt Theriault's time as a serial entrepreneur has endured a few Do Overs, to say the least. Business naiveté and ultimately the emergence of the digital music download derailed this successful, self-taught business man's dreams of fame and fortune to a point at age 34 where the words paper or plastic crossed his lips countless times per day. Determined to embark on one final Do Over, Matt Theriault created and implemented a simple step-by-step plan compiled from his lessons at Hard Knock University that anyone can easily follow. The success of that plan, now dubbed the Do Over Plan, has Matt back on track producing amazing results with extreme velocity and positioned to completely eclipse his music business success in a fraction of the time. During a time where countless people, businesses and organizations urgently need a Do Over, Theriault's book will save careers, relationships and quite possibly lives. Using the Do Over Plan that Theriault has put together, you'll be able to accomplish anything that your mind can conceive-no matter how big. In fact, Matt will show you how big goals do not equal big challenges...quite the contrary actually. It's time to stop thinking small and start playing a bigger game in life. You deserve it. Matt Theriault will take you from where you are to where you want to be faster than you ever thought possible by revealing and putting to work the ignored, underestimated and unknown steps to producing results. Consider Do Over the last book of its kind you'll ever need, for you will discover what failed you in the past will never interfere in your pursuits again. Say, Hello! to YOUR Do Over!

*Shall I Tell You a Secret?* Ziya Sakir Yilmaz, Millions of people are trying to benefit from the personal development books in order to find solutions to their own problems. While only a few of such books are really sufficient and are able to improve and change people, most of them are written carelessly, far from our own culture, and have been listed in the “best seller” books thanks to big marketing techniques and in fact such books are not good and efficient enough to satisfy the readers. “Shall I Tell You A Secret?” written by Ziya Şakir Yılmaz is composed of all the knowledge and experiences that are plain, simple and of our own culture and which have worked, proved right, enabled the author’s life evolve in the direction he had wanted while contributing to the transformation of his teammates and can contribute to everyone’s life in some way. “Information has a meaning provided that it passes on to the muscles.” If you are ready for change and development and if you are ready to take the responsibility of this transformation, you may state right now that you will reach a point where even you won’t be able to recognize yourself by transferring the knowledge here into your life. We’re telling you; and let that be our secret... Professor TURGAY BİÇER Sport Psychologist, Mentor, Coach, Writer \*\*\* “Shall I Tell You A Secret?” written by dear Ziya Şakir Yılmaz is a book to which I contributed as the text consultant and it is only a part of his aim of touching a million people’s lives. I have no doubt that as you read the book, you will evaluate your thoughts, knowledge and principles once more, and bear a brand-new “self” from inside your present being. This book is the book of seeing yourself rather than looking far; getting to know yourself rather than trying to know others; reading yourself rather than reading each text; namely, it is the book of integration, not completion... **Live Life with No Regrets** Anne Bachrach, 2011-09-22 You make your own choices. The choices you make will impact your life - positively or negatively, depending on the choice. Choose to live your life with no regrets from this day forward. You choose where to live and how to live. If you don't like any part of your life, choose to change it - and start today! Imagine reflecting on your past, from any point in your long, happy life, and having no regrets. How did you get here? Maybe it's too late for you to live a life of no regrets, but what about your future life? What would have to happen from this point going forward for you to live a life of no regrets? Regrets are a waste of time anyway, as you can't change the past. So, let go of the past and decide to choose to live your life with no regrets from this day forward. Living a life of no regrets doesn't mean perfection. It means that we choose to make decisions with a little more thought. When we look back on the choices we have

made, will we regret any of the choices? Is a successful and happy life with few or no regrets a choice....? Is success a choice or a chance collision of various uncontrollable factors? In studying self-improvement, we learn that we can't change others, nor can we single-handedly change the world. However, we do have the power to change our own lives. This is the single most important message in self-improvement. You do not have to settle for what you think is life's role for you. You are not doomed to live a life you are unhappy living. You are not enslaved to other people. Any and all of these self-limiting beliefs can be overcome. If what you are currently doing doesn't serve you, you can choose to change it right now. You can choose to start by taking 'baby' steps. Start by having a day without regrets. How about a business trip where you don't have any regrets? What would a vacation without regrets look like and feel like? What would have to happen to have an argument or 'touchy' conversation with your spouse or child without regrets? How would you have a conversation with a client you don't enjoy and not have any regrets? How would you communicate with employees who may not be working to your expectations and not have any regrets? Could you have a day of making everyday business decisions and personal choices without any regrets? What would a day without regrets look like and feel like? What would a week of no regrets look like and feel like? What would a month of no regrets look like and feel like? Invest in this program today and start life with no regrets tomorrow.
