Code Noir Canisia Lubrin,2025-02-04 Winner of the Carol Shields Prize for Fiction “Code Noir is storytelling at its deepest and most intimate. These stories are magic and you must enter them as if you, too, are wondrous.” —Dionne Brand, author of *Nomenclature, Theory, and Map to the Door of No Return* Canisia Lubrin's debut fiction is that rare work of art—a brilliant, startlingly original book that combines immense literary and political force. Its structure, deceptively simple, is based on the infamous Code Noir, a set of real historical decrees originally passed in 1685 by King Louis XIV of France defining the conditions of slavery in the French colonial empire. The original code had fifty-nine articles; Code Noir has fifty-nine linked fictions—vivid, unforgettable, multilayered fragments filled with globe-wise characters who desire to live beyond the ruins of the past. Accompanied by black-and-white drawings—one at the start of each fiction—by acclaimed visual artist Torkwase Dyson, and with a foreword by Christina Sharpe, Code Noir ranges in style from contemporary realism to dystopian literature, from futuristic fantasy to historical fiction. This inventive, shape-shifting braid of narratives exists far beyond the boundaries of an official decree.

Jazz Exposé Howard E. Fischer,2004 Have you ever heard of the New York Jazz Museum? Most people have not. Yet between 1972 and 1977 it was the most significant institution for jazz in the world. This book looks back to present the story of a Lost Museum. It was situated in its own two-story building in mid-town Manhattan and had a small staff, an archive that eventually numbered about 25,000 items and extensive programs in New York City and beyond. Some of the programs won awards and most of them were received with widespread acclaim in the media and from jazz fans.

Film Quotations Robert A. Nowlan, Gwendolyn W. Nowlan,2016-04-30 Certain lines define a movie. Marlene Dietrich in *Morocco*: “Anyone who has faith in me is a sucker.” Too, there are lines that fit actor and character. Mae West in *I’m No Angel*: “I’m very quick in a slow way.” Jane Fonda in *California Suite*: “Fit? You think I look fit? What an awful shit you are. I

look gorgeous.” From the classics to the grade-B slasher movies, over 11,000 quotes are arranged by over 900 subjects, like accidents, double entendres, eyes (and other body parts!), ice cream, luggage, parasites, and ugliness. Each quote gives the movie title, production company, year of release, speaker of the line, and, when appropriate, a comment putting the quote in context.

Liberia, South Carolina John M. Coggeshall, 2018-04-10 In 2007, while researching mountain culture in upstate South Carolina, anthropologist John M. Coggeshall stumbled upon the small community of Liberia in the Blue Ridge foothills. There he met Mable Owens Clarke and her family, the remaining members of a small African American community still living on land obtained immediately after the Civil War. This intimate history tells the story of five generations of the Owens family and their friends and neighbors, chronicling their struggles through slavery, Reconstruction, the Jim Crow era, and the desegregation of the state. Through hours of interviews with Mable and her relatives, as well as friends and neighbors, Coggeshall presents an ethnographic history that allows members of a largely ignored community to speak and record their own history for the first time. This story sheds new light on the African American experience in Appalachia, and in it Coggeshall documents the community’s 150-year history of resistance to white oppression, while offering a new way to understand the symbolic relationship between residents and the land they occupy, tying together family, memory, and narratives to explain this connection.

A Splendid Intelligence: The Life of Elizabeth Hardwick Cathy Curtis, 2021-11-16 The first biography of the extraordinary essayist, critic, and short story writer Elizabeth Hardwick, author of the semiautobiographical novel *Sleepless Nights*. Born in Kentucky, Elizabeth Hardwick left for New York City on a Greyhound bus in 1939 and quickly made a name for herself as a formidable member of the intellectual elite. Her eventful life included stretches of dire poverty, romantic escapades, and dustups with authors she eviscerated in *The New York Review of Books*, of which she was a cofounder. She formed lasting friendships with literary notables—including Mary McCarthy, Adrienne Rich, and Susan Sontag—who appreciated her sharp wit and relish for gossip, progressive politics, and great literature. Hardwick’s life and writing were shaped by a turbulent marriage to the poet Robert Lowell, whom she adored, standing by faithfully through his episodes of bipolar illness. Lowell’s decision to publish excerpts from her private letters in *The Dolphin* greatly distressed Hardwick and ignited a major literary controversy. Hardwick emerged from the scandal with the clarity and wisdom that illuminate her brilliant work—most notably *Sleepless Nights*, a daring, lyrical, and keenly perceptive collage of reflections and glimpses of people encountered as they stumble through lives of deprivation or privilege. *A Splendid Intelligence* finally gives Hardwick her due as one of the great postwar cultural critics. Ranging over a broad territory—from the depiction of women in classic novels to the civil rights movement, from theater in New York to life in Brazil, Kentucky, and Maine—Hardwick’s essays remain strikingly original, fiercely opinionated, and exquisitely wrought. In this lively and illuminating biography, Cathy

Curtis offers an intimate portrait of an exceptional woman who vigorously forged her own identity on and off the page.

Popular Music Simon Frith, 2004 Popular music studies is a rapidly expanding field with changing emphases and agendas. The music industry has changed in recent years, as has governmental involvement in popular music schemes as part of the culture industry. The distinction between the major record labels and the outsider independents has become blurred over time. Popular music, as part of this umbrella of the culture industry, has been progressively globalized and globalizing. The tensions within popular music are now no longer between national cultural identity and popular music, but between the local and the global. This four volume collection examines the changing status of popular music against this background. Simon Frith examines the heritage of popular music, and how technology has changed not only the production but the reception of this brand of sound. The collection examines how the traditional genres of rock, pop and soul have broken down and what has replaced them, as well as showing how this proliferation of musical styles has also splintered the audience of popular music.

The Muriel Rukeyser Era Muriel Rukeyser, 2023-11-15 Cowinner of the MLA Prize for Bibliographical or Archival Scholarship The Muriel Rukeyser Era makes available for the first time a range of Muriel Rukeyser's prose, a rich and diverse archive of political, social, and aesthetic writings. Eric Keenaghan and Rowena Kennedy-Epstein assemble a selection of unpublished and out-of-print texts, demonstrating the diversity, brilliance, and possibilities of mid-twentieth-century women's intellectual life and sociopolitical engagement. Although primarily known as a poet, Rukeyser produced an expansive and influential body of nonfiction and critical writings. Reflective of a deeply committed thinker, her accessible but philosophically complex prose—including essays, lectures, radio scripts, stories, and reviews—addresses issues related to racial, gender, and class justice, war and war crimes; the prison-industrial complex, Jewish culture and diaspora, motherhood, literature, music, cinema, and translation. Many of the selected texts have been forgotten, have fallen out of print, or were never previously published because of conservative Cold War political and gender orthodoxies. The Muriel Rukeyser Era offers new insight into Rukeyser's radical and strikingly contemporary vision for the role of the writer—especially the woman writer. This selection reveals the centrality of feminism, antifascism, and antiracism to her thinking and thus affirms the resonance and urgency of her work today.

Johnny Mercer Glenn T. Eskew, 2013-11-15 John Herndon “Johnny” Mercer (1909–76) remained in the forefront of American popular music from the 1930s through the 1960s, writing over a thousand songs, collaborating with all the great popular composers and jazz musicians of his day, working in Hollywood and on Broadway, and as cofounder of Capitol Records, helping to promote the careers of Nat “King” Cole, Margaret Whiting, Peggy Lee, and many other singers. Mercer’s songs—sung by Bing Crosby, Billie Holiday, Judy Garland, Frank Sinatra, Ella Fitzgerald, Tony Bennett, Lena Horne, and scores of other performers—are canonical parts of the great American songbook. Four of his songs received Academy

Awards: “Moon River,” “Days of Wine and Roses,” “On the Atchison, Topeka, and the Santa Fe,” and “In the Cool, Cool, Cool of the Evening.” Mercer standards such as “Hooray for Hollywood” and “You Must Have Been a Beautiful Baby” remain in the popular imagination. Exhaustively researched, Glenn T. Eskew’s biography improves upon earlier popular treatments of the Savannah, Georgia-born songwriter to produce a sophisticated, insightful, evenhanded examination of one of America’s most popular and successful chart-toppers. Johnny Mercer: Southern Songwriter for the World provides a compelling chronological narrative that places Mercer within a larger framework of diaspora entertainers who spread a southern multiracial culture across the nation and around the world. Eskew contends that Mercer and much of his music remained rooted in his native South, being deeply influenced by the folk music of coastal Georgia and the blues and jazz recordings made by black and white musicians. At Capitol Records, Mercer helped redirect American popular music by commodifying these formerly distinctive regional sounds into popular music. When rock ‘n’ roll diminished opportunities at home, Mercer looked abroad, collaborating with international composers to create transnational songs. At heart, Eskew says, Mercer was a jazz musician rather than a Tin Pan Alley lyricist, and the interpenetration of jazz and popular song that he created expressed elements of his southern heritage that made his work distinctive and consistently kept his music before an approving audience.

In the Know Nancy MacDonell, 2007-10-30 There are still a few things money can’t buy. Love is one, cool is another. But while love can be left to fate, cool doesn’t need to be. Though it may seem like something you’re born with, cool is actually a code, and you’re holding the key to the code in your hands. It’s all a matter of getting the right facts straight: Why is Jackson

Pollock important? What handbag will get you upgraded at the airport? Who is Jacques Derrida and why does he matter? Covering everything from fashion and design to art and philosophy—all in entertaining, fact-filled bites—Nancy MacDonell has assembled the ultimate cheat sheet. *In the Know* is nothing less than a one-volume guide to navigating life with style and flair.

Risible Delia Casadei, 2024-02-06 A free ebook version of this title is available through Luminos, University of California Press's Open Access publishing program. Visit www.luminosoa.org to learn more. *Risible* explores the forgotten history of laughter, from ancient Greece to the sitcom stages of Hollywood. Delia Casadei approaches laughter not as a phenomenon that can be accounted for by studies of humor and theories of comedy but rather as a technique of the human body, knowable by its repetitive, clipped, and proliferating sound and its enduring links to the capacity for language and reproduction. This buried genealogy of laughter re-emerges with explosive force thanks to the binding of laughter to sound reproduction technology in the late nineteenth century. Analyzing case studies ranging from the early global market for phonographic laughing songs to the McCarthy-era rise of prerecorded laugh tracks, Casadei convincingly demonstrates how laughter was central to the twentieth century's development of the very category of sound as not-quite-human, unintelligible, reproductive, reproducible, and contagious.
