The Shifting Foreign Policy of Venezuela Toward Guyana. Winston Felix,2015-08-07 It is approximately 128 years since diplomatic relations were severed between Venezuela and Great Britain over the border issue with Guyana. At the insistence of Venezuela, the United States considered the controversy as falling within the purview of the Monroe Doctrine. Consequently, the United States pressured Great Britain into making an Agreement with Venezuela in 1897. This Agreement averted a war between the two major powers. The parties agreed to submit the dispute to arbitration under the Treaty of Washington. Both sides agreed that the findings of the Arbitration Tribunal would be final. However, Venezuela has nullified the Award. The Geneva Agreement of 1966 was then signed. The Agreement was specifically designed to address the issue raised by Venezuela. However, the Agreement clearly stipulated that no new claim, or enlargement of an existing claim, to territorial sovereignty in those territories shall be asserted while this Agreement is in force.

Venezuela, vértigo y futuro Werner Corrales y Tanya Miquilena,2018 Tanya Miquilena y Werner Corrales publican el volumen que recoge el fruto de un trabajo de casi diez años, sobre cómo fijar las prioridades en las que basar la recomposición de la economía, la institucionalidad y la sociedad venezolanas. El producto se titula Venezuela, vértigo y futuro. El nuevo libro de la Editorial Dahbar, Venezuela, vértigo y futuro, tiene como responsables a Werner Corrales y Tanya Miquilena, pero sus ideas y propuestas integran los resultados de un esfuerzo que en realidad ha involucrado a miles de venezolanos, por casi diez años. Luego de que más de 1.300 personalidades firmaran el manifiesto "Es hora de cambiar", entre 2009 y 2017 un amplio grupo de expertos, políticos y ciudadanos de todas las tendencias sostuvieron una serie de más de 300 encuentros y de talleres para producir una Visión Compartida de País, que sirviera de plataforma para la reconstrucción de Venezuela una vez se inicie una transición a la democracia que nos conduzca a un futuro de libertad y progreso para todos. Esta Visión Compartida se produjo, en una primera etapa, con el trabajo en equipo de siete organizaciones, que se refinó en una segunda fase con el aporte de once equipos de expertos. Esto alimentó a una consulta

nacional, que encomendó la Asamblea Nacional, y ha nutrido desde 2013 la formación de jóvenes dirigentes en el diplomado en Liderazgo Social y Político de la Universidad Metropolitana, en Caracas. Todo este trabajo desembocó en siete consensos y tres estrategias de desarrollo que se explican detalladamente en este libro, luego de que los capítulos iniciales resumen un diagnóstico de la coyuntura venezolana y de sus causas históricas. Las tres estrategias van por la reorientación de prioridades, la reconstrucción institucional y la reconciliación, y los siete consensos u objetivos de desarrollo que esas estrategias persiguen son los siguientes: paz, no violencia y reconciliación con justicia; un pacto para el progreso de todos y la superación de la pobreza; construir una nueva economía de alta productividad; instituciones para la democracia y para la autonomía ciudadana; hábitat de calidad para todos, en armonía con el ambiente; conocimiento y educación relevantes, de calidad y accesibles para todos; y la superación del rentismo. Entre tantos libros que se han publicado en estos años para responder las preguntas de cómo llegamos aquí y cómo podemos salir de esto, Venezuela, vértigo y futuro destaca por su orden, su claridad, su puntería y su carácter consensual. No son pocos los observadores y protagonistas que tienen buenos argumentos para plantear un conjunto de medidas para que el país recupere su camino al desarrollo; pero en esta obra, esa visión no viene de una o dos personas muy calificadas, sino de miles. Así que es un libro que merece no solo leerse, sino compartirse, discutirse y resguardarse para cuando pueda ser útil.

Latin American Military and Politics in the Twenty-first Century Dirk Kruijt, Kees Koonings, 2022-07-22 This volume offers a comparative analysis of the role of the military in Latin America in domestic politics and governance after 2000. Divided into four parts covering the entirety of Latin America, the book argues that the Latin American military as semi-autonomous political actors have not faded away since 2000 and may even have been making a comeback in various countries. Each part outlines scenarios which effectively frame the various pathways taken to post-military democratic society. Part 1 critically examines textbook cases of political demilitarization in the Southern Cone, Peru, and Costa Rica. Part 2 contrasts the role of the military in the post-2000 politics of two regional powers: Brazil and Mexico. Part 3 examines the political role of the military facing 'violent pluralism' in Colombia and the Northern triangle of Central America. Finally, Part 4 identifies country cases in which the military have been instrumental in the rise, sustenance, and occasional demise of left wing revolutionary projects within Venezuela, Cuba, Nicaragua, and Bolivia. Latin American Military and Politics in the Twenty-First Century will be of interest to scholars, students and professionals in the fields of Latin American history, international relations, military studies and studies concerning democracy, political violence and revolution in Latin America elsewhere.

Tanatopolítica en Venezuela Roberto Briceño-León, 2022-01-27 En el año 2015 se iniciaron unos operativos policiales en Venezuela que el gobierno nacional afirmó estaban destinados a liberar al pueblo de la delincuencia. En el medio de la noche, grandes contingentes de funcionarios policiales y militares rodeaban las zonas pobres de las ciudades, derrumbaban

las puertas y sacaban a las familias de sus hogares para separarlas de los hombres, en su mayoría jóvenes. Al día siguiente, un alto funcionario informaba del éxito de la intervención policial y, orgulloso de sus logros, notificaba a la población que habían dado de baja a peligrosos delincuentes. Este libro reporta una investigación realizada por ocho universidades venezolanas para conocer las voces de las familias víctimas de la letalidad policial y la opinión de la población. Ofrece novedosos conceptos y teorías que permiten una mejor interpretación sociológica y política de la violencia del Estado en América Latina. Con sus análisis y testimonios, los autores buscan acercarnos al horror que padecieron esas familias y demostrar que no fueron eventos aislados, sino el resultado de una política de muerte —una tanatopolítica— de un Estado que, saliéndose del marco jurídico, propició su ocurrencia con el propósito de aterrorizar a la población. Que fueron sicariatos de Estado cometidos por homicianos.

Policing and Political Regime Transformation Stiven Tremaria, 2024-10-10 This book offers a comprehensive study on the dynamics of policing under contexts of political regime transformation in the interplay between democratization and de-democratization through a cross-case comparative analysis among Venezuela, Bosnia and Herzegovina and Ukraine. The central concern lies in working out the intertwining between politics and policing by examining the development trajectories of democratic police reforms under scenarios of democratic stagnation, backsliding and autocratic consolidation. In particular, this book analyzes those changes experienced by the police as an institution, their powers and the practices for policing society in the framework of the endeavors for politicization, militarization and informalization of policing. This analysis is addressed from a macro-level actor-based approach, which accounts for the decisive role of ruling political actors and senior police managers as critical players who influence the decisions and patterns of political regime transformation and policing. Therefore, this book offers a groundbreaking study of the interrelationship among contemporary processes of de-democratization and police counter-reform from an actor-based perspective.

Transnational Organized Crime and Drug Trafficking in the Second Decade of the 21st Century in The Dominican Republic, Suriname, Venezuela, French Guiana, Martinique and Guadeloupe. The Hegemony of the Mexican Transnational Trafficking Organizations Affirmed Pax Mexicana! Daurius Figueira , 2020-10-03 This work is an analysis of the power relations between Transnational Organized Crime (TOC) and the apex trafficking States of the Dominican Republic, Suriname, Venezuela, French Guiana, Martinique and Guadeloupe in the second decade of the 21st Century. This analysis focuses on the business models of TOC groups involved in these apex trafficking states of the Caribbean Basin, their trafficking methodology and the response of the State in their war on drugs to the operational presence of these TOC groups. What is apparent is the inability, the complicity and the unwillingness of the ruling elites and the agents of the State to grapple with the threat posed by TOC to these apex trafficking States. The war on drugs is then a lie, an instrument of power to effect social control in favour of the ruling oligarchs and a geopolitical instrument which

indicates your subservience to the USA and the rest of the North Atlantic. The war on drugs is then an instrument to effect white power/hegemony over the neo-colonial world, the South. In these States studied the reality of the North Atlantic's war on drugs being joined at the head with TOC, hence inseparable, is affirmed with evidence, for as you beget the war on drugs TOC exploits your geographic position to transship drugs to the North Atlantic, but you are unable to resist materially and at the level of the idea, given your state of economic and mental subservience arising from white supremacist colonial/neo-colonial imperial domination. Transnational Organized Crime then in these States have already or are aggressively moving to capture the State. The wages of embracing the white supremacist war on drugs is TOC exerting hegemony over our social order.

Elementos históricos, políticos y militares, para comprender las relaciones colombo-venezolanas (1999-2018)

Luis Jesús Suárez Castillo ,Martha Ardila,2022-01-11 Las relaciones colombo-venezolanas presentan una serie de dinámicas vinculadas con factores externos, internos y personales que han obstaculizado la construcción de confianza entre ambos países. Bien sean amenazas tradicionales u otras más recientes, relacionadas también con seguridad, pero más que todo con elementos ideológicos -en particular, el temor a la expansión de la revolución bolivariana- dificultan la relación. Una relación que se obstaculiza, también, por los vínculos tan estrechos de Colombia con Estados Unidos. El presente libro examina las relaciones colombo-venezolanas con especial énfasis en el cambio en la percepción militar colombiana frente a Venezuela. Para ello, se determinaron históricamente los principales hitos en el desarrollo político de las relaciones colombo-venezolanas desde 1941, cuando se definen los límites terrestres y de navegación fluvial entre los dos países; se identifican las diferencias y similitudes entre las Fuerzas Militares de Colombia y la Fuerza Armada Nacional Bolivariana, en el contexto binacional, y con las Fuerzas Armadas de Brasil y Chile; y se explica la metamorfosis de la amenaza a través de la construcción del liderazgo de Venezuela en la región. Las conclusiones señalan que la percepción de las Fuerzas Militares colombianas, frente a Venezuela, ha variado desde 1999. Lo anterior, como producto del cambio de enfoque, que era determinado por el diferendo limítrofe, hacia hechos políticos e ideológicos, articulados y afines a la naturaleza del conflicto interno, asociados a la revolución bolivariana Socialismo del Siglo XXI, iniciada con Hugo Chávez y continuada por Nicolás Maduro.

The Cry of Mother Earth Ecosocialist Horizons,2023-03-21 The Cry of Mother Earth: Plan of Action of the Ecosocialist International recognizes and records the history and the future of the world's first Ecosocialist International, a chorus of grief and praise for Mother Earth, and a planetary program of revolutionary action in defense of free life. It combines two historic documents, written in a collective process of loving exchange and hope, in a land that knows liberation, the Bolivarian Republic of Venezuela. The first is an invitation—an urgent summons to come together and draft a plan of action

for the salvation of ourselves and the planet. It is a wish—a seed. The second is the fruit of that seed written a year later, over the course of four days with the words of over 100 delegates from five continents. It is a compass and a cradle, a map and a manifesto, for a global revolution—a return to a way of life in unity with nature.

The Routledge Handbook of Civil-Military Relations Florina Cristiana Matei, Carolyn Halladay, Thomas C. Bruneau, 2021-11-01 This second edition of The Routledge Handbook of Civil-Military Relations offers a wide-ranging, internationally focused overview of the field of civil-military relations. The armed forces are central actors in most societies and are involved in many different roles. Amongst other activities, they engage in peace operations, support the police in fighting crime, support civilian authorities in dealing with natural disasters, and fight against terrorists and in internal conflicts. The existing literature on this subject is limited in its discussion of warfighting and thus does not do justice to the variety of roles. This second edition not only fills this important lacuna but offers an up-to-date comparative analysis and provides a conceptual framework to analyze how strategies can realistically be implemented. Amalgamating ideas from key thinkers in the field, the book is organized into three main thematic parts: Part I: Civil-Military Relations in Non-Democratic States and Illiberal Democracies; Part II: Civil-Military Relations in New Democracies; Part III: Civil-Military Relations in Established Democracies. This handbook will be essential reading for students and practitioners in the fields of civil-military relations, defense studies, war and conflict studies, international security, and IR in general.

Elementos históricos, políticos y militares para comprender las relaciones Colombo-Venezolana Luis Jesús Suárez Castillo, Martha Ardila, 2022-02-09 Las relaciones colombo-venezolanas presentan una serie de dinámicas vinculadas con factores externos, internos y personales que han obstaculizado la construcción de confianza entre ambos países. Bien sean amenazas tradicionales u otras más recientes, relacionadas también con seguridad pero más que todo con elementos ideológicos -en particular el temor a la expansión de la revolución bolivariana-, dificultan la relación. Una relación que también se torna tensa por los vínculos tan estrechos de Colombia con Estados Unidos. Cuando aspectos relacionados con la seguridad (amenazas tradicionales, crimen transnacional, ideología) resultan prioritarios, actores como las Fuerzas Militares adquieren un papel destacado. Por ello, en este libro se quiso analizar el cambio en la percepción de las Fuerzas Militares colombianas frente a Venezuela con la llegada de Hugo Chávez al poder en 1999. Pero para esto, se consideró necesario partir previamente de los principales antecedentes de las relaciones y su incidencia hasta el 2018 cuando en Colombia fue

elegido el presidente Iván Duque. Es decir, el marco temporal abarca 1999-2018. En este sentido, se analiza el cambio que se ha producido en la percepción que las Fuerzas Militares colombianas tienen frente a Venezuela. Las Fuerzas Militares colombianas presentan rasgos similares con otras sudamericanas como la brasileña, chilena y venezolana, aunque esta última refleja una serie de variaciones que indican una estrecha interacción político-militar orientada a liderar acciones de expansión y liderazgo del proyecto bolivariano. Históricamente, las Fuerzas Militares de Colombia (FF.MM.) se han constituido en actores relevantes dentro del proceso de construcción del país, pasando de cortos períodos de paz a prolongados estados de guerra y conflictos. Lo anterior se pone de manifiesto en el conflicto interno que superó cinco décadas, así como en la rivalidad con Venezuela, desde la disolución de la Gran Colombia en 1830.

Giro a la derecha. Un nuevo ciclo político en América Latina Mario Torrico,2022-02-25 A finales de 2016, en la prensa y en la academia, se comenzó a hablar del fin del ciclo político en el que candidatos críticos con las políticas de mercado aplicadas en los años noventa del siglo xx lograron acceder a la Presidencia de la mayoría de los países latinoamericanos. Solo en Colombia, Honduras y República Dominicana la izquierda no llegó al poder por la vía electoral. México se sumó a ese proceso tardíamente, en 2018, y fue el último de los países de América Latina. Posteriormente, la tendencia hacia la derecha se ha ido consolidando y, a mediados de 2021, más de la mitad de los presidentes de la región pertenecen a ese ámbito ideológico. De aquí que surjan las siguientes interrogantes: ¿los gobiernos de derecha emprenderán políticas de concentración de la riqueza?, ¿sus decisiones pondrán en peligro a la democracia?, ¿qué efectos tendrá la pandemia de la covid-19? En este libro se plantean estas preguntas con base en el análisis de diversas fuentes de información.
