**The Strange and Beautiful Sorrows of Ava Lavender** Leslye Walton,2014-03-25 A 2015 William C. Morris YA Debut Award Finalist Magical realism, lyrical prose, and the pain and passion of human love haunt this hypnotic generational saga. Foolish love appears to be the Roux family birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava — in all other ways a normal girl — is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava's quest and her family's saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human.

Magical Realism and Literature Christopher Warnes,Kim Anderson Sasser,2020-11-12 Magical realism can lay claim to being one of most recognizable genres of prose writing. It mingles the probable and improbable, the real and the fantastic, and it provided the late-twentieth century novel with an infusion of creative energy in Latin America, Africa, Asia, and beyond. Writers such as Alejo Carpentier, Gabriel García Márquez, Isabel Allende, Salman Rushdie, Ben Okri, and many others harnessed the resources of narrative realism to the representation of folklore, belief, and fantasy. This book sheds new

light on magical realism, exploring in detail its global origins and development. It offers new perspectives of the history of the ideas behind this literary tradition, including magic, realism, otherness, primitivism, ethnography, indigeneity, and space and time.

**Engaging with Multicultural YA Literature in the Secondary Classroom** Ricki Ginsberg, Wendy J. Glenn, 2019-03-13 With a focus on fostering democratic, equitable education for young people, Ginsberg and Glenn's engaging text showcases a wide variety of innovative, critical classroom approaches that extend beyond traditional literary theories commonly used in K-12 and higher education classrooms and provides opportunities to explore young adult (YA) texts in new and essential ways. The chapters pair YA texts with critical practices and perspectives for culturally affirming and sustaining teaching and include resources, suggested titles, and classroom strategies. Following a consistent structure, each chapter provides foundational background on a key critical approach, applies the approach to a focal YA text, and connects the approach to classroom strategies designed to encourage students to think deeply and critically about texts, themselves, and the world. Offering a wealth of innovative pedagogical tools, this comprehensive volume offers opportunities for students and their teachers to explore key and emerging topics, including culture, (dis)ability, ethnicity, gender, immigration, race, sexual orientation, and social class.

**The Palgrave Handbook of Magical Realism in the Twenty-First Century** Richard Perez,Victoria A.

Chevalier,2020-04-30 The Palgrave Handbook of Magical Realism in the Twenty-First Century examines magical realism in literatures from around the globe. Featuring twenty-seven essays written by leading scholars, this anthology argues that literary expressions of magical realism proliferate globally in the twenty-first century due to travel and migrations, the shrinking of time and space, and the growing encroachment of human life on nature. In this global context, magical realism addresses twenty-first-century politics, aesthetics, identity, and social/national formations where contact between and within cultures has exponentially increased, altering how communities and nations imagine themselves. This text assembles a group of critics throughout the world—the Americas, Europe, Africa, Asia, the Middle East, and Australia—who employ multiple theoretical approaches to examine the different ways magical realism in literature has transitioned to a global practice; thus, signaling a new stage in the history and development of the genre.

**The Price Guide to the Occult** Leslye Walton,2018-03-13 From the author of The Strange and Beautiful Sorrows of Ava Lavender comes a haunting maelstrom of magic and murder in the lush, moody Pacific Northwest. When Rona Blackburn landed on Anathema Island more than a century ago, her otherworldly skills might have benefited friendlier neighbors. Guilt and fear instead led the island's original eight settlers to burn "the witch" out of her home. So Rona cursed them. Fast-forward one hundred-some years: All Nor Blackburn wants is to live an unremarkable teenage life. She has reason to hope: First, her supernatural powers, if they can be called that, are unexceptional. Second, her love life is nonexistent, which means she might escape the other perverse side effect of the matriarch's backfiring curse, too. But then a mysterious book comes out, promising to cast any spell for the right price. Nor senses a storm coming and is pretty sure she'll be smack in the eye of it. In her second novel, Leslye Walton spins a dark, mesmerizing tale of a girl stumbling along the path toward self-acceptance and first love, even as the Price Guide's malevolent author — Nor's own mother — looms and threatens to strangle any hope for happiness.

*Between the Lines* Michael Anthony, Joan F. Kaywell, 2016-09-23 Michael Anthony, 20-year reading workshop practitioner at the secondary level, and Joan Kaywell, acclaimed author and advocate for young adult literature in learning, present *Between the Lines*, a creative paradigm shift for the English Language Arts workshop classroom. In contrast to the traditional sustained silent reading and individual conferencing model, an impractical commitment for most teachers, BtL invites collaborative engagement and active inquiry among students as well as on-demand writing and integrated YA literature, all designed to support existing middle and secondary level ELA classroom curriculum instruction and national academic learning standards while empowering English educators toward improved student literacy achievement and the

creation of lifelong readers. The classroom activities, with student-friendly names like Book Chat Check and Pop Goes the Question, promote animated discussions in social learning contexts and produce writings supported by textual evidence from student selected texts. Clear step by step directions for facilitation and authentic models of resulting student writing are shared along with a standards-based lesson plan suitable for grades 6-12. Ongoing teacher/student journal conversations validate independent reader thought processes and provoke differentiated learning experiences. The book includes Common Core State Standards-based strategies for responding to students meaningfully and for inviting extensions beyond the book, motivating increasingly complex and connective writings. Sample dialogue journal entries are shared along with insightful commentary and practical analysis. Everything needed for implementing *Between the Lines* is contained within these pages, including a user friendly appendix filled with fully reproduceable classroom workshop materials, tips for reducing the teacher reading and writing loads, and suggestions for building an enviable classroom library stocked with award-winning adolescent literature.
