Che Guevara

Che Guevara Reader Che Guevara, 2003 The most comprehensive version of Che's writings available in English. Covering Che's writings on the Cuban revolutionary war, the first years of the revolution in Cuba and his vision for Latin America and the third world, it includes such classic essays as Socialism and Man in Cuba and Two, Three, Many Vietnams. Contains several unpublished articles, essays and letters, including a letter from Che to his children shortly before his death in Bolivia in 1967 and an essay, Strategy and Tactics for the Latin American Revolution.

Che Jon Lee Anderson, 2018-11-13 "A remarkable accomplishment, one that belongs next to such works of graphical history as the March series and Shigeru Mizuki's Showa books. By foregrounding the tension between myth and truth, Che illuminates the present state of our politics as well as the past." —NPR The graphic adaptation of the groundbreaking and definitive biography of Che Guevara Che Guevara's legend is unmatched in the modern world. Since his assassination in 1967 at the age of thirty-nine, the Argentine revolutionary has become an internationally recognized icon, as revered as he is controversial. As a Marxist ideologue who sought to end global inequality by bringing down the American capitalist empire through armed guerrilla warfare, Che has few rivals in the Cold War era as an apostle of revolutionary change. In *Che: A Revolutionary Life*, Jon Lee Anderson and José Hernández present the man behind the myth, creating a complex and human portrait of this passionate idealist. Adapted from Jon Lee Anderson's definitive masterwork, Che vividly transports us from young Ernesto's medical school days as a sensitive asthmatic to the battlefields of the Cuban revolution, from his place of power alongside Castro, to his disastrous sojourn in the Congo, and his violent end in Bolivia. Through renowned Mexican artist José Hernández's drawings we feel the bullets wing past the head of the young rebel in Cuba, we smell the thick smoke of his and Castro's cigars, and scrutinize his proud face as he's called Comandante for the first time. With astonishing precision, color, and drama, Anderson and Hernández's Che makes us a witness to the revolutionary life and times of Che Guevara.

Che Che Guevara, 2009 Director Steven Soderberg based his epic biopic on two classic diaries written by Che Guevara: *Reminiscences of the Cuban Revolutionary War* and *Bolivian Diary*. *Che: The Diaries of Ernesto Che Guevara* includes a section from each of these books, showing the young Argentine's evolution, in his own words, from the wide-eyed medical student of the Motorcycle Diaries era to the revolutionary hero the world knows as Che.

Guerrilla Warfare by Ernesto Che Guevara and on Guerrilla Warfare by Mao Tse-Tung Ernesto Che Guevara,Mao Tse-tung,2009-08-19 Guerrilla Warfare by Ernesto Che Guevara AND On Guerrilla Warfare by Mao Tse-tung written respectively by authors Ernesto Che Guevara & Mao Tse-tung is considered by many to be two of the most widely read books of all time. Che Guevara Jon Lee Anderson,2010-04-15 He became a myth in his own lifetime and an international martyr-figure upon his death; he was a revolutionary fighter, a military strategist, a social philosopher, an economist, a medical doctor, and a friend and confidant of Fidel Castro. Che Guevara's dream was an epic one - to unite Latin America and the rest of the developing world through armed revolution, and to end once and for all the poverty, injustice and petty nationalisms that had bled it for centuries. In the end Che failed in his quest but he is recognized as that one-in-a-million personality who just might have pulled it off. Jon Lee Anderson has been given unprecedented access to the Cuban Government's archives and has had total co-operation from Che's widow, Aleida March, who has never previously spoken for publication about her late husband. He has obtained hitherto unpublished documents, including several of Che's personal diaries and, in the course of his research, broke open a twenty-eight-year-old mystery - the whereabouts of Che's body in Bolivia. There is no doubt that this monumental work will stand as the definitive portrait of one of the twentieth century's most fascinating, yet largely unexplored, historical figures.

Guerrilla Warfare/ Che Guevara Che Guevara, 1997 Che Guevara, the larger-than-life hero of the 1959 revolutionary victory that overturned the Cuban dictatorship, believed that revolution would also topple the imperialist governments in Latin America. Che's call to action, his proclamation of invincibility-the ultimate victory of revolutionary forces-continues to influence the course of Latin American history and international relations. His amazing life story has lifted him to almost legendary status. This edition of Che's classic work *Guerrilla Warfare* contains the text of his book, as well as two later essays titled *Guerrilla Warfare: A Method and Message to the Tricontinental*. A detailed introduction by Brian Loveman and Thomas M. Davies, Jr., examines Guevara's text, his life and political impact, the situation in Latin America, and the United States' response to Che and to events in Latin America. Loveman and Davies also provide in-depth case studies that apply Che's theories on revolution to political situations in seven Latin American countries from the 1960s to the present. Also included are political chronologies of each country discussed in the case studies and a postscript tying the analyses together. This book will help students gain a better understanding of Che's theoretical contribution to revolutionary literature and the inspiration that his life and *Guerrilla Warfare* have provided to revolutionaries since the 1960s. This volume is an invaluable addition to courses in Latin American studies and political science.

Global Justice Ernesto Che Guevara, 2015-04-01 Is there an alternative to the neoliberal globalization that is ravaging our planet? These classic works by Ernesto Che Guevara present a revolutionary view of a different world in which human solidarity and understanding replace imperialist aggression and exploitation. Included in this book are: *Socialism and Man in Cuba* *Message to the Tricontinental: "Create two, three, many Vietnams"* *Speech in Algiers at the Afro-Asian solidarity conference* Ernesto Che Guevara was born in Argentina and traveled through Latin America before joining the Cuban revolutionary movement that toppled the Batista dictatorship in 1959. Although best known as a guerrilla fighter, this book shows Che as a profound thinker with a radical world view that still strikes a chord with young rebels in every country today.

Guerrilla Warfare Che Guevara, 2006 Che's insights are just as alive today as they were when he first wrote them down in 1960, and his work has been placed alongside that of Mao Tse-tung and Vo Nguyen Giap.—Latin America in Books Among Cuban revolutionary leaders, Ernesto 'Che' Guevara was unique in discerning that the Cuban Revolution could be a powerful influence in promoting insurgency elsewhere in Latin America.—American Historical Review Guevara's book is important in itself because of the personality of the author and his role in Latin-American affairs. But it is something more than an exercise by a prominent left-winger; it is an interesting document.—The Annals of The American Academy of Political and Social Sciences In this, the most famous book produced by the Cuban revolution, a charismatic guerrilla leader issues his manifesto on asymmetrical warfare and establishes the principles of waging a popular rebellion. The Argentine-born Marxist revolutionary Ernesto Che Guevara (1928-1967) outlines his theories on insurrection and discusses their application in Cuba and elsewhere. Guevara's essays remain remarkably relevant to the twenty-first century, and his example of dedication, commitment, and self-sacrifice continues to inspire freedom fighters around the world.
