Images of Women in Hispanic Culture Teresa Fernandez Ulloa,2016-08-17 This book studies the ways traditional polarized images of women have been used and challenged in the Hispanic world, especially during the 20th century and the beginning of the 21st century by writers and the media, but also in earlier time periods. The chapters analyze the image of women in specific political periods such as Francoism or the Kirchners' administration, stereotypes of women in films in Mexico and Chile, and the representation of women in textbooks, among other topics. Contributions also show how two women writers, in the 17th and the 19th centuries, viewed the role of women in their society.

Biología 1 Cuaderno de Ejercicios Sánchez Parra, Juan Manuel,2018-06-15 Biología 1 Cuaderno de ejercicios cubre totalmente ejes, temas y aprendizajes esperados del programa de estudio; que permite a los alumnos afianzar los conocimientos dentro de la biología y utilizarlos como un referente para solucionar problemáticas del mundo natural y social. El cuaderno se divide en ocho temas, organizados en fichas de trabajo para alcanzar los aprendizajes esperados. La entrada del tema presenta el eje, el tema y el aprendizaje esperado; un título y una breve introducción que explica la importancia del tema con la vida cotidiana, y preguntas detonantes para despertar el interés del alumno.
