In Search of A Better World Payam Akhavan, 2017-09-09 A work of memoir, history, and a call to action, the CBC Massey Lectures by internationally renowned UN prosecutor and scholar Payam Akhavan is a powerful and essential work on the major human rights struggles of our times. Renowned UN prosecutor and human rights scholar Payam Akhavan has encountered the grim realities of contemporary genocide throughout his life and career. He argues that deceptive utopias, political cynicism, and public apathy have given rise to major human rights abuses: from the religious persecution of Iranian Bahá'ís that shaped his personal life, to the horrors of ethnic cleansing in Yugoslavia, the genocide in Rwanda, and the rise of contemporary phenomena such as the Islamic State. But he also reflects on the inspiring resilience of the human spirit and the reality of our inextricable interdependence to liberate us, whether from hateful ideologies that deny the humanity of others or an empty consumerist culture that worships greed and self-indulgence. A timely, essential, and passionate work of memoir and history, *In Search of a Better World* is a tour de force by an internationally renowned human rights lawyer.

Becoming Christian Nancy L. Kuehl, 2014-10-06 The evolution of Christianity as it is known today began in Antioch, but as *Becoming Christian* reveals, it had once been quite different. While most histories gloss over the earliest period of Christianity to begin with the Christian establishment, this book uncovers the little-known history within the gap between 31 and 70 CE, when the Jesus Movement was headquartered in Jerusalem under the authority of James bar Joseph, the brother of Jesus, and the apostles served as missionaries carrying the teachings of Jesus throughout Judea, Galilee, and Samaria. By the year 66 CE, James and most of the apostles had died, along with much of their teaching. Paul's spiritual Jesus had gained a foothold among Gentiles in Antioch and throughout the West, including Rome, where it finally blossomed into a powerful political hierarchy. No longer was Jesus' humanity important to the church. With the death of James, the original movement fell into disarray and split into factions, each developing its own doctrines. Thus, there arose numerous Christianities during the first two centuries, many of which had become heretical. The Jesus Movement had now become irrelevant to the church, and as *Becoming Christian* reveals, by the third century it would be publicly eradicated for all time.

The Price of Fire Benjamin Dangl, 2010-09 New social movements have emerged in Bolivia over the "price of fire" - access to basic elements of survival like water, gas, land, coca, employment, and other resources. Though these movements helped pave the way to the presidency for indigenous coca-grower Evo Morales in 2005, they have made it clear that their fight for self-determination doesn't end at the ballot box. From the first moments of Spanish colonization to today's headlines, The Price of Fire offers a gripping account of clashes in Bolivia between corporate and people's power, contextualizing them regionally, culturally, and historically.

Religious Allusion in the Poetry of Gwendolyn Brooks Margot Harper Banks, 2012-08-07 This book examines how Gwendolyn Brooks, a self-proclaimed nonreligious person, advocates adherence to Christian ideals through religious allusions in her poetry. The discussion integrates Brooks' words, biographical data, commentary by other scholars, scriptural references, and doctrinal tenets. It identifies biblical figures and events and highlights Brooks' effective use of the sermon genre, and her express parallels between Christianity and Democracy. The work opens with a biographical chapter and Brooks' comments on religion, followed by analyses of her long poems, and more than thirty of her short ones. An illuminating interview with Nora Brooks Blakely about Brooks' religious background and philosophy is included.

The Nazi Rocketeers Dennis Piskiewicz, 2007 Explores the development of the V-2 rocket. A sobering testimony to the consequences of corrupted genius.

The Hamlet Fire Bryant Simon, 2020-07-23 For decades, the small, quiet town of Hamlet, North Carolina, thrived thanks to the railroad. But by the 1970s, it had become a postindustrial backwater, a magnet for businesses in search of cheap labor and almost no oversight. Imperial Food Products was one of those businesses. The company set up shop in Hamlet in the 1980s. Workers who complained about low pay and hazardous working conditions at the plant were silenced or fired. But jobs were scarce in town, so workers kept coming back, and the company continued to operate with impunity. Then, on the morning of September 3, 1991, the never-inspected chicken-processing plant a stone's throw from Hamlet's city hall burst into flames. Twenty-five people perished that day behind the plant's locked and bolted doors. It remains one of the deadliest

accidents ever in the history of the modern American food industry. Eighty years after the Triangle Shirtwaist Fire, industrial disasters were supposed to have been a thing of the past in the United States. However, as award-winning historian Bryant Simon shows, the pursuit of cheap food merged with economic decline in small towns across the South and the nation to devalue laborers and create perilous working conditions. The Hamlet fire and its aftermath reveal the social costs of antiunionism, lax regulations, and ongoing racial discrimination. Using oral histories, contemporary news coverage, and state records, Simon has constructed a vivid, potent, and disturbing social autopsy of this town, this factory, and this time that exposes how cheap labor, cheap government, and cheap food came together in a way that was destined to result in tragedy.

Goin' Back to Memphis James Dickerson, 1996 Written by a practicing musician, *Goin' Back to Memphis* is the first comprehensive history of Memphis musicmaking as it developed over the past 100 years, told in the words of the performers, record producers, and composers themselves. 75 photos.

The Fortune-Telling Book Raymond Buckland, 2003-08-01 A look at Fortune Telling and Divination from the author of Buckland's Complete Book of Witchcraft Best-selling Wiccan seer and gypsy mystic Raymond Buckland focused his attention on the intuitive art of prognostication in this tome. A master of his art, the late Buckland designed fortune-telling decks, read cards, and did other types of fortune telling for over fifty years. A comprehensive A-to-Z exploration of all that peers into tomorrow, *The Fortune-Telling Book: The Encyclopedia of Divination and Soothsaying* divines the meanings of 400 key topics relating to this oft-misunderstood, oft-consulted-upon science. Written in clear, concise language, it discusses everything from aeromancy (seeing by observing atmospheric phenomena) to zoomancy (divination by the appearance or behavior of animals) and the 398 others in between. This fascinating encyclopedia is illustrated with 100 pictures and includes a detailed index and additional reading recommendations. Packed with colorful histories, people, and significant events, *The Fortune-Telling Book* shows readers how to foretell their own fates. It's sure to please fortune-telling enthusiasts, whatever their powers.

Ironies Leaders Navigate, Second Edition Schuyler Totman, 2018-04-26 [EPI] . . . just as one cannot not communicate, you do not have the option of not using power. [/EPI] For every definition of leadership, you can find a definition of power that makes the same statement. Hence, every act of leadership is an act of power, and the better we understand power, the better we understand leadership. And we misunderstand power, scholars lament, in part by under-understanding power. We equate it merely with coercion and competition, but miss how power dynamics define leadership, education, coaching, teamwork, parenting, etc. Here is a brief, contextual, synergistic, occasionally ironic study of power, which provides numerous lenses through which to examine leadership settings, including how they differ. This study (in specific, framed pages) ultimately focuses on a unique leadership setting--the local church. It ponders distinct challenges faced by church leaders, and by The Church's Leader, Jesus Christ.

The Obituary Collector Gordon Bonnet, 2020-07-22 Malice and brilliance make a deadly combination. Dignified, silver-haired Parsifal Snowe is an enigma even to his closest associates. He has an air of omniscience, tempered by a courteous, self-effacing demeanor. How did such a man end up the leader of a motley crew of psychic detectives? The Obituary Collector takes us back to 2006 and the founding of Snowe Agency. Mr. Snowe is asked for help in a series of deaths in a psychiatric hospital, where each is preceded by a note containing clues in the form of literary quotes. Very quickly he sees that the killings are the work of a highly intelligent—but profoundly disturbed—mind. Is it one of the psychiatric patients? One would think so, but the hospital's staff all seem to have secrets and skeletons of their own, as well. When a fourth note is found, Mr. Snowe realizes the murders aren't over yet... and he has no hope of solving the case alone. Racing against time, he enlists the aide of a trio of local psychics—Bethany Hale, Callista Lee, and Troy Seligman—and the administrative skills of the ultra-competent but eccentric Arabella Leidenfrost. Each is a talent in and of themselves, but together their complimentary abilities make them a formidable team. But will it be enough to stop a killer determined to destroy the patients and staff of Riverside Psychiatric Hospital?

Roadmap to Resilience Donald Meichenbaum, 2012-01-01 For the military veteran or anyone who has experienced a traumatic event, returning to normal living can be a challenge. Be that as it may, even after events such as natural disasters, accidents, or one of intentional human design (e.g. combat, a terrorist attack, a sexual assault, etc.), approximately 70 to 80 percent of individuals who are impacted adjust successfully. These individuals demonstrate resilience, and in some instances, even post-traumatic growth. But the remaining percentage will evidence lingering clinical disorders and adjustment problems, such as PTSD, anxiety, depressive, and substance abuse disorders that can result in suicidal acts, aggressive behavior, and divorce. Roadmap to Resilience includes over 100 ways to develop individual and family resilience—bolstering action plans to help those experiencing adjustment problems. In addition, it includes numerous narrative examples of successful coping from resilient individuals, self-improvement activities, and a comprehensive source guide designed to help the reader locate the exact information they need to address their situation. This guidebook highlights ways that returning service members can successfully reintegrate into civilian life and how other trauma victims can cope with loss. Clinicians will find it an invaluable resource for translating evidence-based interventions into specific guidelines for their clients.

Qurán Syed Zahoor Ahmad, 2015-11-30 The Mujahidin, (Al-Qaeda & Taliban) yesteryears darlings who conferred a momentous favor on the United States and the West, are today's terrorists (which now includes ISIS fighters.) Is this volte-face a baptism of the remaking of the world order in the image of the West? Is the West provoking a clash of civilizations between the Christian and Islamic civilizations with the Christian churches in tandem, a crusade launched by President Bush,

a born-again Christian sent by God on a special mission? In this ambience of conflict the Biblical quote Whoever is not with us is against us gains currency as the battle cry? On the Muslim front and in response, Wahabism, a fundamentalist creed that has strayed from the straight path of Islam, is rapidly gaining strength and is operating under different names. Wahabism provides the ideological support to them. They are the ones who are gearing themselves up to take on the world. We are aware of their capability. Their activities also portend disaster for mankind. In this confrontational atmosphere the writer seeks guidance from the Qurn, a Book of guidance for mankind. Out of the myriad aspects, sixteen aspects of relevance to the problems humanity is currently facing are chosen. In the process the author explodes the myths wound around ISRA, the night journey of the Prophet of Islam, Gabriel, heaven and hell, the Day of Judgment, mans final destiny etc. The Qurnic observations, injunctions, exhortations, etc. relating to (1) Qurn (2) Divine (3) Muhammad (P.B.U.H) (4) Ilm (Knowledge) (5) Other Faiths (6) Social Justice (7) Women (8) Jihad (9) Terrorism (10) Justice (11) History (12) Economics (13) Genesis and Evolution of Man (14) Environment (15) Creation of the Universes and (16) Freewill and Determinism are the aspects brought out in this book. To understand an important facet of todays geo-political reality and Islams guidance to mankind in these turbulent times, read this enlightening book.

Management Insights from Motivational Slokas Karanam Nagaraja Rao, Bharathi Devarakonda, In India, the Sanskrit literature is an abundant ocean of knowledge and the more we explore, the more we get. In this book, there are around 108 selected slokas, many of which are from Bhartruhari Niti Sataka, Vidura Niti, Kautilya's Arthasastra, Maha Bharatha, Pancatantra and few others. These slokas are basically for the rulers of the kingdoms and are also known as subhashitas (literal meaning is good words of advice). In olden days these Subhashitas were viewed with great respect. Kautilya opined that Subhashita is on par with other basic requirements like water and food. There are many books in English giving the literary meaning of these subhashitas / slokas. But, in this book, an attempt is made to interpret them from leadership and managerial perspectives. And again for the question, why from ancient wisdom, it is felt that people who want happiness in life are increasingly looking towards spirituality as an alternative to materialistic culture. They need some 'spiritual hooks' or 'skyhooks' to cling upon to justify their decisions. The slokas provide the ground on which spiritual thoughts can propel and proliferate. For those who cannot read Devanagari script, an English version of the sloka in I-Trance format is provided. This book is highly useful for practicing managers, leadership coaches, mentors and the CEOs. Though the title of the book refers managerial insights, the book includes psychological, sociological, and human centric perspectives of the business environment.

The Post-apostolic Age Lucius Waterman, 1898

We Had Fun and Nobody Died Amy T. Waldman, 2024-05-24 The entertaining and inspiring story of a stubbornly independent promoter and club owner This irreverent biography provides a rare window into the music industry from a

promoter's perspective. From a young age, Peter Jest was determined to make a career in live music, and despite naysayers and obstacles, he did just that, bringing national acts to his college campus at UW-Milwaukee, booking thousands of concerts across Wisconsin and the Midwest, and opening Shank Hall, the beloved Milwaukee venue named after a club in the cult film *This Is Spinal Tap*. This funny, nostalgia-inducing book details the lasting friendships Jest established over the years with John Prine, Arlo Guthrie, and Milwaukee's own Violent Femmes, among others. It also shines a light into the seldom-seen world of music promotion, as Jest attempts to manage a turbulent band on the road, negotiates with agents, deals with fires (both real and metaphorical), struggles through a pandemic, and takes pleasure in presenting music of all kinds—from world-famous acts to up-and-coming local bands. In addition to photos of celebrated musicians, the book includes concert posters, tickets, and backstage passes documenting decades of rock, folk, and alternative shows that helped put Milwaukee on the live music map. As the music industry has become dominated by profit-driven corporations, *We Had Fun and Nobody Died* chronicles the career of a one-of-a-kind independent promoter whose hardheadedness and love of music have helped him keep it real and make it in the music business for more than forty years.
