Billboard , 1995-05-27 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Ever After Barry Singer, 2004-01-01 A detailed show-by-show history of the last quarter century in American musical theater that attempts to explain how the storied Broadway tradition went so very wrong in many cases.

The Good, the Bad and the Wurst Geoff Tibballs, 2016-04-14 Sixty extraordinary years of Eurovision, from Céline Dion to Dustin the Turkey, from Abba to Conchita Wurst - the drag acts, the bad acts and all the nul points heroes. For 60 years the Eurovision Song Contest has existed in a parallel universe where a song about the construction of a hydro-electric power station is considered cutting-edge pop, where half a dozen warbling Russian grandmothers are considered Saturday night entertainment, where a tune repeating the word 'la' 138 times is considered a winner, and where Australia is considered part of Europe. During those sixty years we have witnessed scandals: in 1957, Denmark's Birthe Wilke and Gustav Winckler enjoyed an outrageously long 13-second kiss because the stage manager forgot to say 'cut' during the live broadcast. We have witnessed national outrage: the 1976 Greek entry was a savage indictment of Turkish foreign policy in Cyprus. But most have all we have witnessed silly costumes, terrible lyrics and performers as diverse as Celine Dion and Dustin the Turkey. This book chronicles the 100 craziest moments in the history of Eurovision - the drag acts, the bad acts, the nul points heroes and the night in Luxembourg when the floor manager warned the audience not to stand up while they applauded because they might be shot by security forces. It captures some of the magic from this yearly event that continues to beguile and bemuse in equal measure.

Postwar Europe and the Eurovision Song Contest Dean Vuletic, 2018-01-25 Postwar Europe and the Eurovision Song Contest examines how the Eurovision Song Contest has reflected and become intertwined with the history of postwar Europe

from a political perspective. Established in 1956, the Eurovision Song Contest is the world's largest popular music event and one of the most popular television programmes in Europe, currently attracting a global audience of around 200 million people. Eurovision is often mocked as cultural kitsch because of its over-the-top performances and frivolous song lyrics. Yet there is no cultural medium that connects Europeans more than popular music, the development of which has always been tied to cultural, economic, political, social and technological change - making Eurovision the ideal tool to explain the history of Europe in the last sixty years. This book uses Eurovision as a vehicle to address topics ranging from the Cold War, liberal democracy and communism to nationalism, European integration, economic prosperity and human rights. It analyses these subjects through their cultural, political and social relationships with Eurovision entries as expressed through lyrics and music, as well as by examining public debates that have accompanied the selection of the entries and the organisation of the contest itself. Postwar Europe and the Eurovision Song Contest also considers how states have used Eurovision to define their identities in a European context, be it to assert their national distinctiveness, highlight political issues or affirm their Europeanism or Euroscepticism in the context of European integration. Based on original sources, including hitherto unpublished archival documents from international broadcasting organisations, this is a novel historical study of interest to anyone keen to know more about the postwar history of Europe and its cultural history in particular.

The A to Z of the Broadway Musical William A. Everett, Paul R. Laird, 2009-09-17 The Broadway musical has greatly influenced American (and world) culture. Such shows as *Oklahoma!* and *Annie Get Your Gun* are as American as apple pie, while the long runs of imports like *Cats*, *The Phantom of the Opera*, and *Les Misérables* have broken records. Broadway has produced such cultural icons as Ethel Merman, Yul Brynner, and Julie Andrews, and composers and lyricists such as Irving Berlin, George Gershwin, Cole Porter, Richard Rodgers, Oscar Hammerstein, Leonard Bernstein, Stephen Sondheim, Andrew Lloyd Webber, and many others have had their melodies sung on its stages. Visionaries like George Abbott, Agnes de Mille, Jerome Robbins, Bob Fosse, Tommy Tune, and Susan Stroman have brought productions to life through their innovative direction and choreography. Since the latter part of the 19th century, the Broadway musical has remained one of the most popular genres in entertainment and its history is related in detail in *The A to Z of the Broadway Musical*. Through a chronology, an introductory essay, a bibliography, and 900 dictionary entries on Broadway shows, playwrights, directors, producers, designers, and actors, this handy desk reference offers quick information on the many aspects of the Broadway musical.

Smash Hits James E. Perone, 2016-10-17 We are what we listen to. That's the premise of this study of 100 songs that have shaped and defined the American experience, from the Colonial period to the present. Well-known music author James Perone looks at 100 songs that helped tell America's story. He examines why each song became a hit, what cultural and social values it embodies, what issues it touches upon, what audiences it attracted, and what made it such a definitive part of

American history and popular culture. The chart-topping singles presented here crossed gender, age, race, and class lines to appeal to the mass American audience. The book discusses patriotic songs, minstrel music, and sacred songs and hymns as well as music in the broad categories of pop, rock, hip hop, jazz, country, and folk. An introduction provides an overview of the history and significant issues raised by the songs as a whole. Individual songs are then presented chronologically, based on when they were written. The revealing commentary for each hit is not only interesting and fun, but reveals what it was like to live in the United States at a particular time by unveiling the social, economic, and political issues—as well as the musical tastes—that made life what it was.

The Atlantic Monthly ,1907

Musical Style and Social Meaning Derek B. Scott,2017-07-05 Why do we feel justified in using adjectives such as romantic, erotic, heroic, melancholic, and a hundred others when speaking about music? How do we locate these meanings within particular musical styles? These are questions that have occupied Derek Scott's thoughts and driven his critical musicological research for many years. In this selection of essays, dating from 1995-2010, he returns time and again to examining how conventions of representation arise and how they become established. Among the themes of the collection are social class, ideology, national identity, imperialism, Orientalism, race, the sacred and profane, modernity and postmodernity, and the vexed relationship of art and entertainment. A wide variety of musical styles is discussed, ranging from jazz and popular song to the symphonic repertoire and opera.

Billboard ,1995-08-26 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Historical Dictionary of the Broadway Musical William A. Everett,Paul R. Laird,2008 Since the late 19th century, the genre has remained one of the most popular in entertainment, and its history is related in detail in this Historical Dictionary of the Broadway Musical. Through a chronology, an introductory essay, a bibliography, and nearly 1,000 dictionary entries on

Broadway shows, playwrights, directors, producers, designers, and actors, this reference provides a wealth of information.--
